MARKET REVIEW

Bond Market

Financial Year 2008-09 proved to be another volatile year for the bond market. The year began with a 40% rise in crude oil price in the quarter starting April 01, 08. This in turn pushed headline inflation from around 7.8% y-o-y on April 05, 2008 to 12.91% y-o-y on August 02, 2008 – its highest level in 15 years! The Reserve Bank of India (RBI) acted swiftly and raised the Cash Reserve Ratio six times to 9% between April 25, 2008 and August 29, 2008 to reduce liquidity from the banking system. It also raised the Repo Rate (the rate at which it injects liquidity in the banking system) by 125 basis points to 9% and made it a policy rate. In response to these rate hikes, the benchmark 10Y bond yield rose sharply from around 8% p.a. on April 01, 2008 to 9.45% p.a. on July 15, 2008 – a level not seen since October 31, 2001, amid fears of further tightening by the RBI, supply fears due to Government's off-balance sheet liabilities as well as rising uncertainties in the global financial markets. The month of September 2008 was crucial as money market assets came under severe pressure in the aftermath of the bankruptcy of Lehman Brothers. Over-night MIBOR jumped to around 12% p.a. to 15% p.a. from around 9% p.a. while 3 month CD rates touched 15.50% p.a. amid significant redemption pressure in the fixed income schemes of mutual funds. However, a reversal in the commodity and crude oil prices and timely intervention by the RBI in form of a series of rate cuts starting October 2008 and liquidity support to mutual funds helped them avert a crisis of confidence and ensure adequate liquidity. Second-half of the financial year witnessed a massive decline in government bond yields in the global markets as investors rushed to take shelter in safe-haven treasuries in the aftermath of the Lehman Brothers and AIG crises. The benchmark 10Y yield dropped below 5% p.a. intra-day on January 02, 2009 as the RBI reduced both the Cash Reserve Ratio and the Repo Rate by 400 basis points to 5% between October 01, 2008 and January 30, 2009. This year also witnessed a worsening of the federal deficit with the combined fiscal deficit likely to cross 10% of GDP on account of rising subsidies. The government had to battle slowing economic growth, declining tax revenue, depreciating rupee and steady FII outflow by borrowing twice as much as the scheduled government borrowing for F.Y. 08-09. The RBI helped the government by undertaking massive Quantitative Easing starting January 2009 to infuse liquidity in the banking system and keep the government borrowing costs in check. Going forward, the government will have to strike a balance between spending to support economic growth and the rising fiscal deficit on account of substantive subsidies and market borrowings, which may hamper the sentiment of market participants and may push up borrowing costs in the new financial year.

Equity Market

For the financial year 2008-2009, the BSE-30 index, the Sensex, declined 38.3% tracking global equity markets, as the financial sector crisis, and a steadily slowing global economy led to a bout of aggressive hedge-fund deleveraging. In India, rising risk aversion amongst Foreign Institutional Investors led to a sell-off in equities.

The fiscal year started on a positive note and Indian equities rallied in the month of April 2008 following healthy corporate earnings, and continued liquidity support for financial markets by central banks. Following this initial rally, the Sensex corrected sharply in the period May 2008 – November 2008, barring minor rallies in July 2008 and April 2008. Steadily rising oil and commodity prices, and sharp depreciation in the Indian Rupee led to rising inflation and a deteriorating fiscal situation. Additionally, the global financial crisis reached epic proportions when leading financial institutions either filed for bankruptcy, or were acquired at distress valuations. October 2008 alone saw the Sensex lose 23.9% of its value.

December 2008 saw a brief return of overseas institutional flows into the Indian markets. However, the market lost these gains in January 2009 as news of accounting fraud by a leading Indian information technology company early in the month led to a massive sell-off by already risk-averse investors. This correction continued through the month of February 2009, as investors reacted negatively to the interim budget presented by the Government of India, as well as continually slowing industrial growth. Finally, the month of March 2009 saw some strength return to the equity market, as domestic economic data began to show some signs of improvement.

The market correction through the fiscal year affected small and mid-cap stocks more severely than their larger counterparts. The BSE Small Cap Index declined 53.0% during the year, while the BSE Mid Cap Index declined 49.7% in the same period.

PERFORMANCE OF THE SCHEMES

EQUITY SCHEMES

DSP BlackRock Equity Fund

The scheme outperformed its benchmark (the S&P CNX Nifty Index) over the last financial year. The outperformance

was largely due the scheme's overweight position in the pharmaceuticals, FMCG and fertilizers sectors as well as the underweight position in capital intensive, infrastructure driven sectors. Higher levels of cash and cash equivalents for most of the year, and active asset allocation also helped the scheme outperform its benchmark.

As of May 15, 2009, the net assets of the scheme were Rs.1,006.06 crore.

DSP BlackRock Technology.com Fund

The scheme underperformed its benchmark (the BSE Teck Index) over the last financial year. The underperformance may be attributed to the scheme's overweight position in small- and mid-cap stocks, which underperformed the large-caps across sectors over the fiscal year.

As of May 15, 2009, the net assets of the scheme were Rs.62.69 crore.

DSP BlackRock Opportunities Fund

The scheme outperformed its benchmark (the S&P CNX Nifty Index) over the last financial year. The overweight position in defensive sectors such as pharmaceuticals and FMCG contributed to the scheme's outperformance relative to the benchmark. The scheme's higher level of cash and cash equivalents also positively impacted performance.

As of May 15, 2009, the net assets of the scheme were Rs.760.46 crore.

DSP BlackRock Top 100 Equity Fund

The scheme outperformed its benchmark (the BSE 100 Index) over the last financial year. The outperformance was largely due to its overweight position in defensive sectors such as FMCG and pharmaceuticals. The fund's active, tactical sector positioning and higher cash levels also aided performance.

As of May 15, 2009, the net assets of the scheme were Rs.1,301.11 crore.

DSP BlackRock India T.I.G.E.R. Fund (The Infrastructure Growth and Economic Reforms Fund)

The scheme outperformed its benchmark (the BSE 100 Index) over the last financial year. The outperformance was largely due to superior stock selection and tactical sector allocation through the year.

As of May 15, 2009, the net assets of the scheme were Rs.2,727.46 crore.

DSP BlackRock Small and Mid Cap Fund

The scheme outperformed its benchmark (the CNX Midcap Index) over the last financial year. The scheme's outperformance was due to its overweight position in the FMCG sector and the high level of cash and cash equivalents. Superior stock selection across sectors also aided the fund's performance.

As of May 15, 2009, the net assets of the scheme were Rs.486.30 crore.

DSP BlackRock Tax Saver Fund

The scheme outperformed its benchmark (the S&P CNX 500 Index) over the last financial year. The fund's performance can be attributed to the gradual build up of the overweight positions in the pharmaceuticals and FMCG sectors. Superior stock selection across sectors also aided the fund's performance.

As of May 15, 2009, the net assets of the scheme were Rs.458.01 crore.

DSP BlackRock Micro Cap Fund

The scheme outperformed its benchmark (the BSE Smallcap Index) over the last financial year. The scheme's performance can be attributed to its overweight position in the FMCG sector. Superior, bottom-up stock selection across sectors also aided performance.

As of May 15, 2009, the net assets of the scheme were Rs.160.78 crore.

DSP BlackRock Natural Resources and New Energy Fund

Since inception, the scheme outperformed its benchmark (Composite Benchmark comprising 30% BSE Metals, 35% BSE Oil & Gas and 35% MSCI World Energy Index). The scheme's performance can be attributed to superior stock selection across sectors as well as tactical fund positioning in overseas securities.

As of May 15, 2009, the net assets of the scheme were Rs.204.03 crore.

FUND OF FUND SCHEME

DSP BlackRock World Gold Fund

The scheme underperformed its benchmark, (the FTSE Gold Mines (cap) Index). The underperformance of the

scheme can be attributed to the underperformance of Platinum mining companies, which formed a part of the BGF – World Gold Fund for a large part of the year. In the last quarter of the year, the fund outperformed the benchmark as the managers of the BGF-WGF tactically reallocated funds between various precious metals.

As of May 15, 2009, the net assets of the scheme were Rs.1,780.87 crore.

HYBRID SCHEMES

DSP BlackRock Balanced Fund

The scheme has delivered -22.70% last year as compared to -21.53% by its benchmark (the CRISIL Balanced Fund Index) in the same period. The scheme's performance was contributed to its overweight position in the consumer and pharmaceutical sector, underweight position in the real estate, banking and infrastructure sector and the dynamic allocation between the bond and equity components of its portfolio.

As of May 15, 2009, the net assets of the scheme were Rs.463.26 crore.

DSP BlackRock Savings Manager Fund – Moderate

The scheme has been actively managing the equity component of the portfolio, in keeping with its prevailing outlook on the equity market. The fixed income component of the portfolio was largely invested in floating rate assets and shorter-tenor assets. The scheme has delivered 4.12% return in the last year as compared to 0.5% return by the benchmark CRISIL MIP Blended Index. The outperformance of the scheme is due to its higher exposure to floating rate assets as compared to the benchmark. Floating rate assets have outperformed money market assets in the first-half of the last year.

As of May 15, 2009, the net assets of the scheme were Rs.62.58 crore.

DSP BlackRock Savings Manager Fund – Aggressive

The scheme has been actively managing the equity component of the portfolio, in keeping with its prevailing outlook on the equity market. The fixed income component of the portfolio was largely invested in floating rate assets and shorter-tenor assets. The fund has delivered 4.23% return in the last year as compared to 0.5% return by the benchmark CRISIL MIP Blended Index. The outperformance of the scheme is due to its higher exposure to floating rate assets as compared to the benchmark. Floating rate assets have outperformed money market assets in the first-half of last year.

As of May 15, 2009, the net assets of the scheme were Rs.58.91 crore.

DSP BlackRock Savings Manager Fund – Conservative

The scheme has been actively managing the equity component of the portfolio, in keeping with its prevailing outlook on the equity market. The fixed income component of the portfolio was largely invested in floating rate assets and shorter-tenor fixed rate assets. The scheme has delivered 4.04% return in the last year as compared to 0.50% return by benchmark CRISIL MIP Blended Index. The outperformance of the scheme is due to its higher exposure to floating rate assets as compared to the benchmark. Floating rate assets have outperformed money market assets in the first-half of last year.

As of May 15, 2009, the net assets of the scheme were Rs.2.52 crore.

INCOME SCHEMES

DSP BlackRock Cash Manager Fund

The scheme witnessed healthy inflow in the first quarter of the year. However it faced huge outflow in the second quarter as market participants preferred to redeem from liquid funds amid risk aversion and to take advantage of high fixed deposit rates. The scheme has delivered 8.55% under its Institutional Plan as against 8.81% return by the CRISIL Liquid Fund Index. The scheme's underperformance against the benchmark is mainly due to higher asset allocation in floating rate assets than its benchmark and its positioning as an accrual fund as against its benchmark which is marked-to-market daily.

As of May 15, 2009, the net assets of the scheme were Rs.306.70 crore.

DSP BlackRock Liquidity Fund

The scheme witnessed healthy inflow in the first quarter of the year. However, it faced huge outflow in the second quarter as market participants rushed to redeem from liquid funds amid risk aversion and to take advantage of high fixed deposit rates. The scheme has delivered 8.29% p.a. under its institutional plan as against 8.81% return by the CRISIL Liquid Fund Index. The scheme's underperformance against the benchmark is mainly due to higher asset allocation in floating rate assets than its benchmark and its positioning as an accrual fund as against its benchmark which is marked-to-market daily.

As of May 15, 2009, the net assets of the scheme were Rs.418.80 crore.

DSP BlackRock Money Manager Fund

This category became quite popular among investors due to its liquid nature and better tax treatment relating to dividends. DSP BlackRock Money Manager Fund witnessed good growth of assets in the first three months of the year. However, rising inflation as well as tight liquidity conditions took a toll later in the year as investors redeemed from the fixed income schemes to take advantage of attractive fixed deposit rates. However, the scheme witnessed good inflows in the last quarter as investors preferred this scheme to take advantage of higher portfolio yield amid a declining interest rate scenario. The scheme has delivered 9.05% return under its Institutional Plan in last one year as compared to 8.81% return by the benchmark CRISIL Liquid Fund Index. The scheme's out-performance was mainly due to its higher allocation to floating rate assets as compared to the benchmark. Floating rate assets had outperformed money market assets during the first-half of the year.

As of May 15, 2009, the net assets of the scheme were Rs.2,166.01 crore.

DSP BlackRock Strategic Bond Fund

The scheme witnessed significant outflow during the first-half of the year as investors preferred to redeem from fixed income funds amid risk aversion during a period of rising interest rates. However, the scheme generated a lot of investor interest in the second-half of the year as it was repositioned predominantly as a bank asset portfolio with low duration. This repositioning resulted in significant inflow as investors preferred safety of bank assets over other fixed income asset classes. The scheme has delivered a return of 6.94% under its Regular Plan in the last year as against 7.35% by the benchmark CRISIL Bond Fund Index. The scheme's underperformance was mainly due to its positioning at the short-end of the money market yield curve while the benchmark holds high duration assets which out-performed during the period of declining interest rates in the second-half of the year.

As of May 15, 2009, the net assets of the scheme were Rs.1,630.09 crore.

DSP BlackRock Floating Rate Fund

The scheme witnessed healthy inflow in the last quarter of the year as investors rushed to take advantage of attractive short-term yield amid a declining interest rate scenario. The scheme has delivered a return of 9.45% under its Institutional Plan in last one year as compared to 8.81% return by the benchmark CRISIL Liquid Fund Index. The out-performance of the fund is mainly due to its high exposure to floating rate assets which outperformed its benchmark in the first-half of the year and its higher allocation to short-term corporate assets in the second-half of the year.

As of May 15, 2009, the net assets of the scheme were Rs.407.56 crore.

DSP BlackRock Short Term Fund

The scheme witnessed outflows last year as investors continued to shun short-term income funds as a category due to rising interest rates and widening corporate spreads in the first-half of the year. The scheme has delivered 8.51% return in last one year as compared to 8.81% return by the benchmark CRISIL Liquid Fund Index. The scheme has underperformed mainly due to higher exposure to floating rate assets as compared to its benchmark. Floating rate assets outperformed other fixed income assets in the first-half but underperformed in the declining interest rate regime in the second-half.

As of May 15, 2009, the net assets of the scheme were Rs.115.50 crore.

DSP BlackRock Bond Fund

This category witnessed significant inflow in the second-half of the financial year as investors rushed to take advantage of declining interest rates and prospects of tightening of corporate bond spreads. The scheme has delivered 10.64% return under its regular plan in the last year as compared to 7.35% return by the benchmark CRISIL Composite Bond Fund Index. The outperformance was mainly due to active duration management, asset allocation as well as trading in government bonds.

As of May 15, 2009, the net assets of the scheme were Rs.898.37 crore.

DSP BlackRock Government Securities Fund

This category witnessed significant inflow in the second-half of the financial year as investors rushed to take advantage of declining interest rates due to a series of rate cuts by the Reserve Bank of India.

DSP BlackRock Government Securities Fund – Plan A has delivered 23.12% return in last one year as compared to 14.99% return by the benchmark Long ICICI Securities Sovereign Bond Index (LIBEX). The outperformance was mainly due to active duration management, security selection as well as trading in government bonds.

The net assets of DSP BlackRock Government Securities Fund – Plan A were Rs.354.10 crore as on May 15, 2009.

DSP BlackRock Government Securities Fund – Plan B has delivered 6% return in last one year as compared to 12.29% return by the benchmark Short ICICI Securities Sovereign Bond Index (SIBEX). The underperformance of both plans is mainly due to lower duration profile as compared to the benchmark and relatively higher cash component in the scheme.

The net assets of DSP BlackRock Government Securities Fund – Plan B were Rs.10.73 crore as on May 15, 2009.

FUTURE OUTLOOK

Bond Market

The Indian economy has experienced a significant slowdown as turmoil in the global bond markets took a toll on some parts of the economy. However, timely intervention by the government in the form of additional spending and by the RBI in the form of massive rate cuts and liquidity injections seem to have helped the economy. But the extra expenditures have put a heavy burden on the government's finances. We believe that the bond market participants will have to navigate through high government borrowing this year amid prospects of rising bond yields as the RBI may be nearing the end of its rate cut cycle. We also believe that surplus liquidity in the banking system may stoke inflationary pressures towards the latter-half of the new financial year. We expect the yield curve to become flat next year as revival of economic activities may push short-term rates higher from their current low levels. The bond market may also witness more credit downgrades in the near-term in certain sectors due to factors such as lack of funding options, more losses in the asset book as well as higher leverage amid an uncertain economic environment.

Equity Market

Maintaining its stance on a lower interest rate regime, the Reserve Bank of India (RBI) in its annual credit policy reduced both the short-term lending (repo) as well as borrowing rates (reverse repo) by 25 basis points. This cut in rates, along with low inflation is likely to ease the flow of credit and help in reviving economic growth.

We remain positive on the Indian equity markets over the long-run as India continues to be a largely domestic economy with inherent demographic advantages that would be the key drivers of the Indian economy. However, we expect markets to remain volatile given the uncertainty in the global macroeconomic scenario and flow of risk capital between the developed and emerging markets.

Earnings growth is likely to pick up towards the second half of the year as the economy benefits from falling interest rates, low inflation, a fuller effect of the stimulus packages and a stronger thrust on public spending and infrastructure development. India's expected GDP growth of approximately 6.0% p.a. over the next two years, principally driven by domestic consumption, remains attractive against a backdrop of sluggish global growth.

2. BRIEF BACKGROUND OF SPONSORS, TRUST, TRUSTEE COMPANY AND AMC

On account of the global merger of the investment management businesses of Merrill Lynch and BlackRock Inc., a change in shareholding of the AMC and Trustee Company was effected on November 03, 2008, wherein the stake of DSP Merrill Lynch Ltd., in the AMC and the Trustee Company was transferred to BlackRock Advisors Singapore Pte. Ltd., a wholly owned subsidiary of BlackRock Inc., resulting in change of name of the AMC, Trustee Company, DSPBRMF and the schemes of DSPBRMF.

A. DSP BlackRock Mutual Fund

DSP BlackRock Mutual Fund (**DSPBRMF or the Fund**) (previously known as DSP Merrill Lynch Mutual Fund) was set up as a Trust on 16th December, 1996, with DSP BlackRock Trustee Company Pvt. Ltd. 4. SIGNIFICANT ACCOUNTING POLICIES

Accounting policies are in accordance with Securities Exchange Board of India (Mutual Fund) Regulations 1996.

5. INVESTOR SERVICES

During the year, the AMC continued to provide quality services and facilities to investors. The AMC has fully enhanced its systems to provide redemption and dividend proceeds electronically through RTGS/NEFT facility of RBI as this will help investors to reduce their dependency on cheques.

We advise investors to check their statements regularly and especially for any dividend or redemptions not realised by them and approach the AMC or the registrar for claiming the same.

While the volumes have remained lacklustre due to market sentiments, the AMC has taken suitable measures to enhance processes and controls with an endeavour to provide quality services to customers and continuously reduce customer complaints.

During the year AMC branch in Surat moved to new premises and its Registrars & Transfer Agents (CAMS) increased their reach to 184 locations in the country to cater to investors in various cities.

We encourage investors to provide their valuable feedback by email at service@dspblackrock.com or call telephone numbers 1800 345 4499 or 044 3048 2855.

6. UNCLAIMED DIVIDENDS AND REDEMPTION AMOUNTS

Investors are requested to reconcile their bank account statements with the account statements sent by DSPBRMF and contact the AMC in case of any non receipt of dividend / redemption proceeds.

7. STATUTORY DETAILS

DSP BlackRock Mutual Fund (the Fund) was set up as a Trust and the settlers/sponsors are DSP ADIKO Holdings Pvt. Ltd. & DSP HMK Holdings Pvt. Ltd. (collectively) and BlackRock Inc. The Trustee and Investment Manager to the Fund are DSP BlackRock Trustee Company Pvt. Ltd. and DSP BlackRock Investment Managers Pvt. Ltd. respectively. The Sponsors are not responsible or liable for any loss resulting from the operation of the Schemes of the Fund beyond their initial contribution (to the extent contributed) of Rs. 1 lakh for setting up the Fund, and such other accretions/additions to the same.

The price and redemption value of the units, and income from them, can go up as well as down with fluctuations in the market value of its underlying investments.

Full Annual Report shall be available for inspection at the Head Office of the mutual fund. On written request, present and prospective unit holder/investor can obtain copy of the trust deed, the full Annual Report of the Fund / AMC at a price.

Investors are requested to furnish the details of their bank account, if not already submitted, to the Fund/AMC as SEBI has made it mandatory to mention the bank account details on the redemption / dividend cheques. You will appreciate that this measure is in the interest of the investors as it is intended to prevent fraudulent encashment of cheques.

ACKNOWLEDGEMENTS

The Trustees wish to thank the Government of India, the Securities and Exchange Board of India (SEBI), the Reserve Bank of India (RBI), and the Association of Mutual Funds in India (AMFI) for their support and directions.

The Trustees would also like to thank the Fund's Auditors, Custodian, Registrar & Transfer Agent, Bankers, Distributors, Brokers and all other service providers for their valuable support.

The Trustees also wish to thank all unit holders for their strong support.

- o DSP BlackRock FMP - 6 M Series – 7.

We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We report that:

- i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.
- ii. The balance sheets, revenue accounts and cash flow statement, where applicable, dealt with by this report are in agreement with the books of account.
- iii. In our opinion, the balance sheet and revenue accounts dealt with by this report have been prepared in conformity with the accounting policies and standards specified in the Ninth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 ('the SEBI Regulations').

DSP BLACKROCK MUTUAL FUND (FORMERLY DSP MERRILL LYNCH MUTUAL FUND)
SCHEDULES FORMING PART OF THE ABRIDGED BALANCE SHEET AS AT MARCH 31, 2009 AND THE
ABRIDGED REVENUE ACCOUNT FOR THE PERIOD APRIL 1, 2008 / LAUNCH OF THE SCHEME TO MARCH 31, 2009

ABRIDGED NOTES TO ACCOUNTS**1. Organisation**

In conformity with Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 (the Regulations), DSP BlackRock Investment Managers Private Limited has been set up to act as the Asset Management Company (AMC) to DSP BlackRock Mutual Fund (Fund) (formerly DSP Merrill Lynch Mutual Fund). In terms of the Investment Management Agreement (IMA) dated December 16, 1996, as amended by supplementary IMA dated November 03, 2008 entered into between DSP BlackRock Trustee Company Private Limited (Trustee) (formerly DSP Merrill Lynch Trustee Company Private Limited) and the AMC, the AMC has been appointed as the Investment Manager to the Schemes of the Fund.

On November 03, 2008, the name of the AMC was changed from DSP Merrill Lynch Fund Managers Limited to DSP BlackRock Investment Managers Limited. Further, with effect from May 27, 2009, the Company was converted from a Public Limited Company to a Private Limited Company and consequently the name was changed from DSP BlackRock Investment Managers Limited to DSP BlackRock Investment Managers Private Limited.

Shareholding and Sponsor Change

On November 03, 2008 BlackRock Advisors Singapore Pte. Ltd., a wholly owned subsidiary of BlackRock Inc. (BlackRock) acquired the entire 40% stake held by DSP Merrill Lynch Limited (DSPML) in the AMC and 49% stake in the Trustee company. The balance 60% stake in the AMC and 51% stake in the Trustee Company continue to be with DSP ADIKO Holdings Private Limited, DSP HMK Holdings Private Limited and Mr. Hemendra Kothari in the case of the AMC, and Mr. Hemendra Kothari in the case of the Trustee Company. DSPML ceased to be a sponsor of the Fund and BlackRock has become a co-sponsor of the Fund, through its wholly owned subsidiary, BlackRock Advisors Singapore Pte. Ltd.
