PROCEDURE AND MANNER OF RECORDING INVESTMENT DECISIONS

The fund managers carry out daily investment activities within the framework of SEBI guidelines in accordance with the investment objectives.

All investment decisions are recorded and documented in the format approved by the Boards of the AMC and Trustee and are monitored on a test- check basis by the Trustee Auditors. The fund manager continuously monitors all investment decisions and their impact on the performance of the schemes and carries out suitable adjustment on periodic intervals. Adherence to overall risk parameters is monitored by the Chief Investment Officer/ MD & CEO on a regular basis. The Boards of AMC and Trustee review the performance of the schemes in comparison with schemes of other mutual funds (with similar investment objective and asset profile generally) and benchmark of the scheme.

V. RISK FACTORS

1. Standard Risk Factors

a) Standard Risk Factors for investments in Mutual Fund:

1. Investment in mutual fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk, including the possible loss of principal.
2. As the price / value / interest rates of the securities in which the Scheme invest fluctuates, the value of your investment in the Scheme may go up or down. In addition to the factors that affect the value of individual investments in the Scheme, the NAV of the Scheme can be expected to fluctuate with movements in the broader equity and bond markets and may be influenced by factors affecting capital and money markets in general, such as, but not limited to, changes in interest rates, currency exchange rates, changes in Governmental policies, taxation, political, economic or other developments and increased volatility in the stock and bond markets.
3. Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
4. The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
5. The Sponsors are not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1 lakh made by it towards setting up the Mutual Fund.
6. The present Scheme is not a guaranteed or assured return Scheme.
7. The Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing Regulations. Investors should note that the risk factors of the underlying schemes must be treated as risk factor of the investing schemes. As per the Regulations, no investment management fees will be charged for investments made in the schemes managed by the same AMC.

Additional Geopolitical Risk Factors for Investors:

1. Political Risk

Investments in mutual fund Units in India may be materially adversely impacted by Indian politics and changes in the political scenario in India either at the central, state or local level. Actions of the central government or respective state governments such as delays or changes in the development of conducive policy frameworks & other such actions / inactions could have a significant effect on the Indian economy, which could affect companies, general business and market conditions, prices and yields of securities in which the Scheme invest. The occurrence of external tensions could also adversely affect the political and economic stability of India and consequently have an impact on the securities in which the Scheme invests.

2. Economic Risk

A slowdown in economic growth or macro-economic imbalances such as the increase in central and state level fiscal deficits may adversely affect investments in the country. The underlying growth in the economy is expected to have a direct impact on the volume of new investments in the country.

3. Foreign Currency Risk

The Scheme is denominated in Indian Rupees (INR) which is different from the home currency for Foreign Investors in the mutual fund Units. The INR value of investments when translated into home currency by Foreign Investors could be lower because of the currency movements. The AMC does not manage currency risk for foreign investors and it is the sole responsibility of the Foreign Investors to manage or reduce currency risk on their own. The Sponsor/Fund/Trustees/AMC are not liable for any loss to Foreign Investors arising from such changes in exchange rates.

4. Convertibility and Transferability Risk

In the event capital and exchange controls are imposed by the government authorities, it would prevent Foreign Investors' ability to convert INR into home currency and/or transfer funds outside India. The convertibility and transferability of INR proceeds into home currency is the responsibility of the Foreign Investors.

Risk of substantial redemption:

The Scheme(s) at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to lower realization of profits, realignment of the portfolio and thus consequently resulting in investing in lower yielding instruments.

Further, the liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods. Settlement periods may be extended significantly by unforeseen circumstances beyond the influence of the AMC. The inability of the Scheme to sell intended securities due to liquidity & settlement problems, could thus cause delay for processing the large number of redemptions.

The Trustee, in the general interest of the Unit holders of the Schemes offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Working Day depending on the total "Saleable Underlying Stock" available with the Fund.

b) Risk factors of not maintaining average AUM of Rs. 20 crores on half yearly rolling basis (Applicable only for open ended debt oriented schemes)

All Open ended debt schemes are required to be compliant with the requirement of maintaining minimum Average AUM of Rs. 20 crores on half yearly rolling basis. In case of non-compliance with the SEBI directives of maintaining the minimum AUM, the Asset Management company (AMC) has to scale up the AUM within a period of six months, failing which the board may ask the AMC to wind up the scheme.

c) Risks associated with investment in derivatives and different derivative strategies

The Schemes may use various derivative instruments like Equity derivatives, Index derivatives, Interest Rate Swaps, Forward Rate Agreements or other derivative instruments as permitted by SEBI from time to time for the purpose of investments, hedging, portfolio balancing or other strategies as permitted under the regulations, guidelines and offer document of the Scheme.

Usage of derivatives exposes the Scheme to certain risks inherent to such derivative instruments & strategies.

Risks associated with Trading in Equity Derivatives and strategies

Equity derivatives may be used to deploy strategies like Hedging strategy, Arbitrage strategy, Leverage strategy, Covered call writing strategy, Investment & portfolio balancing strategy.

A. Risks associated with investments in Equity Derivatives:

Derivatives require the maintenance of adequate controls to monitor the transactions and the embedded market risks that a derivative adds to the portfolio. Besides the price of the underlying asset, the volatility, tenor and interest rates affect the pricing of derivatives. There may be additional cost attached to buying futures or other derivative instrument. Further there could be an element of settlement risk, which could be different from the risk in settling physical shares

Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme.

Some of the other risks in using derivatives include but are not limited to:

- Counterparty Risk - this occurs when a counterparty fails to abide by its contractual obligations and therefore, the Schemes are compelled to negotiate with another counter party, at the then prevailing (possibly unfavourable) market price. For exchange traded derivatives, the risk is mitigated as the exchange provides the guaranteed settlement but one takes the performance risk on the exchange.
- Market Liquidity risk where the derivatives cannot be transacted at prices that reflect the underlying assets, rates and indices.

- Model Risk, the risk of mis-pricing or improper valuation of derivatives.
- Basis Risk arises when the instrument used as a hedge does not match the movement in the instrument/ underlying asset being hedged.

The risks may be inter-related therefore besides the price of the underlying, the tenor, the volatility & interest rates may influence the prices of the derivative instruments.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the investment manager to identify such opportunities. Identification and execution of the strategies to be pursued by the investment manager involve uncertainty and decision of investment manager may not always be profitable. No assurance can be given that the investment manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Derivative trades involve execution risks, whereby the rates seen on the screen may not be the rate at which ultimate execution takes place.

- The option buyer's risk is limited to the premium paid.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- Risk of loss in trading in futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and potential high volatility of the futures markets.

Risks associated with investments in Equity Derivatives strategies:

The Scheme may use derivative strategies for efficient portfolio management or generating best returns for the investors. The schemes may also attempt to hedge or reduce the risk by deploying various derivative strategies.

The Scheme's ability to use these strategies may be limited by market conditions, regulatory limits and tax considerations (if any). The use of these strategies is further dependent on the ability to predict movements in the prices of securities being hedged and movements in various macro variables such as interest rates, others. Further there exists an imperfect correlation between the derivative instrument and the underlying securities or market sectors being hedged. Thus, due to this inherent risk these strategies if imperfectly used have the risk of the Scheme not realising the maximum gains or incurring losses due to mismatches particularly in a volatile market.

There could be possible absence of a liquid market for any particular instrument at any particular time even though the futures and options may be bought and sold on an exchange.

Further the returns from the types of derivative strategies in which the scheme invests may underperform the returns of broader securities markets, respective scheme benchmark or other asset classes where scheme are permitted to invest. Different types of strategies tend to go through cycles of out-performance and under-performance in comparison of securities markets and may thus result in underperformance by the schemes.

B. Risks associated with trading in Debt Derivatives:

The Schemes may use derivatives instruments like Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced from time to time for the purpose that may be permitted by SEBI Mutual Fund Regulations from time to time.

Risks associated with investments in Debt Derivatives:

The risk associated with investments in debt derivatives are similar to the “Risks associated with investments in Equity Derivatives” mentioned above.

Risks associated with investments in Debt Derivatives strategies:

Some additional risk related to some debt derivative strategies are as following:

1. Risks associated with Interest Rate Swaps and Forward Rate Agreements

Interest rate swap is a strategy in which one party exchanges a stream of interest for another party's stream. Interest rate swaps are normally 'fixed against floating', but can also be 'fixed against fixed' or 'floating against floating' rate swaps.

The risk arising out of uses of the above derivative strategy are as under:

- ☐ Lack of opportunities available in the market.
- ☐ The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

2. Risk associated with imperfect hedging using interest rate futures:

An Interest Rate Futures is an agreement to buy or sell a debt instrument at a specified future date at a price that is fixed today. Interest Rate Futures are Exchange traded. These future contracts are cash settled.

Perfect Hedging means hedging the underlying using IRF contract of same underlying.

Imperfect hedging means the underlying being hedged and the IRF contract has correlation of closing prices of more than 90%.

In case of imperfect hedging, the portfolio can be a mix of:

- i) Corporate Bonds and Government securities or
- ii) Only Corporate debt securities or
- iii) Only government securities with different maturities

Risk associated with imperfect hedging includes:

Basis Risk: The risk arises when the price movements in derivative instrument used to hedge the underlying assets does not match the price movements of the underlying assets being hedged. Such difference may potentially amplify the gains or losses, thus adding risk to the position.

Price Risk: The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Risk of mismatch between the instruments: The risk arises if there is a mismatch between the prices movements in derivative instrument used to hedge, compared to the price movement of the underlying assets being hedged. For example when IRF which has government security as underlying is used, to hedge a portfolio that contains corporate debt securities.

Correlation weakening and consequent risk of regulatory breach: SEBI Regulation mandates minimum correlation criterion of 0.9 (calculated on a 90 day basis) between the portfolio being hedged and the derivative instrument used for hedging. In cases where the correlation falls below 0.9, a rebalancing period of 5 working days has been permitted. Inability to satisfy this requirement to restore the correlation level to the stipulated level, within the stipulated period, due to difficulties in rebalancing would lead to a lapse of the exemption in gross exposure computation. The entire derivative exposure would then need to be included in gross exposure, which may result in gross exposure in excess of 100% of net asset value.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the investment manager to identify such opportunities. Identification and execution of the strategies to be pursued by the investment manager involve uncertainty and decision of investment manager may not always be profitable. No assurance can be given that the investment manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

C. Risk Factors Associated with Investments in Exchange Traded Commodity Derivatives (ETCD) of various commodities:

The Scheme may invest in commodities markets as permitted under various regulations and may therefore have investment exposure to the commodities markets and one or more sectors of the commodities markets, which may subject the Scheme to greater volatility than investments in traditional securities, such as stocks and bonds. Volatility in the commodities markets may be caused by changes in overall market movements, domestic and foreign political and economic events and policies, war, acts of terrorism, changes in domestic or foreign interest rates and/or investor expectations concerning interest rates, domestic and foreign inflation rates, investment and trading activities of mutual funds, hedge funds and commodities funds, and factors such as drought, floods, weather, livestock disease, embargoes, tariffs and other regulatory developments, or supply and demand disruptions. Because the Scheme's performance is linked to the performance of volatile commodities, investors should be willing to assume the risks of potentially significant fluctuations in the value of the Scheme's shares.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of investment strategies depends upon the ability of the fund manager(s) to identify such opportunities which may always not be available. Identification and execution of the strategies to be pursued by the fund manager(s) involve uncertainty and decision of fund manager(s) may not always be profitable. No assurance can be given that the fund manager(s) will be able to identify or execute such strategies.

The AMC within the regulatory guidelines and room given in Scheme information document, may use derivative on commodities (like Futures and Options). The use of derivatives may affect the performance of the scheme

Systemic risks which may be witnessed while trading in Indian Commodities Market are Liquidity risk, Price risk in terms of volatility, Exchange Risk and counterparty risks.

- i. **Liquidity Risk:** While ETCDs that are listed on an exchange carry lower liquidity risk, the ability to sell these contracts is limited by the overall trading volume on the exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes of the ETCD contracts in which it invests. Additionally, change in margin requirements or intervention by government agencies to reduce overall volatility in the underlying commodity could lead to adverse impact on the liquidity of the ETCD.
- ii. **Price risk:** ETCDs are leveraged instruments hence, a small price movement in the underlying security could have a large impact on their value. Also, the market for ETCDs is nascent in India hence, arbitrages can occur between the price

of the physical commodity and the ETCD, due to a variety of reasons such as technical issues and volatile movement in the price of the physical good. This can result in mispricing and improper valuation of investment decisions as it can be difficult to ascertain the amount of the arbitrage.

- iii. **Settlement risk:** ETCDs can be settled either through the exchange or physically. The inability to sell ETCDs held in the Schemes' portfolio in the exchanges due to the extraneous factors may impact liquidity and would result in losses, at times, in case of adverse price movement. Wherein the underlying commodity is physically delivered in order to settle the derivative contract, such settlement could get impacted due to various issues, such as logistics, Government policy for trading in such commodities.
- iv. If the Commodities futures position passes its last square off date or the 'Intention' is missed to be provided before the Delivery Intention period, the buyer or the seller will be allocated delivery of the commodity. Thus, there emerges a risk of holding goods in physical form at the warehouses. Though the commodity is inclusive of insurance cost, there is a small deductible in each claim which is not payable by the Insurance company.

Risks associated with investments in ETCDs strategies:

The Scheme may use derivative strategies for efficient portfolio management or generating best returns for the investors. The schemes may also attempt to hedge or reduce the risk by deploying various derivative strategies.

The Scheme's ability to use these strategies may be limited by market conditions, regulatory limits and tax considerations (if any). The use of these strategies is further dependent on the ability to predict movements in the prices of securities being hedged and movements in various macro variables such as interest rates, others. Further there exists an imperfect correlation between the derivative instrument and the underlying securities or market sectors being hedged. Thus, due to this inherent risk these strategies if imperfectly used have the risk of the Scheme not realising the maximum gains or incurring losses due to mismatches particularly in a volatile market.

There could be possible absence of a liquid market for any particular instrument at any particular time even though the futures and options may be bought and sold on an exchange.

Further the returns from the types of derivative strategies in which the scheme invests may underperform the returns of broader securities markets, respective scheme benchmark or other asset classes where scheme are permitted to invest. Different types of strategies tend to go through cycles of out-performance and under-performance in comparison of securities markets and may thus result in underperformance by the schemes.

D. Other risk factors (viz. Swing pricing, investment in CDMDF, LRM etc.)

Backstop facility in form of investment in Corporate Debt Market Development Fund (CDMDF):

CDMDF is set up as a scheme of the Trust registered as an Alternative Investment Fund ('AIF') in accordance with the SEBI (Alternative Investment Funds) Regulations, 2012 ("AIF Regulations"). The objective of the CDMDF is to help to develop the corporate debt market by providing backstop facility to instill confidence amongst the market participants in the corporate debt/bond market during times of market dislocation and to enhance the secondary market liquidity. In times of market dislocation, CDMDF shall purchase and hold eligible corporate debt securities from the participating investors (i.e., specified debt-oriented MF schemes to begin with) and sell as markets recover. The CDMDF will thus act as a key enabler for facilitating liquidity in the corporate debt market and to respond quickly in times of market dislocation. The trigger and period for which the backstop facility will be open shall be as decided by SEBI. Thus this backstop facility will help fund managers of the respective DSP Schemes to better generate liquidity during market dislocation to help the schemes fulfill liquidity obligations under stress situation.

Mandatory liquidity requirement under the Liquidity Risk Framework mandated by SEBI:

The Investment Manager adopts the Liquidity Risk Management framework mandated for open ended debt schemes by SEBI and AMFI which helps estimates liquidity requirement by determining liquidity risk arising from the liability side and tries to covers all potential liquidity risk scenarios up to agreed confidence interval and has mandated remedial measures both for managing the risk on an ongoing basis (LRaR & LCRaR) as well as action plan in case there is a difference between actual outcome and projected outcome. Investors can refer to the circular 135/ BP/93/ 2021-22 dated July 24, 2021 and subsequent circulars for detail understanding on the Liquidity Risk Management Framework.

Further Investment manager also evaluates and monitors the Asset Liability Mismatch (ALM) which addresses the gap in the estimated potential liquidity requirement over a 90-day period and schemes investment / assets liquidity to meet the potential requirement and best ensures that scheme has necessary liquidity to meet its liability obligations.

Investors may note that the minimum investment made by the schemes pursuant to the circular / regulation in compliance with the Corporate Debt Market Development Fund (CDMDF) circular & Liquidity Risk Management framework (LRM) circular mandated by the SEBI may not perform in line with other investment and the investment objective of the schemes and the AMC will not have the option to alter the said investments.

Risk associated with Swing Pricing:

The Investment Manager has a Swing Pricing framework in place for open ended debt schemes to help in case of severe liquidity stress at an AMC level or a severe dysfunction at market level, the Swing Pricing offers the contingency plan in case of extreme exigencies. Investors are requested to review Section IX. "D. Information pertaining to Investments by the Schemes of the Fund" of this document for applicability of Swing pricing to concerned schemes of the fund. It is to be noted that in case of applicability of the swing pricing the realization of the redemption proceeds would be subject to swing factor applicable for the investors transaction.

2. Special Considerations

- Subject to the SEBI (MF) Regulations, funds managed by the /associates of the Sponsors may invest either directly or indirectly in the Scheme and may acquire a substantial portion of the Scheme Units and collectively constitute a majority investor in the Scheme. Accordingly, redemption of Units held by such funds may have an adverse impact on the value of the Units of the Scheme because of the timing of any such redemption and may impact the ability of other Unit Holders to redeem their respective Units.
- As the liquidity of the Scheme investments may sometimes be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for redemption of Units may be significant in the event of an inordinately large number of redemption requests or of a restructuring of the Scheme portfolios. In view of this, the Trustee has the right, in its sole discretion, to limit redemptions under certain circumstances.
- Neither the SID and SAI, nor the Units have been registered in any jurisdiction. The distribution of the SID in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of the SID and the SAI in such jurisdictions are required to inform themselves about, and to observe, any such restrictions. No person receiving a copy of the SID or any accompanying application form in such jurisdiction may treat the SID or such application form as constituting an invitation to them to subscribe for Units, nor should they in any event use any such application form, unless in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance of any registration or other legal requirements.
- Investment decisions made by the Investment Manager may not always be profitable.
- The AMC provides investment management and trade execution related services to offshore sovereign funds. VI. HOW TO APPLY?

A. Purchase

1. New investors can purchase units by using an application form or through such other modes as may be offered by the AMC, subject to KYC and various requirements and documents. Existing unit holders may use the transaction slip attached to their account statement or use a Common Transaction Form or through such other modes as may be offered by the AMC. Application forms or common transaction forms are generally available at the official points of acceptance of transactions during the business hours. The same can also be downloaded from the website of the Mutual Fund, www.dspim.com.
2. The duly completed application form/transaction slip/common transaction form, as the case maybe, can be submitted at any of the official points of acceptance of transactions. The official point of acceptance of transaction will stamp, and return the acknowledgement slip in the application form, to acknowledge receipt of the application, subject to verification. No other form of acknowledgement will be provided. Investors should retain the acknowledgement evidencing submission of the transaction till they receive a confirmation of acceptance or rejection of transaction. In case of difference of details in acknowledgement vis a vis actual transaction document, the details as mentioned on transaction document will prevail.
3. Investors should mandatorily use the Application Forms, Transactions Request, SIP/STP/SWP forms included in the KIM and other standard forms available at the ISCs/www.dspim.com, for any financial/non-financial transactions. Any transactions received in any non-standard forms are liable to be rejected. Further, any transaction or request received on a non-standard form or document not specified by the Fund will still be governed and subject to terms and conditions of the standard forms and scheme related documents. Investor using application form/ transaction request for financial/ non-financial transactions not provided by the Fund declare that they have read and understood the contents of the Scheme Information Document and Statement of Additional Information, Key Information Memorandum, instructions and addenda issued by DSP Mutual Fund from time to time. Any transactions request received with incomplete information are liable to be rejected or may be processed at the sole discretion of the AMC.
4. The AMC/Registrar may open or close offices/ISCs or change address of an office from time to time. Investors may obtain latest addresses of Official Points of Acceptance of Transactions from the relevant SID or by calling the AMC/Registrar or available on the website of the Mutual Fund i.e. www.dspim.com. Investors are requested to note that no transaction shall be accepted on a day which is a public and /or bank holiday or non-business days or local holiday at an Investor Service Centre/ Official Points of Acceptance of Transaction.
5. Investors should provide details/instructions only in the space provided in the relevant form in CAPITAL case and in English language. Further, any details/notings/information/instruction provided at a non-designated area of the standard form being used, or any additional details for which space is not designated in the standard form, may not be executed by the AMC. If the details are not mentioned clearly or in capital case, the AMC will endeavour to capture client and transaction details on a best effort basis and will not be liable towards data entry errors due to illegible or unclear handwriting. Hence, investors should check all details as mentioned in the Account Statement or request for a Statement of Account Registration Details (SACRED) to verify details and approach the AMC for any corrections within 15 days from the date of application
6. Facility of transactions is available on the official website www.dspim.com for selected Schemes of DSP Mutual Fund. Accordingly, the said website will also be considered as an official point of acceptance for applications for subscriptions, redemptions, switches and other available facilities as the case may be.
7. The Trustees shall have absolute discretion to reject any application for purchase of Units, if in its opinion, increasing the size of the Unit Capital is not in the general interest of the Unit Holders, or if for any other reason it does not believe it would be in the best interest of the Scheme or its Unit Holders to accept such an application.
8. Applicants have to specify the “mode of holding” in the application form. If an application is made by:

- i. one investor, the mode of holding will “Single”;
 - ii. more than one investor (maximum three permitted), the mode of holding should be specified as “Joint” or “Anyone or Survivor”. If the mode of holding is specified as “Joint”, all transactions/instructions will have to be signed by all joint holders, while for mode of holding specified as “Anyone or Survivor”, all transactions/instructions may be signed by anyone of the Unit holders. If the mode of holding is not specified or is ambiguous, it will be treated as “Joint”, where there is more than one holder. With respect to Units held in demat mode, the rules of Depository for operation of such DP account shall be applicable. Request for nomination needs to be signed by all unit holders jointly, irrespective of “mode of holding”.
9. In all cases, proceeds of redemption will be paid to the first-named holder (as determined by reference to the original application form). Further, the first named holder shall receive the account statements, all notices and correspondences with respect to the account, or IDCW or other distributions and also have the voting rights, as permitted, associated with such units.
 10. The proceeds towards redemptions and IDCW will be despatched by a reasonable mode of despatch like courier, Speed post, etc. in case of cheque/ demand draft or directly credited to the bank account (as per the details mentioned by the investor), entirely and solely at the risk of the investor. The Mutual Fund will endeavour to remit redemption proceeds via electronic means, as made available by RBI. Where such electronic means are not available or feasible under any circumstances, the Mutual Fund will remit the redemption proceeds by way of cheques. The investor will not hold the Mutual Fund or the AMC or the Registrar responsible for any non-receipt or delay of receipt of redemption & IDCW proceeds due to any negligence or deficiency in service by the courier company, postal authorities or the bank executing direct credits, or due to incorrect bank account details provided by the investor.
 11. Investors must clearly specify schemes/plans/options /sub-option in the application form and ensure that the form is accompanied by a cheque/demand draft/account to account transfer instruction, bank acknowledgement favouring schemes/plans/options/sub-option. In case of ambiguity or any discrepancy, the application is liable to be rejected or default plan/ option may be applied for allotment of the Units at the sole discretion of the AMC.
 12. Where the Scheme name as written on the application form and on the payment instrument differs, the proceeds may, at the discretion of the AMC be allotted in the Scheme as mentioned on the application form.
 13. It is mandatory for all applicants/investors (including guardians, joint holders, NRIs and power of attorney holders) to mention their bank account No., permanent account number (PAN) irrespective of the amount of purchase in the application form. In order to verify that the PAN of the applicants (in case of application in joint names, each of the applicants) has been duly and correctly quoted therein, the applicants shall attach along with the purchase application, a photocopy of the PAN card or KYC status from KRA website).
 14. Investments through micro investments, i.e. lump sum investment (fresh purchase & additional purchase) for amount less than Rs. 50,000/- (Rupees fifty thousands) or SIP instalments by an investor in rolling 12 months period or financial year i.e. April to March less than Rs. 50,000/- (Rupees fifty thousands) are exempt from the requirement of PAN. The PAN exemption for these investments will be applicable only to investments by individuals (Including Non Resident Indian (NRIs), Joint holders, minors acting through guardian and sole proprietary firms). However, KYC is mandatory for such investments. The investors can apply for a PAN exempt KYC.
 15. Investors residing in the state of Sikkim are exempt from the mandatory requirement of PAN, subject to the AMC verifying the veracity of the claim of the investors that they are residents of Sikkim, by collecting sufficient documentary evidence including KYC.
 16. Applications are liable to be rejected without any intimation to the applicants, if KYC requirements are not complied with by all the applicants, KYC acknowledgement is not enclosed or any of the additional details are not mentioned for any of the applicant at the time of purchase or if the KYC details are not updated in the existing folio for all unitholders, including guardian. In case where the KYC application is given along with the purchase/switch and where the purchase/switch is processed based on KYC application or based on KYC status as In-Process, the purchase/switch may be rejected in case the KYC is subsequently rejected or is on Hold. In case of such rejections, refund of the subscription amount without any interest would be made to the investor within 05 business

days from the date of rejection / reversals.

- 17.** Investors should mention the correct Tax Status which should correspond to the 4th Character convention of the PAN issued by the Income Tax Department. In case the Tax Status provided by the investor does not correspond to the 4th character convention of PAN, then the status as per the PAN 4th character would be updated in the investor folio.
- 18.** Investors are requested to note that there can be only tax status, either Resident (RI) or Non Resident (NRI) against a single PAN. There cannot be different tax status for different folios for the same investor, same PAN. In case the existing tax status in a folio is NRI and the investor makes a new investment with tax status as RI, the new investment will be processed with tax status as NRI. Similarly, if the existing status in a folio is RI and the investor makes a new purchase with tax status as NRI, the tax status of the existing RI folio will be changed to NRI. In case of any change in tax status, Investors should submit a request for change of tax status request before submitting the new investment to avoid any inconvenience. The AMC reserves the right to reject or reverse & reprocess the transactions at a later date in case of any error.
- 19. Contact Details and Correspondence Address**
 - a. Applicants should provide contact information such as email id, mobile telephone number/s and correspondence address. However, the fund reserves the right to update communication postal address, email id, mobile number from KYC records of SEBI designated KYC Registration Authority (KRA).
 - b. Investors should ensure that, the email id, mobile number provided in the application form should be their own or any of the immediate family member and should be same as the ones provided in the KRA. Investors should clearly mention if the email id belongs to any of the immediate family members. Where the email id, mobile number are not provided or where provided but the same is found to be invalid, or seems to be not pertaining to the investor or any of the immediate family member or is of a distributor or any other agency, then AMC/ RTA reserves the right to remove the email id, mobile number without any notice and the email id, mobile number as per KRA records may be updated in the folio.
 - c. Investors will need to update the email id / mobile number with the KRA in case of any change.
 - d. Account statements, newsletter, annual reports and other communication, including statutory communication, will be sent through email/sms only instead of physical, for investors who provide their email address/mobile on the application form. Should they wish to have a physical copy, they are requested to send an email to the AMC/RTA. It is deemed that the applicants are aware of all the security risks associated with online communication, including possible third-party interception of documents sent via email.
 - e. If the pin code provided in application form or as received from KYC Database of a KRA is Null or Incorrect/Invalid, the transactions will be tagged as received from a T30 location.
- 20.** In case of any investor being suspended / debarred by any statutory or government authority, the AMC/RTA reserves the right to reject any transaction without any notice.
- 21.** Refund if any in case of purchases will be made within 5 business days from the date of rejection and identification of remitter information of the credits received by the Fund, whichever is later.
- 22.** In case of any Income Distribution cum Capital Withdrawal payouts or maturity payouts in the folios which are locked for any reasons, the IDCW or redemption or maturity amounts will be invested in “DSP Overnight Fund - Unclaimed Redemptions / Income Distribution cum Capital Withdrawal” in the investor folio and will be subject to lock in.
- 23.** In case of subscription funds received through cheque deposited in clearing or transfer banking or through electronic means like funds transfer, IMPS, RTGS/NEFT etc; and where the details provided by the investor’s bank or banking industry in general are inadequate or incomplete or unclear to establish the credit of the funds against the clients subscription application, allotment of units for such amounts would be done after due efforts of interacting with the client’s bank to ascertain the remitter of the funds and consequently the NAV applicable will be based on the business day when the reconciliation and establishment of credit to application is completed, irrespective of earlier receipt of credit or the subscription application.

24. Investors should ensure that their banks provide adequate information in bank statements with respect to funds remitted through cheque deposited in transfer banking or through electronic means like funds transfer, IMPS, RTGS/NEFT etc so as to ensure credit identification against their subscription application at the earliest.
25. The AMC and its Registrar reserve the right to disclose the details of the investors and their transactions to third parties viz. banks, couriers, distributors or stock brokers or registered investment advisors or any other parties through whom the application has been sourced or facilitated, printers and any other organization for the purpose of transaction confirmations and/or execution, redemption payouts, data validations, compliance with legal and regulatory requirements, or for complying with anti-money laundering requirements.

All investments and interactions with AMC/ its Registrar is done with full knowledge of the above necessity and consent for such sharing.

- p. Fund or its Registrar, CAMS shall not be liable for any negligence or mistake committed by the SCSBs.

32. Application from NRI, FII and PIOs

NRIs and PIOs may purchase units on a repatriation and non-repatriation basis, while FIIs may purchase units only on a repatriation basis. They shall enclose along with the application form a copy of the payment cheque / FIRC / Debit Certificate to enable the AMC to ascertain the repatriation status of the amount invested. The account type shall be clearly ticked as NRE or NRO or FCNR, to enable the AMC determine the repatriation status of the investment amount. The AMC and the Registrar may ascertain the repatriation status purely based on the details provided in the application form.

a. Repatriation basis

NRIs and PIOs may pay their subscription amounts by way of cheques drawn on NRE or FCNR accounts in Indian currency. FIIs may pay their subscription amounts either by way of inward remittance through normal banking channels or out of funds held in Foreign Currency Accounts or Non Resident Rupee Accounts maintained with a designated branch of an authorised dealer with the approval of RBI.

In case Indian Rupee drafts are purchased abroad or from FCNR/NRE accounts, an account debit certificate from the bank issuing the draft confirming the debit shall also be enclosed. NRIs shall also be required to furnish such other documents as may be necessary and as desired by the AMC/ Mutual Fund/Registrar, in connection with the investment in the schemes. Where redemption is received for units held by NRI and requiring credit of redemption proceeds to a NRE account, the fund may reject the redemption if the necessary documents like FIRC evidencing payment of subscription of units through NRE account are not provided by the investor.

b. Non-Repatriation basis

NRIs and PIOs may pay their subscription amounts by cheques/demand drafts drawn out of Non-Resident Ordinary (NRO) accounts/Non-Resident Special Rupee (NRSR) accounts and Non Resident Non-Repatriable (NRNR) accounts payable at the city where the application form is accepted.

33. Applications under Power of Attorney

Applications under a Power of Attorney shall be accompanied by the relevant Power of Attorney, or duly certified copy thereof. KYC of the POA holder is also a mandatory requirement.

34. Bank Account Details / Multiple Bank Account Registration

It is mandatory for all investors to provide their bank mandate which will be used for payment of redemption/Payout of Income Distribution cum Capital Withdrawal. Applications without the mandatory bank details and supporting documents are liable to be rejected. Investors should ideally mention account details of the same bank account from where the payment towards purchase is made. If the bank account details mentioned are different from purchase pay-in bank, investors should attach a cancelled cheque off the said account with name and account number pre-printed. Should the investor fail to provide the documents, the Fund/AMC/RTA reserve the right to register the pay-in bank details as the redemption bank details and use such bank account for payment of any redemption/Income Distribution cum Capital Withdrawal proceeds.

The Mutual Fund offers its Unit holders, facility to register multiple bank accounts for pay-in & payout purposes and designate one of the registered bank account as “Default Bank Account”. This facility can be availed by using a designated “Bank Accounts Registration Form. In case of new investors, the bank account mentioned on the purchase application form used for opening the folio will be treated as default bank account till a separate request to register multiple bank accounts and change the default bank account to any of other registered bank account is submitted by such investor. Registered bank accounts may also be used for verification of pay ins (i.e. receiving of subscription funds) to ensure that a third party payment is not used for mutual fund subscription.

35. Change of Bank

New bank accounts can only be registered using the designated “Bank Accounts Registration Form” / “Change of Bank Form”. If Unit holder(s) provide a new and unregistered bank mandate or a change of bank mandate request with specific redemption/ Income Distribution cum Capital Withdrawal payment request (with or without necessary supporting documents), such bank account will not be considered for payment of redemption/ Income Distribution cum Capital Withdrawal proceeds, or the Mutual Fund withhold the payment for upto 10 calendar days to ensure validation of new bank mandate mentioned. Change of bank mandate would not be processed based on the request submitted along with the redemption request and the investor will have to submit a fresh request for change of bank mandate with supporting documents. Any request without the necessary documents will be treated invalid and will not be acted upon and any financial transaction, including redemptions, will be processed with the existing registered details only. Valid change of bank mandate requests with supporting documents will be processed within ten days of documents reaching the head office of the Registrar and any financial transaction request received in the interim will be carried based on the previously registered details. Investors are requested to note the following with respect to the Multiple Bank Registration Facility / Change of Bank:

- a. Bank registration/deletion request from Unit holder(s) will be accepted and processed only if all the details and necessary documents are attached. The request is liable to be rejected if it is not filled completely and in case of any ambiguous/incorrect/ incomplete information.
- b. The first/sole Unit holder in the folio should be amongst any one of the bank account holders. Unit holder(s) cannot provide the bank account(s) of any other person or where the first/sole Unit holder is not an account holder in the bank account provided.
- c. Unit holder(s) need to attach the original cancelled cheque of the old and new bank account for updating/changing the bank details in the folio. This will help in verification of the account details and register them accurately. Where multiple banks are registered in the folio, cancelled cheque of any one of the old bank accounts will need to be provided along with the original cancelled cheque of the new bank account.
- d. In case original old bank proofs is not available, investors will have to visit DSP or CAMS ISC branches for doing In

Person Verification [IPV] along with ORIGINAL PAN / Photo Identification proofs & new bank cheque copy.

- e. All documents submitted should clearly evidence the bank name, account number and name of all bank account holders.
- f. While registering multiple bank accounts, the Unit holder(s) has to specify any one bank account as the 'Default Bank Account'.
- g. If the 'Default Bank Account' is not specified or is unclear, the Mutual Fund reserves the right to designate any of the bank accounts as 'Default Bank Account'. Default Bank Account will be used for all Income Distribution cum Capital Withdrawal, redemption and maturity payouts in case of close ended schemes.
- h. Investors can change the default bank account by submitting the Bank Account Registration form. In case multiple bank accounts are opted for registration as default bank account, the mutual fund retains the right to register any one of them as the default bank account at its discretion.
- i. Bank account Details with redemption request: Please note the following important points related to payment of redemption proceeds:
 - i. Proceeds of any redemption request will be sent only to a bank account that is already registered and validated in the folio at the time of redemption transaction processing.
 - ii. Unit holder(s) may choose to mention any of the existing registered bank account with redemption request for receiving redemption proceeds. If no registered bank account is mentioned, default bank account will be used.
 - iii. If unit holder(s) provides a new bank mandate or a bank mandate which has not been previously registered with a specific redemption request (with or without necessary supporting documents) such bank account may not be considered for payment of redemption proceeds and proceeds will be sent to existing registered bank account only entirely at the risk of the unit holder(s) and the fund will not be liable for the same under any circumstances.
 - iv. Change of bank mandate would also not be processed based on the request submitted along with the redemption request and the investor will have to submit a fresh request for change of bank mandate with supporting documents.
- j. The registered bank accounts will also be used to identify the pay-in proceeds. Hence, unit holder(s) are advised to register their various bank accounts in advance using this facility and ensure that payments for ongoing purchase transactions are from any of the registered bank accounts only, to avoid fraudulent transactions and potential rejections due to mismatch of pay-in bank details with the accounts registered in the folio.
- k. This facility of multiple bank registration requests or any subsequent addition/change/ deletion in the registered bank accounts would be effected within 10 business days from the receipt of a duly completed application form at the office of the Registrar in Chennai and a confirmation letter will be sent within 15 business days. Unit holder(s) should preserve this letter for their reference, as the account statement will reflect default bank mandate only.
- l. The requests for addition/change/deletion/modification in the registered bank account(s) should be submitted using the designated application form only. Requests received on a plain paper/any other formats are liable to be rejected.
- m. The Mutual fund, AMC, its registrar and other service providers shall not be held liable for any loss arising to the unit holder(s) due to the credit of the redemption proceeds into any of the bank accounts registered in the folio.

36. Transaction through Stock Exchange mode and option to hold units in dematerialized form:

- a. In order to facilitate transactions in mutual fund units through the stock exchange infrastructure, BSE and NSE have introduced their respective platforms. Investors desirous of transacting in the Units of the select Schemes/Plans/ Options through the stock exchange mode shall submit applications to registered stockbrokers or distributors or Registered Investment Advisors (RIA) registered with NSE or BSE.
- b. The facility of transacting through the stock exchange mechanism enables investors to buy and sell the Units of the Scheme(s) through the stockbrokers or distributors or RIAs registered with the BSE and/or NSE in accordance with the guidelines issued by SEBI and operating guidelines and directives issued by NSE, BSE or such other recognized stock

exchange in this regard. Investors desirous of transacting through the stock exchange mode and want to hold the units in the dematerialized form may be required to have a demat account with NSDL/CDSL.

- c. The Mutual Fund/ISCs will not accept any request directly for transactions or service requests in respect of Units held by the investors in demat form. The AMC/Fund will not send any account statement in respect of Units bought in demat mode or accept any request for statement as the units will be credited in demat account of the investor and their DPs should be approached for issuance of statement. Investors may note that the facility of transacting through the stock exchange mode is currently being offered only for certain schemes of the Mutual Fund.
- d. For any grievances with respect to transactions through stock exchange mechanism, Unit Holders must approach either stockbroker or their distributors or RIA or the investor grievances cell of the respective stock exchange. The Fund or the AMC will not be liable for any transactions processed based on the transaction details provided by the stock exchanges.

Option to hold units in dematerialized form:

- a. Investors subscribing for Units in any of the schemes of the Fund may opt to hold Units in dematerialized mode by providing details of their demat account in the purchase request submitted by them. Units shall be allotted in physical form by default, unless the investors intimate their intention of holding Units in demat form by submitting the demat account details. This option shall be available in accordance with the provisions laid under the respective scheme(s) and in terms of guidelines/ procedural requirements as laid by the depositories (NSDL/ CDSL) from time to time.
- b. Currently, the option to hold Units in demat form shall not be available to investors subscribing for Units under the Daily Reinvestment of Income Distribution cum Capital Withdrawal / Weekly Payout of Income Distribution cum Capital Withdrawal options under various schemes of the Fund. Investors intending to hold the Units in Demat form are required to have a demat account with the Depository Participant (DP) registered with NSDL/CDSL and will be required to provide the DP's name, DP ID number and the beneficiary account number of the Unit holder with the DP. Investors should attach copy of either Client Master List / Transaction Holding Statement / Delivery Instruction Slip (DIS) to verify the demat details provided in the form. In case the Demat account details are not provided or the details are incomplete or the details do not match with the records as per Depository(ies), Units will be allotted in physical form.
- c. The sequence of names/pattern of holding as mentioned in the purchase request must be same as that in the demat account. Units shall be credited to the investors' demat account only after the funds are credited into the Mutual Fund's scheme(s) account to the satisfaction of the AMC.
- d. Investors holding units in demat mode cannot directly approach the Fund House to redeem or switch the units by submitting a physical request. Investors should approach the BSE or NSE Stock Exchange Platform to submit the redemption or switch request. Investors can also approach their Depository Participant (DP) to submit the redemption request.
- e. For any change in static information like address, bank details, nomination, contact etc. investors should approach their respective depository participant. The Mutual Fund/ISCs will not accept any request directly for transactions or service requests in respect of Units held by the investors in demat form.
- f. In case, the Unit holder desires to hold the Units in a Dematerialized/Rematerialized form at a later date, the request for conversion of units held in non- demat form to Demat (electronic) form or from Demat form to non-demat or physical form should be submitted alongwith a Demat/Remat Request Form to their Depository Participants. Dematerialization/Rematerialization of Units will be in accordance with the provisions of SEBI (Depositories & Participants) Regulations, 1996 as may be amended from time. Units held in demat form will be transferable subject to the provisions laid under the respective Scheme(s)/Plan(s) and in accordance with provisions of Depositories Act, 1996 and the Securities and Exchange Board of India (Depositories and Participants) Regulations, 1996 as may be amended from time to time.
- g. The Mutual Fund/AMC will not send any account statement for units held in demat mode and investors should approach their DPs for the account statement.

Prevention of Money Laundering Act, 2002 (hereinafter referred to as “PML Act”) came into effect from July 1, 2005 vide Notification No. GSR 436(E) dated July 1, 2005 issued by Department of Revenue, Ministry of Finance, Government of India. SEBI vide Circular No. CIR/ISD/AML/3/2010 dated December 31, 2010 issued a ‘Master Circular on Anti Money Laundering (AML) Standards/ Combating the Financing of Terrorism (CFT)/Obligations of Securities Market Intermediaries under the Prevention of Money Laundering Act, 2002’ consolidating all the requirements / instructions / obligations of Securities Market Intermediaries issued under the various circulars issued by SEBI with regard to AML/CFT till January 31, 2010, whereby all intermediaries are advised to take necessary steps to ensure compliance with the requirement of the PML Act inter-alia for the maintenance and preservation of records and reporting of information relating to cash and suspicious transactions to Financial Intelligence Unit-India (FIU-IND), New Delhi.
 - c. The Mutual fund/ Registrar and Transfer Agent (RTA) shall perform the KYC of its new investors. Investors may however, note that the fund reserves the right to conduct enhanced KYC of its investors as may be commensurate with their respective risk profiles.
 - d. The investor(s) should ensure that the amount invested in the schemes of DSP Mutual Fund is through legitimate sources only and does not involve and is not designated for the purpose of any contravention or evasion of the provisions of the Income Tax Act, Prevention of Money Laundering Act, Prevention of Corruption Act and / or any other laws in force in India from time to time or any rules, regulations, notifications or directions issued thereunder.
 - e. To ensure appropriate identification of the investor(s)/ Unitholder(s) under the KYC policy and with a view to monitor transactions for the prevention of money laundering, the AMC / the Mutual Fund reserves the right to seek information, record investor’s/Unitholder’s telephonic calls and / or obtain and retain documentation for establishing the identity of the investor/ Unitholder, their beneficial owner(s), proof of residence, source of funds, etc. It may re-verify identity and obtain any incomplete or additional information for this purpose as the case may be. The investor(s)/Unitholder(s) shall provide such documents to the satisfaction of the AMC as may be required from time to time for the verification/identification of the investor(s)/ Unitholder(s)/any transaction by the AMC/Mutual Fund. If the investor(s)/Unitholder(s) refuses / fails to provide to the AMC, the required documents/ information within the period specified, the AMC, shall have the sole and absolute discretion to freeze the folio(s) of the investor(s)/Unitholder(s), reject any application(s) / allotment of Units and report the details of such investor/Unitholder/transaction to appropriate authority.
 - f. The Mutual Fund, AMC, DSP Trustee Private Limited and its Directors, employees and agents shall not be liable in any manner for any claims arising whatsoever on account of such freezing of folio(s) / rejection of any application / allotment of Units and/or reporting the same to appropriate authorities.
- Know Your Customer (KYC) Compliance
- g. In terms of the PML Act, 2002, the Rules issued there under and the guidelines/circulars issued by SEBI and/or AMFI regarding the Anti Money Laundering (AML Laws) and KYC requirement, all intermediaries, including Mutual Funds, have to formulate and implement a client identification programme, verify and maintain the record of identity and address(es) of investors.
 - h. In order to bring about uniformity in the Know Your Customer (KYC) process in the securities market, Common KYC Application form and supporting documents shall be used by all SEBI registered intermediaries viz. intermediaries viz. Mutual Funds, Portfolio Managers, Depository Participants, Stock Brokers, Venture Capital Funds, Collective Investors Schemes, etc. Further, to avoid duplication of KYC process across SEBI registered intermediaries, a mechanism for centralization of the KYC records in the securities market has been developed.
 - i. Accordingly, we will be performing the initial KYC of our clients and upload the details on the system of the KYC Registration Agency (KRA). The data from the KRA shall be checked and passed onto the Central Registry of Securitization Asset Reconstruction and Security Interest (CERSAI) for generation of the KYC Identification number (KIN) of the investor. The KYC details of the client can be accessed by other intermediaries by accessing the KRA system. As a result, once the client has done KYC with a SEBI registered intermediary, he need not undergo the same process again with another intermediary. For regulating KRAs, SEBI has formulated the KYC Registration Agency (KRA) Regulations, 2011 which covers the registration of KRAs, functions and responsibilities of the KRAs and intermediaries, code of conduct, data security, etc. However, to comply with prevailing regulatory guidelines, the AMC

reserves the right to carryout fresh KYC to the investors or undertake enhanced KYC measures commensuration with the risk profile of the investor.

- j. In-Person' Verification (IPV) of clients has been made mandatory for all SEBI registered intermediaries. Asset Management Companies (AMCs) and the distributors who comply with the certification process of National Institute of Securities Market (NISM) or Association of Mutual Funds (AMFI) and have undergone the process of 'Know Your Distributor (KYD)' can perform the IPV for mutual fund investors. However, where applications are received by the mutual funds directly from the clients (i.e. not through any distributor), the IPV performed by the scheduled commercial banks can be relied on. The IPV carried out by any SEBI registered intermediary can be relied upon.
- k. Investors should note that it is mandatory for all applicants (in the case of application in joint names, each of the applicants) to mention his/her Permanent Account Number (PAN) irrespective of the amount of purchase in the Application Form. Investors who do not have PAN, have to provide other approved proof of identity in lieu of PAN i.e. PAN-exempt KYC reference number (PEKRN) who can invest up to ₹50,000 per year per mutual fund. Where the applicant is a minor, and does not possess his / her own PAN/PEKRN, he / she shall quote the PAN/PEKRN of his/her father or mother or the guardian, as the case may be.
- l. In the event of noncompliance of KYC requirements, the Trustee / AMC reserves the right to freeze the folio of the investor(s) and affect mandatory redemption of unit holdings of the investors at the applicable NAV, subject to payment of exit load, if any.
- m. All investors (both individual and non-individual) can apply for KYC compliance. However, applicants should note that minors cannot apply for KYC compliance and any investment in the name of minors should be through a Guardian, who should be KYC compliant for the purpose of investing with a Mutual Fund. Also, applicants / unitholders intending to apply for Units / currently holding Units and operating their Mutual Fund folios through a Power of Attorney (PoA) must ensure that the issuer of the PoA and the holder of the PoA must mention their KYC compliance status at the time of investment. PoA holders are not permitted to apply for KYC compliance on behalf of the issuer of the PoA. Separate procedures are prescribed for change in name, address and other KYC related details, should the applicant desire to change such information.
- n. Financial transactions (including redemptions, switches and all types of systematic plans) and non-financial requests will not be processed if the unitholders have not completed KYC requirements.
- o. Unitholders are advised to use the applicable KYC Form for completing the KYC requirements and submit the form at the point of acceptance.
- p. Further, upon updation of PAN details with the KRA (KRA-KYC) / CERSAI (CKYC), the unit holders are requested to intimate us / our Registrar and Transfer Agent their PAN information along with the folio details for updation in our records.
- q. For applicants who subscribe to the Units through Stock Exchange facility, the KYC performed by the Depository Participant of the applicants will be considered as KYC verification done by the Trustee / AMC.
- r. Units held in Electronic (Demat) mode For Units held in demat form, the KYC performed by the Depository Participant of the applicants will be considered as KYC verification done by the Trustee / AMC.

40. Update on Folios without PAN/PEKRN (PAN exempted KYC Reference Number)

SEBI vide its letter No. SEBI/HO/OW/IMD/PoD/2022/48112/1 dated September 12, 2022 has advised that no investments (Systematic transaction, Lumpsum, Redemption) shall be permitted in such folios wherein PAN/ PEKRN details are not available.

All such Non-compliant Non-PAN and Non-PEKRN folios shall be liable to be frozen from April 01, 2023.

Further, IDCW will not be paid or reinvested for any IDCW declared by schemes of Mutual Fund and will be invested in Unclaimed Scheme and units shall be allotted in the Investor folio for the IDCW amount.

Unitholders whose folio(s) has/have been frozen due to the above requirement shall be able to (permit to) lodge grievance or avail service request only after furnishing the above details. Please note that the PAN / PEKRN (as may be applicable) needs to be provided in respect of all joint holders.

41. Change in Static Information

- a. Requests for change static information, viz. name, mobile number, email id, status, signature, bank account details, Income Distribution cum Capital Withdrawal sub-option, nomination, registration of Power of Attorney, Updation of Authorised Signatory List, etc. may be submitted to the AMC or its Registrar. Such changes will be effected within 5 Business Days of the valid signed request reaching the office of the Registrar at Chennai, and any interim financial transactions like purchase, redemption, switch, payment of Income Distribution cum Capital Withdrawal etc. will be effected with the previously registered details only. If any change in static information is submitted along with a financial transaction, the change may be handled separately and the financial transaction may be processed with the previously registered details. Unit holders are therefore advised to provide requests for change in static information separately and not along with financial transactions. Investors holding units in demat mode should approach their respective Depository Participant for non-financial requests/applications such as change of address, mobile number, email id, change of bank, etc.
- b. Any change in Income Distribution cum Capital Withdrawal sub option due to additional investment or unit holder request will be applicable to the entire units in the Income Distribution cum Capital Withdrawal option of the scheme/plan concerned.
- c. Unit Holders may write to the AMC or the Registrar to change the broker code of their transactions. Any such request will be handled on a prospective basis and the change in broker code will be effected within 5 days from the date when the Registrar receives the request at its office in Chennai.
- d. All non financial requests are liable to be rejected if the KYC is not completed and updated for all holders in the folio.

B. Redemption and Switches

- a. All allotment of units on account of purchases, switch ins will be provisional subject to realisation & reconciliation of funds & the AMC having been reasonably satisfied that the Fund have received the clear funds. Units created will be temporarily put under hold till the time the Fund has carried out the reconciliation based on bank statements, supporting details received from banks, payment aggregators, other agencies involved in collecting and remitting the proceeds to the AMC. Units created will be kept on hold though the funds have been sighted, till the time of receipt of bank statements from the banks & other agencies and completion of the reconciliation activities. Any redemption or switches in the interim is liable to be rejected at the sole discretion of the AMC.

For more details please refer the relevant SID for details on redemption and switch.

- b. Redemption & switches will be rejected if the KYC is not completed and updated for all the holders in the folio.
- c. The AMC also has the right, at its sole discretion, to close a Unitholder's account by redemption of units in the account of unitholder, if the unitholder does not submit the requisite proof/documents/information required by the AMC or where the units are held by a unitholder in breach of any Regulation.
- d. Since a request for purchase is generally made in Rupee amounts and not in terms of number of Units of the Scheme, a Unit Holder may be left with fractional Units. Fractional Units will be computed and accounted for up to three decimal places. However, fractional Units will, in no way, affect the Unit Holder's ability to redeem the Units, either in part or in full, standing to his/her/its credit.

C. Suspension of purchase and restriction on redemption of units

Suspension of purchase of units

1. Subject to the approval of the Boards of the AMC and the Trustee and subject to necessary communication to SEBI, determination of NAV of the units under any scheme of the Mutual fund may be temporarily suspended, leading to consequent suspension of purchase of units, in any of the following events:
 - a) When one or more stock exchanges or markets, which provide the basis for valuation for a substantial portion of the assets of the schemes, is/are closed, otherwise than for ordinary holidays.
 - b) When, as a result of political, economic or monetary events or any circumstance outside the control of the trustee and the AMC, disposal of the assets of the schemes is not reasonable, or would not reasonably be practicable without being detrimental to the interests of the unit holders.
 - c) In the event of a breakdown in the means of communication used for the valuation of investments of the schemes, without which the value of the securities of the schemes cannot be accurately arrived at.
 - d) During periods of extreme volatility of markets, which in the opinion of the AMC, are prejudicial to the interests of the unit holders.
 - e) In the case of natural calamities, pandemic, strikes, riots, bandhs etc.
 - f) In the event of any force majeure or disaster that affects the normal functioning of the AMC or the Registrar or If the Trustees are of the opinion that the suitable investment opportunities are not available for deployment of funds.
 - g) If so directed by SEBI.
 - h) Additionally, the AMC reserves the right in its sole discretion to withdraw the facility of sale and switching option of units into and out of the scheme(s) (including any one Plan / option of the scheme), temporarily or indefinitely, if AMC views that changing the size of the corpus may prove detrimental to the existing unit holders of the scheme(s).

2. Restriction on redemption of units

Pursuant to clause 1.12 of SEBI Master Circular, the restriction on redemption may be imposed under following scenario that may lead to a systemic crisis or the efficient functioning of markets such as:-

- a) Liquidity issues –Market at large becomes illiquid affecting almost all securities rather than any issuer specific security.
- b) Market failures, exchange closures - Markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.
- c) Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out).
- d) Subject to the approval of the Boards of the AMC and the Trustee and subject to necessary communication to SEBI, restriction on redemption would be imposed; the following procedure shall be applied:
- e) Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period.
- f) No redemption requests upto INR 2 lakh shall be subject to such restriction.
- g) Where redemption requests are above INR 2 lakh, AMCs shall redeem the first INR 2 lakh without such restriction and remaining part over and above INR 2 lakh shall be subject to such restriction.

D. Suspension of Sale/Switches into the scheme under special circumstances

The AMC/trustee reserves the right to temporarily suspend subscription in/switches into any scheme of the Mutual fund which invests overseas, if the limit prescribed by SEBI for overseas investments by all schemes of the Mutual fund put together currently equivalent to us\$ 600 mn) is exceeded/expected to be exceeded.

(i) Systematic Investment Plan (SIP)

Investors can benefit by investing specific Rupee amounts periodically, for a continuous period through SIP. SIP allows investors to invest a fixed amount of Rupees on daily (business days) or specific dates every month or quarter by purchasing Units of a Scheme at the Purchase Price prevailing at such time. The minimum installment shall be 12 instalments. Investors can enroll themselves for SIP in the Scheme by ticking the appropriate box in the application form and filling up the relevant SIP form. If start date for SIP period is not specified, SIP will be registered to start anytime from a period after five business days from the date of receipt of application based on the SIP date available / mentioned, subject to mandate being registered. If end date is not specified the SIP will be registered for 30 years from the start date or end date of mandate/tenure of the scheme, whichever is earlier.

Units will be allotted at the applicable NAV as on the SIP Date opted for by the investor. Where such SIP Date is not a Business Day, Units will be allotted at the applicable NAV of the immediately succeeding Business Day.

The AMC may change the terms and conditions for SIP from time to time, due to changing market and operational conditions. Investors are advised to check the latest terms and conditions from any of the offices of the AMC, before investing same is available on www.dspim.com.

Daily SIP facility

Under Daily SIP, the Unit Holder can invest a fixed amount into the scheme on a daily basis. Daily SIP installment shall be processed only when it is a Business Day for the scheme. It is to be noted that allotment of units are subject to realization of credit in the scheme. In case, if more than one SIP instalments credits are realized on a particular day, both the instalments will be processed for the applicable NAV in terms of the provisions of the Scheme Information Document.

SIP TOP-UP facility

SIP Top-Up facility provides flexibility to the investors to increase the SIP installment over the tenure of the SIP. SIP Top-Up facility will be available under scheme offering SIP facility. SIP Top-Up frequency in case of investors availing this facility will be half yearly and yearly. If the SIP Top-Up frequency is not indicated for SIP under frequencies daily or monthly or quarterly, it will be considered as yearly interval.

The AMC may change the terms and conditions for SIP TOP-UP facility from time to time, due to changing market and operational conditions. Investors are advised to check the latest terms and conditions from any of the offices of the AMC, before investing same is available on www.dspim.com

SIP Pause Facility

Under the SIP Pause Facility ('Facility'), the investor can stop the running SIP for certain period and Restart the SIP again (at a folio level) by filling up a designated Change Request Form.

The detailed terms and conditions for availing the Facility are as follows:

- a. Investors who wish to Pause their SIP instalments debit for a certain period can fill in the "SIP Pause" section. Separate form should be filled for each SIP registration.
- b. SIP Pause can be for a minimum period of 1 month to a maximum period of 6 months.
- c. SIP Pause request should be submitted 15 days before the next SIP instalment date.
- d. The SIP instalment debit will re-start in the month/quarter following the SIP Pause end month.
- e. SIP pause applications are liable to be rejected in case the details are not proper and clear or in case of incomplete details, non-clarity or ambiguity.
- f. If the Pause period is coinciding with the Top-Up facility, the SIP instalment amount post completion of Pause period would be inclusive of Top-Up amounts falling during that Top-Up cycle;.
- g. It is possible that the investors' Bank does not stop the SIP debits on the instalment date or delays the processing of the SIP Pause instruction from DSP Asset Managers Private Limited ('AMC') or its agents, if the investor has given a separate standing instruction to the Bank to debit the account on the specified date. The investor will not hold the Fund/AMC/RTA responsible in whatsoever manner in such cases.
- h. DSP Asset Managers Private Limited ('AMC') or the Fund or the Registrar and other service providers shall not be responsible and liable for any damages or compensation for any loss, damage, etc. incurred by the investor due to reasons which are caused by circumstances not in the ordinary course of business and beyond the control of the Fund.

All other terms and conditions as applicable to SIP facility will be applicable to SIP Pause facility.

The Trustee reserves the right to change the terms and conditions of this facility at a later date. The Trustee also reserves the right to withdraw the SIP Pause facility.

(ii) Systematic Withdrawal plan (SWP)

A Unit Holder may, through SWP, receive regular payments by way of withdrawals from a Scheme (in the said folio) on a weekly, monthly, quarterly, half yearly or yearly basis with specific SWP dates and the request should be for at least 6 such withdrawals. A Unit holder may avail of SWP by ticking the appropriate box in the application form and filling up the SWP form, specifying therein the 'SWP Date' and period. To start an SWP, the unit holder should submit the SWP form atleast seven days prior to the first desired SWP date. To discontinue the SWP, the unit holder should provide atleast 30 days written notice to the

Registrar/AMCs offices. A Unit Holder who opts for an SWP has the choice of withdrawing (i) a fixed amount or (ii) an amount equal to the periodic appreciation on his/her/its investment in the Scheme from which the withdrawal is sought.

If the Units available are less than required withdrawal amount, then such Units will be redeemed and SWP facility registered in such scheme will be discontinued. Similarly, if there are no units in the Scheme to redeem or withdraw, the SWP facility registered in such Scheme will be discontinued.

In case the SWP Date happens to be a Non-Business Day, the transaction will be processed on the immediately succeeding Business Day. On the other hand, the Mutual Fund may terminate the SWP, if all the Units concerned are liquidated or withdrawn from the account or pledged or upon the Mutual Fund's receipt of notification of death or incapacity of the Unit Holder. All terms and conditions for SWP, including Exit Load, if any, prevailing in the date of SWP enrolment/registration by the fund shall be levied in the Scheme.

The AMC may change the terms and conditions for SWP facility from time to time, due to changing market and operational conditions. Investors are advised to check the latest terms and conditions from any of the offices of the AMC, before investing same is available on www.dspim.com.

(iii) Systematic Transfer Plan (STP)

A Unit Holder may transfer, through STP, part of his/her/its investment in the Scheme (in the said folio) to another Scheme on a weekly (on any week day i.e Monday to Friday), monthly, quarterly, half yearly and yearly basis with specific STP dates and the request should be for at least 6 such transfers. The transfer will be effected by way of a switch, i.e. redemption of Units from one Scheme and investment of the proceeds thereof, in the other scheme, at the then prevailing terms of both schemes. Therefore, all provisions pertaining to Inter-Scheme Switching will apply to an STP (**Please refer to “Switching” for provisions on switching**). Also, all provisions pertaining to Entry and Exit Load in an STP transaction will be same as applicable for purchase or redemption of investment made through SIP. All transactions by way of STP shall, however, be subject to the terms (other than minimum application amount) of the target Scheme.

All terms and conditions for STP, including Exit Load, if any, prevailing in the date of STP enrolment/registration by the fund shall be levied in the Scheme

A Unit Holder who opts for an STP has the choice of switching (i) A fixed amount or (ii) an amount equal to the periodic appreciation on his/her/its investment in the Scheme from which the transfer is sought.

The AMC may change the terms and conditions for SWP facility from time to time, due to changing market and operational conditions. Investors are advised to check the latest terms and conditions from any of the offices of the AMC, before investing same is available on www.dspim.com.

Daily STP facility

Under Daily STP, the Unit Holder can switch a fixed amount from any one Scheme (Source Scheme) to any other Scheme (Target Scheme) on a daily basis subject to exit load as applicable. The minimum period for Daily STP shall be 6 days and maximum for any period subject to the end period being year 2099. STP installment shall be processed only when it is a Business day for both source and target Scheme. In case the start date is not mentioned, the Daily STP shall start from the 7th day from the date of submission of valid STP registration form. In case the end date is not mentioned, the STP shall be registered for a period of one year.

For general terms and conditions and more information, Unit holder(s) are requested to read Terms and Conditions available on www.dspim.com.

Flex Systematic Transfer Plan ('Flex STP')

Flex STP Facility, is a facility wherein Unit holder(s) of designated open-ended Scheme of the Fund can opt to systematically transfer amount(s), which may vary based on the value of investments already made/transferred under this facility, on the date of transfer at predetermined intervals from designated open-ended Scheme of the Fund [hereinafter referred to as “Transferor Scheme”] to the ‘Growth Option’ only, of designated open-ended scheme of the Fund [hereinafter referred to as “Transferee Scheme”]. Transferor Scheme means all scheme of the Fund currently having STP facility and Transferee Scheme means growth option of all scheme of the Fund.

All other terms and conditions as applicable to STP facility will be applicable to Flex STP. For general terms and conditions and more information, Unit holder(s) are requested to read Terms and Conditions available on www.dspim.com

Value Systematic Transfer Plan ('Value STP')

Value STP facility, is a facility wherein Unit holder(s) of designated open-ended scheme of the Fund can opt to systematically transfer amount(s), which may vary based on the value of investments already made/transferred under this facility, on the date of transfer at predetermined intervals from designated open-ended scheme of the Fund [hereinafter referred to as "Transferor Scheme"] to the 'Growth Option' only of designated open-ended Scheme of the Fund [hereinafter referred to as "Transferee Scheme"], including a feature of 'Reverse Transfer' from Transferee Scheme into the Transferor Scheme, in order to achieve the Target Market Value on each transfer date in the Transferee Scheme, subject to the terms and conditions of Value STP.

Super Systematic Transfer Plan ('Super STP')

Super STP Facility, is a facility wherein Unit holder(s) of designated open-ended Scheme of the Fund can opt to systematically transfer amount(s), which may vary based on prevailing equity valuations at predetermined intervals from designated open-ended Scheme of the Fund [hereinafter referred to as "Transferor Scheme"] to the 'Growth Option' only, of designated open-ended scheme of the Fund [hereinafter referred to as "Transferee Scheme"].

The AMC reserves the right to modify the above terms and conditions of Flex STP, Value STP and Super STP at any time without prior notice to the unitholders and such amended terms and conditions will thereupon apply to and be binding on the unitholders. The updated terms and conditions of Flex STP, Value STP and Super STP will be available on our website www.dspim.com.

Note:

- (i) SIP/SWP/STP facility is available in all Plans of the Scheme.
- (ii) SWP and STP facilities are available/applicable to the investors in each plan of the Scheme.
- (iii) STP/SWP facilities are currently not available to investors who wish to transact through the stock exchange mechanism.

(iv) Switching

A switch has the effect of redemption from one scheme/ plan/option and a purchase in the other scheme/plan/ option to which the switching has been done. To effect a switch, a Unit Holder must provide clear instructions. Such instructions may be provided in writing or by completing the transaction slip/form attached to the account statement. The switch request can be made for any amount of Rs. 100/- or more. A Unit Holder may request switch of a specified amount or a specified number of Units only. If the Unit Holder has specified both the amount (in Rs.) and the number of Units, switch-out of units will be carried out based on the number of units specified by the Unit Holder.

All allotments will be provisional, subject to realisation of payment instrument and subject to the AMC having been reasonably satisfied that the Mutual Fund has received clear funds. Any redemption or switch out transaction in the interim is liable to be rejected at the sole discretion of the AMC. Investors may note that switch facility is currently not available for units held in demat mode and will be provided as and when enabled by stock exchange platforms and depositories as the units are held in demat account.. Unit holders are requested to note that application for switch-out for units for which funds are not realized via purchase or switch-in in the Scheme of the Fund shall be liable to be rejected. In other words, switch out of units will be processed only if the funds for such units are realized in the Scheme by a way of payment instructions/transfer or switch-in funding process.

(a) Inter-Scheme Switching

Unit Holders will have the option to switch all or part of their investment in the Scheme, to any other Scheme established by the Mutual Fund, which is available for investment at that time. The switch will be affected by way of redemption of Units from a Scheme and re-investment of the redemption proceeds in the other Scheme selected by the Unit Holder at the prevailing terms of the Scheme to which the switch is taking place.

The price at which the Units will be switched out of the Scheme will be based on the Redemption Price on the Business Day of acceptance of switching request and the net proceeds will be invested in the other Scheme at the prevailing Purchase Price for

Units in that/those Scheme. Please refer the clause on “**Ongoing price for redemption (sale)/switch outs (to other Scheme/plans of the Mutual Fund)/intra- Plan switching by investors (Redemption Price)**” mentioned in respective SID.

(b) Inter-Plan Switching

Unit Holders will have the option to switch all or part of their investment(s) from one plan of a Scheme to the other plan of that Scheme. The switch will be effected by way of a redemption of Units of the relevant plan of a Scheme as per terms and conditions of redemption and re-investment of the redemption proceeds in the other plan of the Scheme selected by the Unit Holder on the prevailing terms of that Plan as a purchase as per purchase terms and conditions of purchase.

(c) Switch of units from Regular Plan/Institutional Plan to Direct Plan within the same Scheme of the Fund:

No exit load shall be levied in case of switch of investment from Regular Plan/Institutional Plan to Direct Plan and vice versa.

Such Switch may entail tax consequences. Investors/Unit Holder(s) should consult their professional tax advisor before initiating such requests.

(d) Inter-Option Switching

Unit Holders have the option to switch all or part of their investments from one Option of a Scheme/Plan to the other Option of the same Scheme/Plan.

The switch will be affected by way of redemption of Units of the relevant Option and reinvestment of the redemption proceeds in the other Option selected by the Unit Holder on the prevailing terms of that Scheme/Plan. The price at which the Units will be switched out will be at the Applicable NAV on the Business Day of acceptance of switching request and the net proceeds will be invested in the other Option at the Applicable NAV of that Option.

The AMC may change the terms and conditions for switching facility from time to time, due to changing market and operational conditions. Investors are advised to check the latest terms and conditions from any of the offices of the AMC, before investing same is available on www.dspim.com

(v) Pledge of Units for Loans

Units can be pledged by the Unit Holders as security for raising loans, subject to any rules/restrictions that the Trustee may prescribe from time to time.

For Units held in demat form, the rules of the respective DP will be applicable for pledge of the Units. Units held in demat form can be pledged by completing the requisite forms/formalities as may be required by the Depository. The pledge gets created in favour of the pledgee only when the pledgee's DP confirms the creation of pledge in the system.

In case of Units held in physical form, the Registrar will note and record such pledge. A standard form for this purpose is available at any of the official points of acceptance of transactions and on www.dspim.com.

(vi) Transfer of Income Distribution cum Capital Withdrawal plan (IDCW)

Unit holders under the Regular Plan/Institutional Plan & Direct Plan (wherever applicable) and IDCW Options(s) (other than Daily IDCW Reinvest sub-option) of all the open ended Scheme of the Mutual Fund can opt to transfer their IDCW to any other option under the Regular Plan/ Institutional Plan & Direct Plan (wherever applicable) (other than Daily IDCW Reinvest sub-option) of all the open- ended Scheme of the Mutual Fund by availing the facility of IDCW Transfer Plan.

Under IDCW Transfer, IDCW as & when declared (as reduced by the amount of applicable statutory levy) in the transferor Scheme (subject to minimum of Rs.100/-) will be automatically invested without any exit load into the transferee Scheme, as opted by the Unit holder. Such transfer will be treated as fresh subscription in the transferee Scheme and invested at the Applicable NAV on the Business Day immediately following the record date, subject to terms and conditions applicable to the transferee Scheme.

Investors are requested to note that the AMC may change the terms and conditions for SWP facility from time to time, due to changing market and operational conditions. Investors are advised to check the latest terms and conditions from any of the offices of the AMC, before investing same is available on www.dspim.com.

(vii) OTM – One Time Mandate (‘Facility’)

For folios not included in the CAS, the AMC shall issue a monthly account statement to the unit holders, pursuant to any financial transaction done in such folios; the monthly statement will be send on or before 15th day of succeeding month. In case of a specific request received from the unit holders, the AMC shall provide the account statement to the unit holder within 5 business days from the receipt of such request. If a Unit holder so desires the Mutual Fund shall issue a Unit certificate (non- transferable) within 5 Business Days of the receipt of request for the certificate.
3. The Mutual Fund shall dispatch redemption or repurchase proceeds within 3 working days of accepting the valid redemption or repurchase request. For schemes investing at least 80% of total assets in such permissible overseas investments, 5 Working Days of accepting the valid redemption or repurchase request. Further, in case of exceptional scenarios as prescribed by AMFI vide its communication no. AMFI/ 35P/ MEM-COR/ 74 / 2022-23 dated January 16, 2023, read with clause 14.1.3 of SEBI Master Circular, the AMC may not be able to adhere with the timelines prescribed above.
4. The Trustee is bound to make such disclosures to the Unit holders as are essential in order to keep the unitholders informed about any information known to the Trustee which may have a material adverse bearing on their investments.
5. The appointment of the AMC for the Mutual Fund can be terminated by majority of the Directors of the Trustee Board or by 75% of the Unit holders of the Scheme.
6. 75% of the Unit holders of a Scheme can pass a resolution to wind- up a Scheme.
7. The Trustee shall obtain the consent of the Unit holders:
 - whenever required to do so by SEBI, in the interest of the Unit holders.
 - whenever required to do so if a requisition is made by three- fourths of the Unit holders of the Scheme.
 - when the majority of the trustees decide to wind up a scheme in terms of clause (a) of sub regulation (2) of regulation 39 of SEBI (Mutual Funds) Regulations, 1996 or prematurely redeem the units of a close ended scheme.
8. The trustees shall ensure that no change in the fundamental attributes of any scheme, the fees and expenses payable or any other change which would modify the scheme and affect the interest of the unit holders is carried out by the asset management company, unless it complies with sub-regulation (26) of regulation 25 of SEBI (Mutual Funds) Regulations, 1996.
9. In specific circumstances, where the approval of unitholders is sought on any matter, the same shall be obtained by way of a postal ballot or such other means as may be approved by SEBI.

VIII. INVESTMENT VALUATION NORMS FOR SECURITIES AND OTHER ASSETS

A. Background

SEBI has amended Regulation 47 and the Eighth Schedule relating to valuation of investments on February 21, 2012 to introduce overriding principles in the form of “Principles of Fair Valuation”.

Prior to this amendment, Eighth schedule and various circulars issued from time-to-time provided detailed guidelines on valuation of traded securities, non-traded securities, thinly traded securities, etc.

The amended regulations require that mutual funds shall value their investments in accordance with principles of fair valuation so as to ensure fair treatment to all investors i.e. existing investors as well as investors seeking to subscribe or redeem units.

It further prescribes that the valuation shall be reflective of the realizable value of securities and shall be done in good faith and in a true and fair manner through appropriate valuation policies and procedures approved by the Board of the asset management company (AMC)

The amendment also states that in case of any conflict between the principles of fair valuation and valuation guidelines as per Eighth Schedule and circulars issued by SEBI, the Principles of Fair Valuation shall prevail.

B. Policy Coverage

This policy shall cover the following:

1. Valuation methodologies for particular types of securities.
2. Inter-scheme transfers.
3. Composition and role of the Valuation Committee.
4. Periodic review
5. Review by Independent Auditor
6. Conflict of interest
7. Exceptional events
8. Record keeping

C. Valuation methodologies

1. Annexure I describes the methodologies for valuing each and every type of security held by the schemes.
2. Investment in any new type of security shall be made only after establishment of the valuation methodology for such security with the approval of the board of the AMC.

D. Inter-scheme transfers

1. Inter-scheme transfers shall be effected as per regulations and internal policy at prevailing market price (essentially fair valuation price).
2. Annexure I describes the methodology to determine the fair valuation of securities which are intended to be transferred from one scheme to another.

E. Valuation Committee

1. Valuation committee shall comprise of the following personnel:
 - a. Managing Director & CEO
 - b. Head – fixed Income / Head - Equities
 - c. Chief Risk Officer
 - d. Chief Operating Officer
 - e. Head – Fund Administration

f. Compliance Officer

Managing Director & CEO can reconstitute or nominate additional members for the valuation committee.

2. Following shall be the scope of the committee:

- a. Recommendation and drafting of valuation policy for AMC Board approval
- b. Review the accuracy and appropriateness of methods used in arriving at the fair value of securities and recommend changes, if any.
- c. Lay down procedures to detect and prevent incorrect valuation.
- d. Approve changes in policy with regards to inter-scheme trades (at least three members).
- e. Recommend valuation method during exceptional events.
- f. Recommend valuation methodology for a new type of security.
- g. Report to the Board regarding any deviations or incorrect valuations.

F. Periodic Review

The valuation committee shall be responsible for ongoing review of the valuation methodologies in terms of its appropriateness and accuracy in determining the fair value of each and every security.

The valuation committee shall update the AMCo board and the Board of Trustee, at least every quarter, in terms of the effectiveness of the methodologies and deviations or incorrect valuations.

G. Review by Independent Auditor

The valuation policies and procedures shall be regularly reviewed (at least once in a Financial Year) by an independent auditor to ensure their continued appropriateness.

H. Conflict of Interest

The valuation committee shall be responsible for ongoing review of areas of conflict (including potential areas, if any) and should recommend to the AMC board the procedures to mitigate it.

I. Exceptional Events

1. Following types of events could be classified as Exceptional events where current market information may not be available / sufficient for valuation of securities:
 - a. Major policy announcements by the Central Bank, the Government or the Regulator.
 - b. Natural disasters or public disturbances that force the markets to close unexpectedly.
 - c. Absence of trading in a specific security or similar securities.
 - d. Significant volatility in the capital markets.

In case the Portfolio Managers are of the opinion that the price provided by valuation agencies (currently CRISIL and ICRA) does not reflect the fair value of a security, the same shall be valued on the basis of guidelines provided by the Valuation Committee.

2. Escalation Procedure:

- a. Valuation Committee shall be responsible for monitoring Exceptional events and recommending appropriate valuation methods under the circumstances with due guidance from the AMCo board.
- b. Under such circumstances, Valuation committee shall seek the guidance of the AMCo board in deciding the

appropriate methodology for valuation of affected securities.

- c. Deviations from the valuation policy and principles, if any, will be communicated to the unit holders' wide suitable disclosures on the fund website.

J. Record keeping

Policy document should be updated in SID / SAI, website and other documents as prescribed by the SEBI regulations and guidelines.

All the documents which forms the basis of valuation including inter-scheme transfers (the approval notes & supporting documents) should be maintained in electronic form or physical papers.

Above records will be preserved in accordance with the norms prescribed by the SEBI regulations and guidelines.

Valuation Policy: Annexure I

The revised policy is to be implemented from December 21, 2023

A. Equity and related securities

Asset Class	Traded / Non Traded	Basis of Valuation
	Traded	On the valuation day, at the last quoted closing price on the National Stock Exchange (NSE)/ Bombay Stock Exchange (BSE) or other stock exchange, where such security is listed. If not traded on the primary stock exchange, the closing price on the other stock exchange will be considered. NSE will be the primary stock exchange. For Index Funds / Exchange Traded Funds, exchange of underlying benchmark index would be the primary stock exchange.
	Non Traded	1. When a security is not traded on any stock exchange, on the date of valuation, then the previous closing price on NSE / any other SE will be used, provided such closing price is not exceeding a period of 30 calendar days. 2. In all other cases a. Equity Shares: Based on the latest available Balance Sheet, net worth shall be calculated as follows: i) Net Worth per share = [share capital+ reserves (excluding revaluation reserves) – Misc. expenditure and Debit Balance in P&L A/c] Divided by No. of Paid up Shares. ii) Average capitalisation rate (P/E ratio) for the industry based upon either BSE or NSE data (which should be followed consistently and changes, if any noted with proper justification thereof) shall be taken and discounted by 75% i.e. only 25% of the Industry Average P/E shall be taken as capitalisation rate (P/E ratio). Earnings per share of the latest audited annual accounts will be considered for this purpose. iii) The value as per the net worth value per share and the capital earning value calculated as above shall be averaged and further discounted by 10% for ill-liquidity so as to arrive at the fair value per share.

		<p>iv) In case the EPS is negative, EPS value for that year shall be taken as zero for arriving at capitalised earning.</p> <p>v) In case where the latest balance sheet of the company is not available within nine months from the close of the year, unless the accounting year is changed, the shares of such companies shall be valued at zero.</p> <p>vi) In case an individual security accounts for more than 5% of the total assets of the scheme, an independent valuer shall be appointed for the valuation of the said security.</p> <p>To determine if a security accounts for more than 5% of the total assets of the scheme, it should be valued by the procedure above and the proportion which it bears to the total net assets of the scheme to which it belongs would be compared on the date of valuation</p> <p>b. Preference Shares: Intrinsic value will be considered</p> <p>c. Equity Warrants / Rights entitlement / partly paid up rights shares: Valuation price will be arrived, after applying appropriate discount (valuation committee delegated the power to decide the discount factor), after reducing the exercise price / issuance price from the closing price of the underlying cash equity security.</p> <p>d. Partly Paid Up Share - If the partly paid up share is not traded on any stock exchange on the date of valuation, then it should be valued at the price derived after reducing the uncalled amount from the Closing price of underlying fully paid up share. Further Valuation Committee to decide on application of illiquidity discount as deemed appropriate on case to case basis.</p> <p>e. Demerger:</p> <p>i. Where there is one resulting Company along with the demerged company and such resulting company is unlisted - The resulting company will be valued by residual price methodology which would be traded value of the demerged company on the day before the demerger less value of the demerged company immediately post demerger. However, if value of demerged entity is greater or equal to the value of the demerged entity before demerger, then the resulting company would be valued at zero.</p> <p>ii. Where there are more than one resulting companies along with the demerged company and all or some resulting companies are unlisted - The resulting companies will be valued by residual price methodology which would be traded value of the demerged entity on the day before the demerger less value of the demerged entity immediately post demerger. The residual value would be allocated into resulting companies in the ratio provided as a part of scheme of arrangement or such other ratio as decided by the Valuation Committee. If one of the resulting companies is listed, the residual value for unlisted companies would be further determined by reducing the traded value of listed resulting companies from the residual value computed as above</p> <p>iii. In case where the resulting companies and the demerged company are unlisted – The traded value of demerged company on the day before the demerger would be allocated between the resulting companies and demerged company in the ratio provided as a part of scheme of arrangement or such other ratio as decided by the Valuation Committee.</p> <p>If the above companies remained unlisted for more than 3 months, illiquidity discount on the derived prices may be applied on the basis of the market capitalization of the issuer</p>
--	--	---

		<p>viz. at 5% ,10% and 15%, for Large cap, Mid cap, Small cap respectively</p> <p>In case of the above listed, Valuation committee may decide fair value other than guided above, post considering facts on a case to case basis. Further guidance from valuation committee would be sought for any exceptional cases not covered above.</p> <p>f. Merger: Valuation of resulting company would be determined by valuation of merging / amalgamating company immediately prior to the ex-date of merger / amalgamation</p> <p>i. In case merging / amalgamating companies being listed, valuation of resulting companies would be summation of valuation of entities immediately prior to merger date. Further if listed company merges into an unlisted surviving company, then the surviving company should be valued at the traded value of merging company immediately before merger.</p> <p>Example:</p> <ul style="list-style-type: none"> • If Company A and Company B merge to form a new Company C then Company C would be valued at the price equals to A+B • If Company A which is a listed company merges into Company B which is an unlisted company would be valued at traded price of A immediately before merger. <p>ii. In case, one of the merging / amalgamating companies being unlisted, valuation of resulting companies would be valued on the principles of fair valuation as guided by the valuation committee.</p> <p>If the above companies remained unlisted for more than 3 months, illiquidity discount on the derived prices may be applied on the basis of the market capitalization of the issuer viz. at 5% ,10% and 15%, for Large cap, Mid cap, Small cap respectively.</p> <p>In case of the above listed, Valuation committee may decide fair value other than guided above, post considering facts on a case to case basis. Further guidance from valuation committee would be sought for any exceptional cases not covered above.</p>
	Thinly Traded	<p>Policy similar to non-traded Equity Shares.</p> <p>Definition of thinly traded equity/ equity related security: When trading in an equity/ equity related security in a calendar month is both less than INR 5 lacs and the total volume is less than 50,000 shares, it shall be considered as a thinly traded security</p>
	Unlisted Equity Shares	<p>Unlisted equity shares of a company shall be valued "in good faith" on the basis of the valuation principles laid down below:</p> <p>a. Based on the latest available audited balance sheet, net worth shall be calculated as lower of (i) and (ii) below:</p> <p>i. Net worth per share = [share capital plus free reserves (excluding revaluation reserves) minus Miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated losses] divided by Number of Paid up Shares.</p> <p>ii. After taking into account the outstanding warrants and options, Net worth per share shall again be calculated and shall be = [share capital plus consideration on exercise of Option/Warrants received/receivable by the Company plus free reserves(excluding revaluation reserves) minus Miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated</p>

		<p>losses] divided by {Number of Paid up Shares plus Number of Shares that would be obtained on conversion/ exercise of Outstanding Warrants and Options}</p> <p>The lower of (i) and (ii) above shall be used for calculation of net worth per share and for further calculation in (c) below</p> <p>b. Average capitalisation rate (P/E ratio) for the industry based upon either BSE or NSE data (which should be followed consistently and changes, if any, noted with proper justification thereof) shall be taken and discounted by 75% i.e. only 25% of the Industry average P/E shall be taken as capitalisation rate (P/E ratio). Earnings per share of the latest audited annual accounts will be considered for this purpose.</p> <p>c. The value as per the net worth value per share and the capital earning value calculated as above shall be averaged and further discounted by 15% for illiquidity so as to arrive at the fair value per share.</p> <p>The above methodology for valuation shall be subject to the following conditions:</p> <ol style="list-style-type: none"> All calculations as aforesaid shall be based on audited accounts. In case where the latest balance sheet of the company is not available within nine months from the close of the year, unless the accounting year is changed, the shares of such companies shall be valued at zero. If the net worth of the company is negative, the share would be marked down to zero. In case the EPS is negative, EPS value for that year shall be taken as zero for arriving at capitalised earning. In case an individual security accounts for more than 5% of the total assets of the scheme, an independent valuer shall be appointed for the valuation of the said security. To determine if a security accounts for more than 5% of the total assets of the scheme, it should be valued in accordance with the procedure as mentioned above on the date of valuation. <p>At the discretion of the AMC and with the approval of the trustees, an unlisted equity share may be valued at a price lower than the value derived using the aforesaid methodology.</p>
	Lock-in Shares	In case of Equity share under lock in for more than 3 months from the date of purchase / allotment, which are traded on the stock exchanges, the investment manager may apply appropriate discount to the closing price quoted on the stock exchange as may be decided by the Investment Committee on a case to case basis.
	Inter-scheme Transfers	Inter-scheme would be done at the Price of the security prevailing on the primary stock exchange at the time of effecting the transfer. If not traded on the primary stock exchange, the closing price of other stock exchange (BSE) will be considered.
Futures & Options	Traded/Non Traded	On the valuation day, at the settlement price provided by the respective stock exchanges.
Qualified Institutional Placement (QIP) / Follow on Public Offer (FPO) / Initial Public Offer (IPO)		In case of QIP and FPO recognition and valuation would start from the date of allotment. In case of IPO the security would be valued at cost from the date of allotment till a day prior to listing and on last quoted closing price (as mentioned above under Traded criteria) from the day of listing.

Convertible Debentures	In respect of convertible debentures and bonds, the non-convertible and convertible components shall be valued separately. The non-convertible component (Debt) should be valued on the same basis as would be applicable to a debt instrument. The convertible component (Equity) should be valued on the same basis as would be applicable to an equity instrument/equity derivative. If, after conversion the resultant equity instrument would be traded pari passu with an existing equity instrument which is traded, the value of the latter instrument can be arrived at after an appropriate discount for non-tradability, time value, volatility etc. of the equity instrument during the period preceding the conversion. While valuing such instruments, the fact whether the conversion is optional should also be factored in

Notes:

1. Public Platform refers to:

- a) Clearcorp F-TRAC Platform of Clearcorp Dealing Systems (India) Ltd. (CDSIL), NSE & BSE :

For Commercial Papers and Certificate of Deposits

Clearcorp F-TRAC Platform of Clearcorp Dealing Systems (India) Ltd. (CDSIL)

For corporate bonds / debentures and securitized debts order of preference for the Public Platforms for consideration would be as follow:

NSE – NSE OTC

BSE - ICDM

- b) NDS-OM: For Government Securities, Treasury Bills, Cash Management Bills, State Development Loans, Ujwal DISCOM Assurance Yojana (UDAY) Bond, etc

2. Following assets will be valued at cost plus accruals / amortization:

- Bank Fixed Deposits
- TREPS / Reverse Repo (including Corporate Bond Repo) with tenor up to 30 days

3. Weighted average YTM / Last Traded YTM shall be rounded up to two digits after decimal point.

4. Securities with Put/Call Options – Would be valued as per security level prices provided by the valuation agencies for the said purpose.

5. The valuation of security lent shall be done as per the valuation methodology stated for respective security in Annexure I of this valuation policy. The lending fee received for the security lent would be amortized proportionately, until expiry of the contract.

6. In case of any deviation from the valuation price for money market and debt securities provided by the valuation agencies, AMC shall follow the procedure as mentioned in clause 9.2.3.d. of SEBI Master Circular

Valuation Policy: Annexure II

Part A: Valuation of Money Market and Debt Securities other than G-Secs

1. Waterfall Mechanism for valuation of money market and debt securities:

The following shall be the broad sequence of the waterfall for valuation of money market and debt securities:

- i. Volume Weighted Average Yield (VWAY) of primary reissuances of the same ISIN (whether through book building or fixed price) and secondary trades in the same ISIN
- ii. VWAY of primary issuances through book building of same issuer, similar maturity (Refer Note 1 below)
- iii. VWAY of secondary trades of same issuer, similar maturity
- iv. VWAY of primary issuances through fixed price auction of same issuer, similar maturity
- v. VWAY of primary issuances through book building of similar issuer, similar maturity (Refer Note 1 below)
- vi. VWAY of secondary trades of similar issuer, similar maturity.
- vii. VWAY of primary issuance through fixed price auction of similar issuer, similar maturity
- viii. Construction of matrix (polling may also be used for matrix construction)
- ix. In case of exceptional circumstances, polling for security level valuation (Refer Note 2 below)

Note 1

Except for primary issuance through book building, polling shall be conducted to identify outlier trades. However, in case of any issuance through book building which is less than INR 100 Cr, polling shall be conducted to identify outlier trades.

Note 2

Some examples of exceptional circumstance would be stale spreads, any event/news in particular sector/issuer, rating changes, high volatility, corporate action or such other event as may be considered by valuation agencies. Here stale spreads are defined as spreads of issuer which were not reviewed/updated through trades/primary/polls in same or similar security/issuers of same/similar maturities in waterfall approach in last 6 months.

Further, the exact details and reasons for the exceptional circumstances which led to polling shall be documented and reported to AMCs. Further, a record of all such instances shall be maintained by AMCs and shall be subject to verification during SEBI inspections.

Note 3

All trades on stock exchanges and trades reported on trade reporting platforms till end of trade reporting time (excluding Inter-scheme transfers) should be considered for valuation on that day.

Note 4

It is understood that there are certain exceptional events, occurrence of which during market hours may lead to significant change in the yield of the debt securities. Hence, such exceptional events need to be factored in while calculating the price of the securities. Thus, for the purpose of calculation of VWAY of trades and identification of outliers, on the day of such exceptional events, rather than considering whole day trades, only those trades shall be considered which have occurred post the event (on the same day).

The following events would be considered exceptional events:

- i. Monetary/Credit Policy
- ii. Union Budget
- iii. Government Borrowing / Auction Days
- iv. Material Statements on Sovereign Rating

- v. Issuer or Sector Specific events which have a material impact on yields
- vi. Central Government Election Days
- vii. Quarter end days

In addition to the above, valuation agencies may determine any other event as an exceptional event. All exceptional events along-with valuation carried out on such dates shall be documented with adequate justification.

2. Definition of tenure buckets for Similar Maturity

When a trade in the same ISIN has not taken place, reference should be taken to trades of either the same issuer or a similar issuer, where the residual tenure matches the tenure of the bond to be priced. However, as it may not be possible to match the exact tenure, it is proposed that tenure buckets are created and trades falling within such similar maturity be used as per table below.

Residual Tenure of Bond to be priced	Criteria for similar maturity
Up to 1 month	Calendar Weekly Bucket
Greater than 1 month to 3 months	Calendar Fortnightly Bucket
Greater than 3 months to 1 year	Calendar Monthly Bucket
Greater than 1 year to 3 years	Calendar Quarterly Bucket
Greater than 3 years	Calendar Half Yearly or Greater Bucket

In addition to the above:

- a. In case of market events, or to account for specific market nuances, valuation agencies may be permitted to vary the bucket in which the trade is matched or to split buckets to finer time periods as necessary. Such changes shall be auditable. Some examples of market events/ nuances include cases where traded yields for securities with residual tenure of less than 90 days and more than 90 days are markedly different even though both may fall within the same maturity bucket, similarly for less than 30 days and more than 30 days or cases where yields for the last week v/s second last week of certain months such as calendar quarter ends can differ.
- b. In the case of illiquid/ semi liquid bonds, it is proposed that traded spreads be permitted to be used for longer maturity buckets (1year and above). However, the yield should be adjusted to account for steepness of the yield curve across maturities.
- c. The changes I deviations mentioned in clauses a and b, above, should be documented, along with the detailed rationale for the same. Process for making any such deviations shall also be recorded. Such records shall be preserved for verification.

3. Process for determination of similar issuer

Valuation agencies shall determine similar issuers using one or a combination of the following criteria. Similar issuer do not always refer to issuers which trade at same yields, but may carry spreads amongst themselves & move in tandem or they are sensitive to specific market factor/s hence warrant review of spreads when such factors are triggered.

- i. Issuers within same sector/industry and/or
- ii. Issuers within same rating band and/or
- iii. Issuers with same parent/ within same group and/or
- iv. Issuers with debt securities having same guarantors and/or
- v. Issuers with securities having similar terms like Loan Against Shares (LAS)/ Loan Against Property (LAP)

The above criteria are stated as principles and the final determination on criteria, and whether in combination or isolation shall be determined by the valuation agencies. The criteria used for such determination should be documented along with the detailed rationale for the same in each instance. Such records shall be preserved for verification. Similar issuers which trade at same level or replicate each other's movements are used in waterfall approach for valuations. However, similar issuer may also be used just to trigger the review of spreads for other securities in the similar issuer category basis the trade/news/action in any security/ies within the similar issuer group.

4. Recognition of trades and outlier criteria

i. Volume criteria for recognition of trades (marketable lot)

Clause 9.1.3.1 of SEBI Master Circular, prescribes that the marketable lots shall be defined by AMFI, in consultation with SEBI. In this regard, marketable lot is defined as under.

The following volume criteria shall be used for recognition of trades by valuation agencies:

Parameter	Minimum Volume Criteria for marketable lot
Primary	INR 25 cr. for both Bonds/NCD/CP/CD and other money market instruments
Secondary	INR 25 cr. for CP/ CD, T-Bills and other money market instruments
Secondary	INR 5 Cr for Bonds/NCD/G-secs

Trades not meeting the minimum volume criteria i.e. the marketable lot criteria as stated above shall be ignored.

ii. Outlier criteria

It is critical to identify and disregard trades which are aberrations, do not reflect market levels and may potentially lead to mispricing of a security or group of securities. Hence, the following broad principles would be followed by valuation agencies for determining outlier criteria.

- Outlier trades shall be classified on the basis of liquidity buckets (Liquid, Semi-liquid, and Illiquid). Price discovery for liquid issuers is generally easier than that of illiquid issuers and hence a tighter pricing band as compared to illiquid issuers would be appropriate.
- The outlier trades shall be determined basis the yield movement of the trade, over and above the yield movement of the matrix. Relative movement ensures that general market movements are accounted for in determining trades that are outliers. Hence, relative movement over and above benchmark movement shall be used to identify outlier trades.
- Potential outlier trades which are identified through objective criteria defined above will be validated through polling from market participants. Potential outlier trades that are not validated through polling shall be ignored for the purpose of valuation.
- The following criteria shall be used by valuation agencies in determining Outlier Trades

Liquidity Classification	Bps Criteria (Yield movement over Previous Day yield after accounting for yield movement of matrix)		
	Up to 15 days	15-30 days	Greater than 30 days
Liquid	30 bps	20 bps	10 bps

Semi-liquid	45 bps	35 bps	20 bps
Illiquid	70 bps	50 bps	35 bps

The above criteria shall be followed consistently and would be subject to review on a periodic basis by valuation agencies and any change would be carried in consultation with AMFI.

- e. In order to ensure uniform process in determination of outlier trades the criteria for liquidity classification shall be as detailed below.

Liquidity classification criteria - liquid, semi Liquid and Illiquid definition

Valuation agencies shall use standard criteria for classifying trades as Liquid, Semi-Liquid and illiquid basis the following two criteria

- Trading Volume
- Spread over reference yield

Such criteria shall be reviewed on periodic basis in consultation with AMFI. Trading Volume (Traded days) based

criteria:

Number of unique days an issuer trades in the secondary market or issues a new security in the primary market in a calendar quarter

- Liquid $\geq 50\%$ of trade days
- Semi liquid $\geq 10\%$ to 50% trade days
- Illiquid $< 10\%$ of trade days

Spread based criteria:

Spread over the matrix shall be computed and based on thresholds defined, issuers shall be classified as liquid, semi liquid and illiquid. For bonds thresholds are defined as up to 15 bps for liquid; $>15-75$ bps for semi-liquid; > 75 bps for illiquid. (Here, spread is computed as average spread of issuer over AAA Public Sector Undertakings/Financial Institutions/Banks matrix), For CP/ CD- up to 25 bps for liquid;

$>25- 50$ bps for semiliquid; >50 bps for illiquid. (Here, spread is computed as average spread of issuer over A1+/AAA

CD Bank matrix). The thresholds shall be periodically reviewed and updated having regard to the market.

The best classification (liquid being the best) from the above two criteria (trading volume and spread based) shall be considered as the final liquidity classification of the issuer. The above classification shall be carried out separately for money market instruments (CP/ CDs) and bonds.

5. Process for construction of spread matrix

Valuation agencies shall follow the below process in terms of calculating spreads and constructing the matrix:

Steps	Detailed Process
Step 1	<p>Segmentation of corporates-</p> <p>The entire corporate sector is first categorised across following four sectors i.e. all the corporates will be catalogued under one of the below mentioned bucket:</p> <ol style="list-style-type: none"> Public Sector Undertakings/Financial Institutions/Banks; Non-Banking Finance Companies -except Housing Finance Companies; Housing Finance Companies; Other Corporates

Step 2	<p>Representative issuers -</p> <p>For the aforesaid 4 sectors, representative issuers (Benchmark Issuers) shall be chosen by the valuation agencies for only higher rating {I.e. "AAA" or AA+}. Benchmark/Representative Issuers will be identified basis high liquidity, availability across tenure in AAA/AA+ category and having lower credit/liquidity premium. Benchmark Issuers can be single or multiple for each sector.</p> <p>It may not be possible to find representative issuers in the lower rated segments, however in case of any change in spread in a particular rating segment, the spreads in lower rated segments should be suitably adjusted to reflect the market conditions</p> <p>In this respect, in case spreads over benchmark are widening at a better rated segment, then adjustments should be made across lower rated segments, such that compression of spreads is not seen at any step. For instance, if there is widening of spread of AA segment over the AAA benchmark, then there should not be any compression in spreads between AA and A rated segment and so on.</p>
Step 3	<p>Calculation of benchmark curve and calculation of spread -</p> <ol style="list-style-type: none"> 1. Yield curve to be calculated for representative issuers for each sector for maturities ranging from 1month till 20 years and above. 2. Waterfall approach as defined in Part A (1) above will be used for construction of yield curve of each sector. 3. In the event of no data related to trades/primary issuances in the securities of the representative issuer is available, polling shall be conducted from market participants 4. Yield curve for Representative Issuers will be created on daily basis for all 4 sectors. All other issuers will be pegged to the respective benchmark issuers depending on the sector, parentage and characteristics. Spread over the benchmark curve for each security is computed using latest available trades/primaries/polls for respective maturity bucket over the Benchmark Issuer. 5. Spreads will be carried forward in case no data points in terms of trades/primaries/polls are available for any issuer and respective benchmark movement will be given
Step 4	<ol style="list-style-type: none"> 1. The principles of VWAY, outlier trades and exceptional events shall be applicable while constructing the benchmarkcurve on the basis of trades/primary issuances. 2. In case of rating downgrade/credit event/change in liquidity or any other material event in Representative Issuers, new Representative Issuers will be identified. Also, in case there are two credit ratings, the lower rating to be considered. 3. Residual tenure of the securities of representative issuers shall be used for construction of yield curve.

Part B: Valuation of G-Secs (T-Bill, Cash management bills, G-Sec and SDL)

The following is the waterfall mechanism for valuation of Government securities:

- VWAY of last one hour, subject to outlier validation
- VWAY for the day (including a two quote, not wider than 5 bps on NDSOM), subject to outlier validation
- Two quote, not wider than 5 bps on NDSOM, subject to outlier validation
- Carry forward of spreads over the benchmark
- Polling etc.

Note:

1. VWAY shall be computed from trades which meet the marketable lot criteria stated in Part A of these Guidelines.
2. Outlier criteria: Any trade deviating by more than +/- 5 bps post factoring the movement of benchmark security shall be identified as outlier. Such outlier shall be validated through polling for inclusion in valuations. If the trades are not validated, such trades shall be ignored.

II. AMFI GUIDELINES ON POLLING PROCESS FOR MONEY MARKET AND DEBT SECURITIES

Please refer to clause 9.2.3 (c) (v) of SEBI Master Circular, which prescribes that considering the importance of polling in the valuation process, guidelines shall be issued by AMFI on polling by valuation agencies and on the responsibilities of Mutual Funds in the polling process, as part of the waterfall approach for valuation of money market and debt securities. In this regard, the following Guidelines were approved by the Board of AMFI, in consultation with SEBI.

Polling Guidelines:

1. Valuation agencies shall identify the Mutual Funds who shall participate in the polling process on a particular day, taking into account factors such as diversification of poll submitters and portfolio holding of the Mutual Funds. Mutual Funds who are identified by the valuation agencies shall necessarily participate in the polling process. However, in case any Mutual Fund does not participate in the polling process, detailed reason for the same shall be recorded at the time and subsequently made available during SEBI inspections. In this respect, since a Mutual Fund may have investments in similar securities, a security not forming part of investment universe may not be considered as an adequate reason for not participating in the polling process.
2. Polling will be carried out on a daily basis by the valuation agencies, in terms of points 9-11 below.
3. Each valuation agency needs to take polls from at least 5 unique Mutual Funds on a daily basis. Hence, between the two valuation agencies 10 unique Mutual Funds to be polled. They may cover more Mutual Funds, over and above this. For benchmark securities a poll constituting at least 5 responses will be considered as valid. In case of non-benchmark securities a poll constituting at least 3 responses will be considered as valid. The responses received by each valuation agency will be shared with the other agency also.
4. Median of polls shall be taken for usage in valuation process.
5. The valuation agencies will also need to cover as many non- Mutual Fund participants as possible, over and above the Mutual Funds, to improve on the polling output quality.
6. Endeavour would be made to have adequate representation of both holders and non-holders of the same bond/same issuer for non-benchmark securities in the poll process. Where this is not possible, valuation agencies may seek polls from holders of bonds with a similar structure.
7. In the case of issuers with multiple notch rating upgrades/ downgrades over short periods of time, valuation agencies shall:
 - a. Conduct polls with a larger universe of pollers.
 - b. Increase the frequency of polling
8. Suo-moto feedback on valuations should be entertained only through formal mails from persons designated by AMC for said purpose, and the same shall be validated through re-polling. Any such feedback shall be duly recorded by the valuation agencies, including the reason for the challenge, results of re-polling and subsequent changes in valuation on re-polling, if any. Such records shall be preserved by the valuation agencies, for verification.
9. Polling will be done for two sets of securities, Benchmark & Others.
10. Benchmark will be defined for the following categories across tenors.
 - a) Treasury Bills
 - b) Central Government Securities
 - c) State Government Securities
 - d) AAA PSU/PFI/PSU Banks
 - e) AAA Private

- f) NBFC
 - g) HFC
 - h) Any other as required for improving fair valuations.
11. Polling shall be conducted in the following two scenarios:
 - a) Validation of traded levels if they are outlier trades.
 - b) Non-traded Securities (in exceptional circumstances as defined in the waterfall mechanism for valuation of money market and debt securities).
 12. Best efforts should be made by poll submitters to provide fair valuation of a security.
 13. The polling process will be revalidated by external audit of the valuation agencies with at least an annual frequency
 14. AMCs shall have a written policy, approved by the Board of AMC and Trustees, on governance of the polling process. The aforesaid policy shall include measures for mitigation of potential conflicts of interest in the polling process and shall identify senior officials, with requisite knowledge and expertise, who shall be responsible for polling. Further, the policy should outline the following aspects:
 - a. The process of participating in a polling exercise.
 - b. Identify the roles and responsibilities of persons participating in the polling.
 - c. Include policies and procedures for arriving at the poll submission
 - d. Cover the role of the Board of AMC and Trustees, and the periodic reporting that needs to be submitted to them.
 - e. All polling should be preferably over email. In case for any reason, the polling is done by way of a telephonic call then such a call should be over recorded lines, followed subsequently by an email.
 - f. AMCs should have adequate business continuity arrangements for polling, with the necessary infrastructure I skill to ensure that consistent delivery of poll submissions is made without material interruption due to any failure, human or technical.
 15. All polling done will have to be documented and preserved in format approved by the Board of AMC, for a period of eight years, along-with details of the basis of polling (such as market transactions, market quotes, expert judgement etc.).
 16. AMCs shall ensure that participation in the polling process is not misused to inappropriately influence the valuation of securities. The officials of the AMC who are responsible for polling in terms of point no. 14 above, shall also be personally liable for any misuse of the polling process.
 17. AMCs shall maintain an audit trail for all polls submitted to valuation agencies.

COMPUTATION OF NAV

A. Policy of computation of NAV

The NAV of the Units of a Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date.

NAV of Units under each Scheme may be calculated by either of the following methods shown below:

$$\text{NAV Per Unit (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments} + \text{Current Assets} - \text{Current Liabilities and Provisions}}{\text{No. of Units outstanding under the Scheme}}$$

The numerical illustration of the above method is provided below.

Market or Fair Value of Scheme's investments (Rs.) = 11,42,53,650.00

Current Assets (Rs.) = 10,00,000.00

Current Liabilities and Provisions (Rs.) = 5,00,000.00

No. of Units outstanding under the Scheme = 1,00,00,000

$$\text{NAV Per Unit (Rs.)} = \frac{11,42,53,650.00 + 10,00,000.00 - 5,00,000.00}{1,00,00,000} = 11.4754$$

N.B.: The aforesaid provisions pertaining to "Calculation of NAV" shall apply in respect of each individual Scheme and/or plan as the case may be.

NAVs will be rounded off to three or four decimal places based on the nature and category of the scheme. Please refer to the Scheme Information Document (SID) of the scheme for further details. The valuation of the Schemes' assets and calculation of the Schemes' NAVs shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

B. Policy for computation of NAV in foreign securities

For scheme investing in Foreign / Overseas security and having exposure to Commodity Derivatives (ETCD's), the NAV of the Scheme for a business day (Day T) will be based on the NAV / Price of the underlying fund / securities for that day (Day T). Since the NAV of the underlying fund / price of securities for a business day (Day T) would normally be available either late in the evening of the business day (Day T) or on the following business day (T+1) as per Indian Standard Time (IST), the Scheme will declare the NAV for a Business day (Day T) on the next Business Day (T+1), based on the availability of the NAV / Price of the underlying fund / securities for the business day for which the NAV is declared (Day T). Please refer to the SID of specific scheme for further details with regards to NAV disclosure timeline.

On the valuation day, all the assets and liabilities in foreign currency will be valued in Indian Rupees based on applicable Foreign Exchange rate as defined in the valuation policy. The Trustees/AMC reserves the right to change the source for determining the exchange rate. The reasons for the change in the source for determining the exchange rate will be recorded in writing.

Valuation of the scheme's assets, calculation of the scheme's NAV and the accounting policies & standards will be subject to such norms and guidelines that SEBI may prescribe from time to time and shall be subject to audit on an annual basis.

The NAVs of the Scheme/plans will be calculated by the Mutual Fund on each Business Day and will be made available as per the timelines mentioned in SID.

C. Procedure in case of delay in disclosure of NAV

In case of delay, the reasons for such delay would be explained to AMFI in writing. If the NAVs of the Scheme, where the NAV is to be declared on the same day business day (Day T) by 11 PM, are not available before commencement of business hours on the following business day due to any reason, the Fund shall issue a press release providing reasons for the delay and explaining when the Fund would be able to publish the NAVs.

If the NAVs of the Scheme for a business day (Day T), where the NAV is to be declared on next business day (Day T+1) 10 AM, is not published till 3.00 p.m. on the following business day (T+1) due to any reason, the Fund shall issue a press release providing reasons for the delay and explaining when the Fund would be able to publish the NAVs.

If the NAVs of the Scheme for a business day (Day T), where the NAV is to be declared on next business day (Day T+1) 8:30 PM, are not published till the end of day (T+1, business day) due to any reason, the Fund shall issue a press release providing reasons for the delay and explaining when the Fund would be able to publish the NAVs.

The Investment Manager can also temporarily suspend all transactions (subscription/redemption) in the above-mentioned scenarios depending on the circumstances on a case-to-case basis. Notice of it would be issued to intimate the investors.

IX. TAX & LEGAL & GENERAL INFORMATION

A. Taxation on investing in Mutual Funds

The information furnished below outlines briefly the key tax implications applicable to the unit holders of the Scheme and to the Mutual Fund based on relevant provisions of the Income-tax Act, 1961 (the Act) including amendments made under the Finance Act, 2024 and Finance (No.2) Act, 2024 (collectively called ‘the relevant provisions’) as at April 1, 2024 and 23rd July, 2024. The benefits stated herein have been reviewed and certified by M/s. G.M. Kapadia & Co. Chartered Accountants and are found in agreement with the relevant provisions. However, M/s. G.M. Kapadia & Co do not make any representations on the procedures for ascertaining the tax benefits nor do they make any representation regarding any legal interpretations.

The tax benefits set out in the SAI are for general purposes only and do not constitute tax advice. The tax information provided in the SAI does not purport to be a complete description of all potential tax costs, tax incidence and risks inherent in subscribing to the units of the Scheme(s) offered by DSP Mutual Fund (“Fund”). Investors should be aware that the tax laws may change and there can be no guarantee that the current tax position as laid out hereunder may continue indefinitely.

The key aspects pertaining to the Securities Transaction Tax (STT), the tax benefits/ consequences as applicable to Fund in respect of its Schemes (being an equity-oriented fund/ other than equity oriented fund/ money market mutual fund/ liquid fund) and investors investing in the units of its Schemes [on the assumption that the units are not held as stock-in-trade] are stated as follows:

THE FOLLOWING INFORMATION IS PROVIDED FOR GENERAL INFORMATION PURPOSES ONLY AND APPLIES TO THE SCHEME. IN VIEW OF THE INDIVIDUAL NATURE OF TAX BENEFITS, EACH INVESTOR IS ADVISED TO CONSULT HIS OR HER OWN TAX CONSULTANT WITH RESPECT TO THE SPECIFIC TAX IMPLICATIONS ARISING OUT OF HIS OR HER PARTICIPATION IN THE SCHEME.

TAX IMPLICATIONS FOR THE FUND

As the Mutual Fund has been registered with the SEBI under the SEBI (Mutual Fund) Regulations, 1996, the entire income of the Mutual Fund is exempt from income-tax under section 10(23D) of the Act.

TAX IMPLICATIONS TO UNIT HOLDERS

Income-tax Act, 1961 (‘the Act’)

(i) Income from units

Income received from Mutual Funds will be taxable in the hands of unitholders at the tax rates applicable to them.

(ii) Capital gains

(a) Long-term capital gains

Under section 2(29A) read with section 2(42A) of the Act, units of an equity Oriented Scheme held as a capital asset are treated as a long- term capital asset if they are held for a period of more than twelve months immediately preceding the date of their transfer. Units of non-equity oriented schemes other than units of specified mutual fund bought on or after April 01,2023 held as a capital asset are treated as a long-term capital asset if they are held for a period of more than twenty four months immediately preceding the date of their transfer.

The additional units issued under the Reinvestment of Income Distribution cum capital withdrawal option available in the Scheme and held as capital asset would get the benefit of long-term capital gains tax if sold after being held for more than twelve months in case of equity oriented scheme and more than twenty four months in case of non-equity oriented scheme other than units of specified mutual fund bought on or after April 01,2023. For this purpose, twelve months and twenty four months respectively will be computed from the date when such additional units are allotted.

From the full value of consideration, the following amounts should be deducted to arrive at the amount of long-term capital gains:

- Cost of acquisition as adjusted by the cost inflation index notified by the Central Government in the Official Gazette; and
- Expenditure incurred wholly and exclusively in connection with such transfer.

Under section 112 of the Act, capital gains arising to a resident from transfer of a long-term capital asset before 23rd July, 2024 being units of a Mutual fund (other than units of equity oriented Scheme & units of specified mutual funds bought on or after April 01,2023) will be taxable at the rate of 20% (plus applicable surcharge & health and education cess) with indexation. In case of non-resident (not being a company) or a foreign company such capital gains arising from transfer of a capital asset, being unlisted securities, will be taxable at the rate of 10 percent (plus applicable surcharge & health and education cess) without indexation and in case of listed securities will be taxable at the rate 20 percent (plus applicable surcharge & health and education cess) with indexation. No indexation benefit is, however, available in computing long-term capital gain arising from the transfer of a long-term capital asset being bond or debenture other than capital indexed bonds issued by the Government.

Finance (No.2) Act made amendments with effect from 23rd July, 2024 as under:

- (i) Capital gains arising to a resident from transfer of a long-term capital asset on or after 23rd July, 2024 being units of a Mutual fund (other than units of equity oriented Scheme & units of specified mutual funds bought on or after April 01,2023) will be taxable at the rate of 12.5% (plus applicable surcharge & health and education cess) without indexation
- (ii) In case of non-resident (not being a company) or a foreign company such capital gains arising from transfer on or after 23rd July, 2024 of a capital asset, being listed or unlisted securities, will be taxable at the rate of 12.5 percent (plus applicable surcharge & health and education cess) without indexation and exchange rate fluctuation.

As per the provisions of section 112A of the Act, long-term capital gains arising on the transfer of units of “*equity-oriented funds*”¹ on which the Securities Transaction Tax (STT) has been paid are taxable at rate of 12.5% (plus applicable surcharge & health and education cess) of such capital gain exceeding Rs. 125,000/-. Further as per section 55 (2)(ac) of the Act, while determining the capital gain, the cost of acquisition in respect of the long-term capital asset acquired by the assessee before the 1st day of February, 2018 ,shall be deemed to be the higher of –

- a) the actual cost of acquisition of such asset; and
- b) the lower of –
 - (I) the fair market value of such asset; and
 - (II) the full value of consideration received or accruing as a result of the transfer of the capital asset. “Fair market value” has been defined to mean –
 - in a case where the capital asset is listed on any recognized stock exchange as on the 31st day of January, 2018, the highest price of the capital asset quoted on such exchange on the said date. However, where there is no trading in such asset on such exchange on the 31st day of January, 2018 , the highest price of such asset on such exchange on a date immediately preceding the 31st day of January, 2018 when such asset was traded on such exchange shall be the fair market value; and
 - in a case where the capital asset is a unit and is not listed on a recognized stock exchange as on 31st day of

¹ “*equity oriented fund*” has been defined to mean a fund set up under a scheme of a mutual fund specified under clause (23D) of section 10 and—

- a) In a case where the fund invests in the units of another fund which is traded on a recognized stock exchange—
 - (I) a minimum of 90 per cent. of the total proceeds of such fund is invested in the units of such other fund; and
 - (II) such other fund also invests a minimum of 90 per cent of its total proceeds in the equity shares of domestic companies listed on recognized stock exchange; and
- b) in any other case, a minimum of 65 per cent of the total proceeds of such fund is invested in the equity shares of domestic companies listed on recognized stock exchange.

January, 2018, the net asset value of such unit as on the said date.

Further, where in case of an individual or a Hindu Undivided Family (HUF), being a resident, the total income as reduced by such long-term capital gains is below the maximum amount which is not chargeable to income-tax, then such long-term capital gains shall be reduced to the extent of such shortfall and only the balance of the long-term capital gains will be subject to the flat rate of taxation for long-term capital gains (applicable to long term capital gains taxable under section 112 as well as section 112A).

The benefit of deduction under chapter VIA shall be allowed from the gross total income as reduced by such capital gains.

Similarly, the rebate under section 87A of the Act shall be allowed to Individual resident, whose total income does not exceeds five hundred thousand rupees (income computed before allowing deduction under this chapter), from the income-tax on the total income as Further, as per amendment made by the Finance Act, 2023, resident Individuals opting to offer their income under the new tax regime under section 115BAC, the rebate under section 87A of the Act shall be allowed if the total income does not exceed seven hundred thousand rupees from the income tax payable on total income..

As per the provisions of section 115AD of the Act, long-term capital gains arising to Foreign Institutional Investors ('FIIs') /Foreign Portfolio Investors (FPI) in excess of INR 1.25 lakhs, on sale of units before 23rd July, 2024 would be taxed at 10 percent (plus applicable surcharge & health and education cess), without indexing the cost of acquisition and on sale of units on or after 23rd July, 2024, would be taxed at 12.5%

In case of non-resident investors, the above rates are subject to benefits available, if any, under the applicable Double Taxation Avoidance Agreement ('DTAA'). The Central Board of Direct Taxes ("CBDT") has issued Notification no.3/2022 dated 16 July 2022 wherein they have made it mandatory for all such persons to electronically file Form 10F through the e-filing portal. However, the CBDT had granted relaxation with respect to the requirement of electronic filing for Non-resident investors without PAN till September 30, 2023. Accordingly, with effect from 1 October 2023, it shall be mandatory for all Non-resident investors to file Form 10F electronically.

The long-term capital gains will be computed without giving effect to the first and second provisos to section 48, i.e. inflation indexation in respect of cost of acquisition and cost of improvement, if any, and the benefit of computation of capital gains in foreign currency in the case of a non-resident, will not be allowed.

(b) Short-term capital gains:

As per section 111A of the Act, short-term capital gains arising before 23rd July, 2024 on the redemption of units of equity-oriented mutual funds [on which STT has been paid – refer sub-para (c) below] are taxable at rate of 15 percent (plus applicable surcharge & health and education cess). In respect of units sold on or after 23rd July, 2024, short term capital gains would be taxable at the rate of 20% (plus applicable surcharge & health and education cess)

As per the provisions of section 111A of the Act any income arising from the transfer of a short-term capital asset before 23rd July, 2024, being an equity share in a company or a unit of an equity oriented scheme would also be taxable at the rate of 15 percent (plus applicable surcharge & health and education cess) where, transaction is undertaken on a recognised stock exchange located in any international Financial Services Centre and where consideration for such transaction is paid or payable in foreign currency. In respect of units sold on or after 23rd July, 2024, short term capital gains would be taxable at the rate of 20% (plus applicable surcharge & health and education cess)

However, in the case of an individual or a HUF, being a resident, where the total income as reduced by such short-term capital gains is below the maximum amount which is not chargeable to income-tax, then, such short-term capital gain shall be reduced by the amount by which the total income as so reduced falls short of the maximum amount which is not chargeable to income-tax and the tax on the balance of such short term capital gains shall be computed at the rate of fifteen percent (plus applicable surcharge & health and education cess).

In case of non-resident investors, the above rates are subject to benefits available, if any, under the applicable Double Taxation Avoidance Agreement ('DTAA'). The Central Board of Direct Taxes ("CBDT") has issued Notification no.3/2022 dated 16 July 2022 wherein they have made it mandatory for all such persons to electronically file Form 10F through the e-filing portal. However, the CBDT had granted relaxation with respect to the requirement of electronic filing for Non-resident investors without PAN till September 30, 2023. Accordingly, with effect from 1 October 2023, it shall be mandatory for all Non-resident investors to file Form 10F electronically.

The benefit of deduction under chapter VIA shall be allowed from the gross total income as reduced by such capital gains.

Units of non-equity oriented Schemes other than units of specified mutual funds bought on or after April 01,2024 held as a capital asset for not more than twenty four months immediately preceding the date of their transfer are short-term capital assets.

Further, Finance Act 2023 has inserted section 50AA in the Act which provides that units of Specified mutual fund acquired on or after 1 April 2023 are deemed to be short term capital assets irrespective of their period of holding. With respect to specified mutual funds, the capital gains shall be arrived at by reducing the cost of acquisition of the units and the expenditure incurred wholly and exclusively in connection with the transfer / redemption / maturity of such units, except for the amount paid as securities transaction tax.

Capital gains arising from the transfer of short-term capital assets will be subject to tax at the rates applicable to residents / NRIs /PIOs /FIIs/FPIs. The following rates are applicable to resident individuals and HUFs/NRIs/PIOs for Financial year 2024-25:

Non Equity oriented fund in case of FDI/FPI

As per section 115AD, in case of non-equity oriented scheme/Specified Mutual fund, FII/FPIs are chargeable to tax on short-term capital gains at the rate of 30 percent (plus applicable surcharge & health and education cess).

Domestic companies are chargeable to tax on short-term capital gains at the rate of 15/22/25/30 percent (as applicable).

Non resident corporates are taxable at 35% (plus applicable surcharge & health and education cess) with effect from 1st April, 2024. Earlier the rate applicable was 40% (plus applicable surcharge & health and education cess)

Below are the additional relevant provisions in the context of capital gains.

(a) Dividend Stripping (All unit holders)

As per section 94(7) of the Act, losses arising from the sale/transfer of units (including redemption) purchased up to 3 months prior to the record date and sold within 9 months after such date, will be disallowed to the extent of income distribution (excluding redemptions) on such units claimed as tax exempt by the unit holder. However, as per the Financial Act, 2020 with effect from 1st April, 2020, Income distributed by Mutual Funds will no longer be exempt under section 10(35) of the Act and will be taxable in the hands of the unitholders. Accordingly, the provisions of section 94(7) of the Act will not be applicable.

(b) Bonus Stripping (All unit holders)

Section 94(8) of the Act provides that any person who buys or acquires any units within a period of 3 months prior to the record date and such person is allotted additional units without consideration (bonus units) based on the original holding, any subsequent loss on sale of original units within a period of 9 months from the record date, will be ignored for computing the income chargeable to tax. The loss so ignored will be deemed to be considered as the cost of purchase or acquisition of Bonus units (held at such time) when these Bonus units are subsequently sold.

(c) Securities Transaction Tax ('STT')

STT is levied on purchase or sale of a unit of an equity-oriented fund entered in a recognised stock exchange. The responsibility for the collection of the STT and payment to the credit of the Government is with the Stock Exchange.

STT is also levied on sale of a unit of an equity-oriented fund. In such a case, the responsibility for the collection of the STT and payment to the credit of the Government is with the Mutual Fund. The rates of STT are as follows:

	Nature of transaction	Rate of STT
A.	Purchase of units of an equity oriented fund entered in a recognized stock exchange - Settled by actual delivery or transfer	Purchaser to pay NIL
	Sale of units of an equity oriented fund entered in a recognised stock exchange- Settled by actual delivery or transfer	Seller to pay 0.001 percent
B.	Sale of units of an equity oriented fund entered in a recognised stock exchange - Settled otherwise than by actual delivery or transfer	Seller to pay 0.025 percent
C.	Sale of units of an equity oriented fund to the mutual fund	Seller to pay 0.001 percent
D.	Sale of an option in securities	<u>Upto 30th September 2024</u> Seller to pay 0.0625 percent <u>With effect from 1 October 2024</u> Seller to pay 0.1 percent
	Sale of option in securities, where option is exercised	Purchaser to pay 0.125 percent
	Sale of a futures in securities	<u>Upto 30th September 2024</u> Seller to pay 0.0125 percent <u>With effect from 1 October 2024</u>

		Seller to pay 0.02 percent
E	Sale of unlisted equity shares under an offer for sale to the public in an initial public offer	Seller to pay 0.2 percent
F	Purchase and sell of equity shares or a unit of business trust on a recognized stock exchange, settled by actual delivery	Purchaser / Seller to pay 0.10 percent
	Sale of equity shares or a unit of business trust on a recognized stock exchange, settled otherwise by actual delivery	Seller to pay 0.025 percent
	Sale of unlisted units of a business trust under an offer for sale referred to in sub clause (ab) of clause 13 of section 97	Seller to pay 0.2 percent

The above STT shall not apply in respect of taxable securities transactions entered into by the following persons:

- (i) any person for, or on behalf of, the New Pension System Trust referred to in clause (44) of section 10 of the Act; or
- (ii) any person on a recognised stock exchange located in an International Financial Services Centre where the consideration for such transaction is paid or payable in foreign currency.

(iii) Clubbing of Income

Subject to the provisions of section 64(1A) of the Act, taxable income accruing or arising in the case of a minor child (not being a minor child suffering from disability specified in section 80U) shall be included in the income of the parent whose total income is greater or where the marriage of the parents does not subsist, in the income of that parent who maintains the minor child. An exemption under section 10(32) of the Act is granted to the parent in whose hand the income is included up to Rs. 1,500/- per minor child. When the child attains majority, the tax liability will be on the child.

(iv) MAT / AMT Liability

The income on the transfer of Mutual Fund units by a company would be taken into account in computing the book profits and Minimum Alternative Tax ('MAT'), if any, under section 115JB of the Act.

The taxable income on transfer of Mutual Fund units would be taken into account in computing the Adjusted Total Income and Alternate Minimum Tax, if any, under section 115JC of the Act.

Finance Act, 2020 has introduced new tax regime under section 115BAA, section 115BAB and section 115BAC of the Act. Once the person opts for the new tax regime, the provisions of MAT/AMT would not be applicable.

(v) Equity Linked Savings Scheme

An Individual and HUF will be eligible to make an investment upto Rs.1,50,000/- in Equity Linked Savings Schemes (ELSS) which are formulated under Equity Linked Savings Schemes, 2005('the Scheme'), issued by the Central Government.

As per the said Scheme, the said investments will qualify for deduction under section 80C of the Act. The Scheme has lock-in period of 3 years.

In case the Investor has made withdrawal from the Scheme prior to the completion of 3 years, the same will be taxable in the previous year in which amount of Income is received by the individual/HUF as the case may be.

In case of individuals and HUFs who opt for the new tax regime as stated above in the previous year ended 31st March, 2021 or thereafter, the investment upto Rs. 1,50,000/- in ELSS will not qualify for deduction under section 80C of the Act while computing their income.

(vi) Consolidating Scheme of Mutual Fund

Transfer not chargeable to tax at the time of consolidation of Scheme of Mutual fund:

Capital gains shall not apply to any transfer by a unit holder of a capital asset, being a unit or units, held by him in the consolidating scheme of a mutual fund, if the transfer is made in consideration of the allotment to him of any unit or units in the consolidated scheme of the mutual fund under the process of consolidation of the schemes of mutual fund.

The consolidation should be of two or more schemes of equity oriented fund or of two or more schemes of a fund other than equity oriented fund.

“consolidating scheme” means the scheme of a mutual fund which merges under the process of consolidation of the schemes of mutual fund in accordance with the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 made under the Securities and Exchange Board of India Act, 1992;

“consolidated scheme” means the scheme with which the consolidating scheme merges or which is formed as a result of such merger.

(a) Cost of Units in consolidating Scheme of Mutual Fund

The cost of acquisition of the Units in the consolidated scheme shall be deemed to be the cost of acquisition to the investor of the unit or units in the consolidating scheme of the mutual fund.”.

(b) Holding period

In the case of a capital asset, being a unit or units, which becomes the property of the assessee in consideration of a transfer on account of consolidation of Scheme of Mutual Fund, there shall be included the period for which the unit or units in the consolidating scheme of the mutual fund were held by the assessee.

(vii) Consolidating Plan of a Mutual Fund Scheme

Transfer not chargeable to tax at the time of consolidation of plans of a Mutual fund scheme

any transfer by a unit holder of a capital asset, being a unit or units, held by him in the consolidating plan of a mutual fund scheme, made in consideration of the allotment to him of a capital asset, being a unit or units, in the consolidated plan of that scheme of the mutual fund.

“consolidating plan” means the plan within a scheme of a mutual fund which merges under the process of consolidation of the plans within a scheme of mutual fund in accordance with the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 made under the Securities and Exchange Board of India Act, 1992;

“consolidated plan” means the plan with which the consolidating plan merges or which is formed as a result of such merger;

(a) Cost of Units in consolidating plan of Mutual Fund

Cost of acquisition of a unit or units in consolidated plan of a mutual fund scheme shall be deemed to be the cost of acquisition to the investor of the unit or units in the consolidating plan of the mutual fund scheme.

(b) Holding period

In the case of a capital asset, being a unit or units, which becomes the property of the assessee in consideration of a transfer on account of consolidation of plans of a Mutual Fund scheme, there shall be included the period for which the unit or units in the consolidating plan of the mutual fund scheme were held by the assessee.

(viii) Unlike specific provisions for exemption for consolidation of schemes of a mutual fund and for consolidation of plans of a mutual fund as aforesaid, there is no specific exemption provision in the Act for consolidation of options under a particular scheme of a mutual fund. Accordingly, in the absence of such a specific provision in the Act, consolidation of options may entail capital gain incidence in the hands of the unit holders. In case of non-resident unit holders, TDS will be deducted in accordance with the provisions of the Act (if necessary, by redeeming the required number of units).

(ix) Segregated Portfolio of Mutual Fund (The Finance, Act 2020, has inserted the provisions relating to segregated Portfolio of Mutual Fund)

SEBI has permitted the creation of segregated portfolio of debt and money market instruments by Mutual Fund Schemes. In view of the same, it is now provided in the Act that:

(a) the holding period for such units held in the segregated portfolio shall include the period for which the original units were held in the main portfolio; and

(b) the cost of acquisition for the units of the segregated portfolio shall be the amount of cost of acquisition of total portfolio in the proportion of Net Asset Value (“NAV”) of assets transferred to the segregated portfolio to the NAV of total portfolio before the segregation.

Consequently, the cost of acquisition of units in the main portfolio would be reduced by the cost of acquisition of segregated portfolio as determined above.

(x) Tax deducted at source ('TDS')

(a) On Income Distribution by Mutual fund

Any income credited or paid to unit holders in respect of units of a mutual fund specified under section 10(23D) of the Act will be liable to tax deducted at source on income. In case the payee is a resident, tax is required to be deducted at source at the rate of 10% if the amount of income credited or paid or likely to be credited or paid during the financial year by the person responsible for making the payment exceeds five thousand rupees. Tax is required to be deducted at source at the rate of 20 percent (plus applicable surcharge & health and education cess) if the payee is a non-resident. However, as per the amendment made by the Finance Act 2021 in case of a FPI and by the Finance Act 2023 in case of non-resident unit holder, the TDS rate would be considered at 20% (plus applicable surcharge & health and education cess) or rate as per the applicable Double Taxation Avoidance Agreement (DTAA) whichever is lower. The Central Board of Direct Taxes ("CBDT") has issued Notification no.3/2022 dated 16 July 2022 wherein they have made it mandatory for all such persons to electronically file Form 10F through the e-filing portal. However, the CBDT had granted relaxation with respect to the requirement of electronic filing for Non-resident investors without PAN till September 30, 2023. Accordingly, with effect from 1 October 2023, it shall be mandatory for all Non-resident investors to file Form 10F electronically.

(b) On capital gains

Resident investors

No tax is required to be deducted at source from capital gains arising at the time of repurchase/redemption of the units.

Non-resident investors

- Under section 195 of the Act, the mutual fund including Specified Mutual fund (other than units of specified Mutual fund acquired on or after 1st April, 2023) is required to deduct tax at source at the rate of 20 percent (plus applicable surcharge & health and education cess) on any long-term capital gains arising on account of sale of units before 23rd July, 2024 if the payee unit holder is an NRI/PIO.(after considering indexation)
- With effect from 23rd July, 2024, the mutual fund including Specified Mutual fund (other than units of specified

Mutual fund acquired on or after 1st April, 2023) is required to deduct tax at source at the rate of 12.5 percent (plus applicable surcharge & health and education cess) on any long-term capital gains arising on account of units sold on or after 23rd July, 2024 if the payee unit holder is an NRI/PIO.(without considering indexation)

- In respect of short-term capital gains arising on sale of units, tax is required to be deducted at source at the rate of 30 percent (plus applicable surcharge & health and education cess) if the payee is a NRI/PIO or other non-resident (other than Foreign Institutional investor & foreign portfolio Investor) and at the rate of 40 per cent if the payee is a non-resident corporate. With effect from 23rd July, 2024, the rate of TDS would be 35%, if the payee is a non-resident corporate

Unlisted units of a Non-equity oriented schemes (U/S 115E/112)

- Under section 115E/112 of the Act, the mutual fund including Specified Mutual Fund (other than units of specified Mutual fund acquired on or after 1st April, 2023) is required to deduct tax at source at the rate of 10 percent (plus applicable surcharge & health and education cess) on any long-term capital gains before 23rd July, 2024 if the payee unit holder is an NRI/PIO & other non-resident (other than Foreign Institutional investor & foreign portfolio Investor). (Without indexation and exchange fluctuation). With effect from 23rd July, 2024, the applicable rate of TDS is 12.5%,
- In respect of short-term capital gains arising on sale of units before 23rd July, 2024, tax is required to be deducted at source at the rate of 30 percent (plus applicable surcharge & health and education cess) if the payee is a NRI/PIO or other non-resident (other than Foreign Institutional investor & foreign portfolio Investor) and at the rate of 40 per cent if the payee is a non resident corporate. With effect from 23rd July, 2024, the rate of TDS is 35%, if the payee is a non-resident corporate.

The Fund will deduct the above tax at the time of repurchase of units. In case of sale of units by Non-resident investors through recognized stock exchange, tax deduction will be done by the bank of the Non-resident investor.

As per section 206AA of the Act, any person who is entitled to receive any sum or income or amount, on which tax is deductible under Chapter XVIIIB (hereafter referred to as deductee) on or after 01/04/2010, shall furnish his Permanent Account Number to the person responsible for deducting such tax (hereafter referred to as deductor), failing which tax shall be deducted at the higher of the following rates, namely:

- i. at the rate specified in the relevant provision of the Act; or
- ii. at the rate or rates in force; or
- iii. at the rate of twenty per cent.

The aforesaid provision dealing with higher taxation in the absence of furnishing Permanent Account. Number shall not apply to a non-resident on furnishing the following details and documents by such non-resident:

- i. name, e-mail id, contact number;
- ii. address in the country or specified territory outside India of which the non-resident is a resident;
- iii. a certificate of his being resident in any country or specified territory outside India from the Government of that country or specified territory if the law of that country or specified territory provides for issuance of such certificate;
- iv. Tax Identification Number of the non-resident in the country or specified territory of his residence and in case no such number is available, then a unique number on the basis of which the non-resident is identified by the Government of that country or the specified territory of which he claims to be a resident.

In case of investments by NRIs during NFO, at the time of redemption of units, TDS will be deducted at the applicable rate. However, in respect of those Unit Holders who have acquired the Units on the Stock Exchange post listing of units, the Unit Holders would need to provide a certificate from a Chartered Accountant certifying the details of acquisition of Units to the Mutual Fund within two days of maturity of the Scheme, so as to enable the Mutual Fund to deduct TDS at the applicable rates. In the event of such details not being provided, the Mutual Fund would deduct TDS on the redemption proceeds at the highest rate of TDS applicable.

(c) Other applicable TDS provisions

i) TDS on Non-filers of Return

Section 206AB deals with higher rate for deduction of tax at source for non-filers of income tax return.

As per the said section, where tax is required to be deducted at source under the provisions of Chapter XVIIB, other than sections 192, 192A, 194B, 194BB, 194LBC or 194N on any sum or income or amount paid, or payable or credited, by a person to a specified person, the tax shall be deducted at the higher of the following rates, namely–

- (i) at twice the rate specified in the relevant provision of the Act; or
- (ii) at twice the rate or rates in force; or
- (iii) at the rate of five per cent.

If the provisions of section 206AA is applicable to a specified person, in addition to the provision of this section, the tax shall be deducted at higher of the two rates provided in this section and in section 206AA.

For the purpose of this section, Specified person has been defined as a person who has not furnished the return of income for the assessment year relevant to the previous year immediately preceding the financial year in which tax is required to be deducted, for which the time limit of furnishing the return of income under sub-section (1) of section 139 has expired; and the aggregate of tax deducted at source and tax collected at source in his case is rupees fifty thousand or more in said previous year.

Provided that the specified person shall not include a non- resident who does not have a permanent establishment in India Finance Act 2023, with effect from 1st April, 2023, amended the said proviso to also exclude a person who is not required to furnish the return of income for the assessment year relevant to the said previous year and is notified by the Central Government in the Official Gazette in this behalf.

For the purposes of this sub-section, the expression “permanent establishment “includes a fixed place of business through which the business of the enterprise is wholly or partly carried on.

Accordingly, TDS at higher rate could apply in such case.

- ii) As per section 10(44), any income received by any person on behalf of the New Pension System Trust established on 27th day of February, 2008 under the provisions of Indian Trust Act of 1882 shall be exempt from income-tax.

iii) Double Taxation Avoidance Agreements

Section 90 of the Act provides that where the Government of India has entered into a DTAA with the Government of any other country, the provisions of the Act will apply to the extent they are more beneficial to the taxpayer. Accordingly, if as per the provisions of the DTAA, capital gains are not chargeable to tax or are chargeable to tax at a lower rate then the unit holder is entitled to the benefits of the same. The unit holder will be required to provide the mutual fund with a certificate under section 197 of the Act from his Assessing Officer stating his eligibility for the lower rate or nil rate.

The Finance Act, 2013 has amended section 90(4) in the ITA to provide that an assessee, not being a resident, to whom the provisions of the DTAA apply, shall not be entitled to claim any relief under such DTAA unless a certificate, of his being a resident in any country outside India or specified territory outside India, as the case may be, is obtained by him from the Government of that country or specified territory.

India has signed the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting (commonly referred to as MLI), which has since been ratified. India has since deposited the Instrument of Ratification to OECD, Paris, as a result of which MLI has entered into force for India on 1st October, 2019 and its provisions will be applicable on India's DTAA's on dates as mentioned/to be mentioned in the respective DTAA's.

The MLI is an outcome of the G20-OECD project to tackle Base Erosion and Profit Shifting (the BEPS Project), i.e. tax planning strategies that exploit gaps and mismatches in tax rules to artificially shift profits to low or no-tax locations where there is little or no economic activity, resulting in little or no overall tax being paid. The MLI will modify India's DTAA's to curb revenue loss through treaty abuse and base erosion and profit shifting strategies by ensuring that profits are taxed where substantive economic activities generating the profits are carried out. The MLI will be applied alongside existing DTAA's, modifying their application in order to implement the BEPS measures.

Article 6 of MLI provides for modification of the Covered Tax Agreement to include the following preamble text:

“Intending to eliminate double taxation with respect to the taxes covered by this agreement without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in this agreement for the indirect benefit of residents of third jurisdictions),”

The availability of benefits under the DTAA's will be subject to the amended provisions contained therein pursuant to MLI.

(xi) Surcharge & Cess

A surcharge of 7% on domestic company & co-operative society and in case of every company, other than a domestic company a surcharge of 2% (if their total income exceeds Rs.1,00,00,000/- but does not exceed Rs.10,00,00,000) shall be applicable. In case income exceeds Rs.10,00,00,000/- surcharge on domestic company and co-operative society shall be 12% and other than domestic company shall be 5%. Domestic companies who opt for the new tax regime under section 115BAA or under section 115BAB of the Act, will be liable to surcharge at the rate of 10%.

In case of firms, and local authorities, surcharge applicable shall be 12% (if their total income exceeds rupees 1,00,00,000/-).

Further, in case of Individuals/HUFs/BOIs/AOPs and Artificial juridical persons surcharge will be as follows:

Status of Investor	Nature of Income	Income > 50 lakhs and upto 1 crores(in Rs)	Income > 1 cr and upto 2 cr(in Rs)	Income > 2 cr and upto 5 cr(in Rs)	Income > 5 cr and upto 10 cr(in Rs)	Income exceeding 10 cr(in Rs)
Individuals/HUFs/BOIs/AOPs and Artificial juridical persons	Long term & Short term capital gains on Equity Oriented Funds and Long term capital gains on Non-equity oriented funds (other than specified mutual funds)	10%	15%	15%	15%	15%
Individuals/HUFs/BOIs/AOPs and Artificial juridical persons	Short term capital gains on Non Equity oriented funds (other than specified mutual funds) Capital gains on specified mutual funds Income distributed in respect of units of mutual fund	10%	15%	25%	@25%	@25%

@ Finance Act, 2023 has amended surcharge rates for individuals and HUFs or association of persons [other than a cooperative society], or body of individuals, whether incorporated or not, or an artificial juridical person referred to in sub-clause (vii) of clause (31) of section 2 who opt for the new tax regime under section 115BAC. As per the amended section, the maximum rate of surcharge shall be 25% for income computed under section 115BAC of the Income tax Act, 1961 (new tax regime) instead of 37% under normal provisions (Old tax regime). The new tax regime would be the default tax regime from FY 2023-24 onwards.

Cess applicable as under:

Health and education cess of 4 percent is levied on tax payable (including surcharge) by all assessees. Accordingly, the rates of tax and TDS mentioned above, will be increased by applicable surcharge and the Health and Education Cess.

(xii) Capital losses

Losses under the head “Capital gains” cannot be set off against income under any other head. Furthermore, within the head “Capital gains”, losses arising from the transfer of long-term capital assets cannot be adjusted against gains arising from the transfer of a short-term capital asset. However, losses arising from the transfer of short-term capital assets can be adjusted against gains arising from the transfer of either a long-term or a short-term capital asset.

Long term capital loss on transfer of units of equity oriented mutual fund should be allowed to be set off against other long-term capital gains. Unabsorbed long-term capital losses (other than the losses relating to sale of units of equity oriented fund which were otherwise exempt under section 10(38) of the Act) can be carried forward and set off against the long-

term capital gains arising in any of the subsequent eight assessment years. Unabsorbed short-term capital losses can be carried forward and set off against the income under the head capital gains in any of the subsequent eight assessment years.

(xiii) Religious and Charitable Trust

Investment in Units of the Mutual Fund by Religious and Charitable Trusts is an eligible investment under section 11(5) of the Act, read with Rule 17C of the Income Tax Rules, 1962. However, such investment may be permitted only subject to the state legislation governing Religious and Charitable Trusts in this regard, wherever applicable.

Tax Chapter for investment in Overseas securities

The information is provided for general information only. This information does not purport to be a complete analysis of all relevant tax considerations; nor does it purport to be a complete description of all potential tax costs, tax incidence and risks for the investors. In view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors/authorized dealers with respect to the specific amount of tax and other implications arising out of his or her participation in the schemes.

I. Irish Tax Considerations

The Fund proposes to purchase shares in Irish investment undertakings² ('Irish Funds'), Irish Exchange Traded Fund ("ETF") and shares in Irish companies that are not investment undertakings. There could be certain Irish tax implications for the Fund on such investments. We have outlined the applicable Irish tax implications below.

Taxation on investment in an Irish Fund

Irish Taxation

- ▶ Irish Funds should be exempt from Irish corporate income tax and capital gains tax on income and gains. It is obliged to withhold an amount on account of Investment Undertaking Tax (referred to as 'Irish Exit Tax') on the occurrence of "chargeable events" in respect of its non-exempt Shareholders (mainly Irish taxable shareholders). Chargeable events are broadly the payment of distributions or redemptions to Shareholders.
- ▶ Such chargeable events occur on the certain occasions, mainly:
 - ▶ On the making of a regular payment by an Irish Fund to a shareholder other than on the cancellation, redemption of units or repurchase of a unit (e.g., an annual dividend).
 - ▶ On the making of any other payment by an Irish Fund to a shareholder (e.g., on redemption of units), including where a payment is made on the death of a shareholder.
 - ▶ On the ending of an 8-year period beginning with the acquisition of a share in an Irish Fund, and each subsequent 8-year period beginning when the previous one ends. This is commonly referred to as a Deemed Disposal.
- ▶ Further, there are certain exceptions from the requirement to deduct Irish Exit Tax. Irish Exit Tax need not be deducted by an Irish Fund in the following circumstances:
 - ▶ Switching units (i.e., an exchange of units by a Shareholder between sub-funds of an umbrella Irish Fund where no payment is made to the shareholder).
 - ▶ Payments from the Irish Fund to the Courts Service in respect of these units.
 - ▶ In respect of units which are held in a recognised clearing system. This would be the case for an ETFs where the units/shares in the underlying Irish Fund are bought and sold between Shareholders on the stock market and are cleared through a recognised clearing system.
 - ▶ The transfer of units between spouses or civil partners.
 - ▶ The transfer of units between nominees and beneficial owners.

² An investment undertaking covers the following:

- ▶ a unit trust scheme that is or is deemed to be a currently authorised unit trust scheme under the Unit Trusts Act, 1990 but not special investment schemes as defined in section 737 of the Taxes Consolidation Act, 1997 or "exempt unit trusts" as defined in section 731(5)(a) of the Taxes Consolidation Act, 1997. Exempt unit trusts do not come within the terms of the regime because they are not authorised and are not deemed to be authorised. However, a unit trust will come within the terms of the regime if it becomes authorised;
- ▶ undertakings for collective investment in transferable securities (UCITS) authorised under the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 1989, as amended or extended;
- ▶ certain authorised investment companies within the meaning of Part 24 of the Companies Act, 2014;
- ▶ an authorised ICAV (within the meaning of the Irish Collective Asset-management Vehicles Act 2015);
- ▶ certain wholly owned companies of an investment undertaking categorised above.

Offshore Taxation

Distributions of income and capital gains on securities held by an Irish Fund and issued in countries other than Ireland may be subject to taxes including withholding taxes imposed by such countries. Depending on the legal status of the Irish Fund, it should be able to reclaim withholding tax suffered by it in particular countries by virtue of the double taxation treaties in operation between Ireland and other countries.

Taxation of non-Irish Resident Shareholder of an Irish Fund

- ▶ The Fund will not be a tax resident in Ireland for Irish tax purposes.
- ▶ Where a Shareholder is not resident (or ordinarily resident) in Ireland for Irish tax purposes, the Irish Fund should not deduct any Irish Exit Tax in respect of any chargeable event (i.e., payments or any encashment, redemption, cancellation, or transfer) in the Irish Fund.
- ▶ For the non-Irish resident shareholder to be exempt from Irish Exit Tax, it must complete the relevant non-resident declaration in the prescribed form and provide a copy of the said form to the Irish Fund.
- ▶ The declaration could also be provided by an intermediary who holds shares on behalf of any non-Irish resident shareholders provided that, to the best of the intermediary's knowledge, the shareholders are not resident (or ordinarily resident) in Ireland.
- ▶ If this declaration is not received by an Irish Fund (and in the absence of written notice of approval from the Irish Revenue Commissioners being obtained by the Irish Fund, dispensing with the requirement to provide such a declaration), an Irish Fund should deduct Irish tax in respect of any chargeable events (as described above).
- ▶ Further, an Irish Fund should also deduct Irish Exit Tax if the Irish Fund has information which reasonably suggests that the shareholder's declaration is no longer materially correct. A shareholder will generally have no entitlement to recover such Irish Exit Tax. Generally, shareholders who are not Irish tax resident will have no other Irish tax liability with respect to any chargeable event.
- ▶ Should the shareholder be deemed to be non-exempt (for example, the shareholder has not provided the declaration to the Irish Fund), then the shareholder is subject to Irish Exit tax and the Irish Fund should deduct such tax on any chargeable event and, additionally, on 'Eighth-anniversary' events.

Taxation of non-exempt Shareholders

- ▶ If a chargeable event occurs in relation to a non-exempt shareholder of an Irish Fund, it should deduct Irish Exit Tax from the distribution. The amount of Irish Exit Tax deducted will be as below:
 - ▶ 25% of the distribution; where the distribution is paid to a shareholder who is an Irish resident company; and
 - ▶ 41% of the distribution in all other cases.
- ▶ If an Irish Fund redeems shares held by a non-exempt shareholder, the Irish Fund will deduct Irish tax from the redemption payment made to the shareholder. Similarly, if a non-exempt shareholder transfer (by sale or otherwise) an entitlement to shares, an Irish Fund will account for Irish Exit Tax in respect of that transfer. The amount of Irish tax deducted or accounted for will be calculated by reference to the gain (if any) which has accrued to the shareholder on the shares being redeemed or transferred.

If the shares are not denominated in euro, the shareholder may be liable (on a self-assessment basis) to Irish capital gains taxation on any currency gain arising on the redemption or transfer of the shares.

"Eighth Anniversary" Events

- ▶ If a non-exempt shareholder does not dispose-off shares within eight years of acquiring them, the shareholder will be deemed for Irish tax purposes to have disposed of the shares on the eighth anniversary of their acquisition (and any subsequent eighth anniversary). On such deemed disposal, an Irish Fund will account for Irish tax in respect of the increase in value (if any) of those shares over that eight-year period. The amount of Irish tax accounted for will be equal to:
 - ▶ 25% of the increase in value of the shares where the shareholder is a company which has made the appropriate declaration for this rate to apply,
 - ▶ 41% of the increase in value in all other cases.

Any Irish tax paid in respect of the increase in value of shares over the eight-year period may be set off on a proportionate basis against any future Irish tax which would otherwise be payable in respect of those shares and any excess may be recovered on an ultimate disposal of the shares.

Stamp Duty on transacting in shares of an Irish Fund

- ▶ No Irish stamp duty (or other Irish transfer tax) will apply to the issue, transfer or redemption of shares in an Irish Fund which qualifies as an investment undertaking. If a shareholder receives a distribution in specie of assets from such Irish fund, a charge to Irish stamp duty could potentially arise.

Taxation on investment in Irish Exchange Traded Funds (ETFs)

- ▶ As mentioned above in the section “Taxation on investment in an Irish Fund “, similar to other investment undertakings, ETFs are also exempt from the Irish tax on income and gains derived from their investments and are not subject to Irish taxation on their net asset value.
- ▶ Further, Irish Exit Tax regime does not apply to units/shares in Irish Funds that are ETFs.

Taxation on investments in shares of an Irish company (that is not an investment undertaking)

Dividends

- ▶ Dividends received by the Fund from equities in Irish companies may be subject to Irish dividend withholding tax (‘DWT’) at a rate of 25%. However, an Irish company is not required to withhold and pay DWT over to Revenue where certain qualifying conditions are met.
- ▶ One such qualifying condition for a non-Irish resident other than a company who is resident in any EU Member State other than Ireland, or a country with which Ireland has a Double Tax Avoidance Agreement.
- ▶ On the basis that the distributions will be made to the Fund which is a tax resident in India, it should be exempt from the requirement to withhold DWT.
- ▶ The Irish company will be required to obtain a self-declaration from the Fund. This form includes a declaration from an authorised signatory that the recipient company is beneficially entitled to the distribution, details of the tax residency of the Indian recipient and an undertaking to provide any further supporting documentation relating to the residency or control of the company to Irish tax authorities upon request. This form must be renewed every 5 years.

Capital Gains

Non-Irish resident shareholders are liable to Irish taxes on gains arising from the sale of Irish specified assets. Irish specified assets are assets which derives a greater part of their value from:

1. Land, building and minerals in Ireland;
2. Exploitation rights in the Irish continental shelf;
3. Unquoted shares deriving the greater part of their value from:
 - ▶ land, building and minerals in Ireland;
 - ▶ exploitation rights in the Irish continental shelf;
 - ▶ assets which are situated in the State, and which were used for the purposes of a trade carried on by the person in the State through a branch or agency.

Assuming the Irish equities do not meet the above definition of “Irish specified assets”, the non-Irish resident shareholder will be exempt from Irish taxes on related gains.

II. Hong Kong Tax Considerations

Persons chargeable

Corporations, partnerships, trustees and bodies of persons carrying on a trade, profession or business in Hong Kong are subject to Hong Kong profits tax on Hong Kong sourced profits (excluding profits arising from the sale of capital assets). Foreign companies (including branches of foreign companies) carrying on business in Hong Kong and deriving Hong Kong-source income are treated in the same way as domestic companies.

Basis

Hong Kong operates a territorial system of taxation, with Hong Kong profits tax levied on income arising in or derived from Hong Kong. Only Hong Kong sourced income is subject to profits tax. Branches are taxed in the same way as corporations.

The statutory Hong Kong profits tax rate is 16.5% for corporations and 15% for unincorporated businesses. A two-tiered profits tax rates regime applies: 8.25% for corporations (7.5% for unincorporated businesses) on the first HKD 2 million of assessable profits, and 16.5% for corporations (15% for unincorporated businesses) on the remainder of assessable profits. To avoid abuse of the two-tiered tax regime, each group of connected entities can nominate only one entity to apply the two-tiered tax rates. Where a partnership has both corporate and non-corporate partners, profits tax will be chargeable on the first HKD 2 million of assessable

profits at the lower rate of 7.5% (for non-corporate partner) and 8.25% (for corporate partner), apportioned in accordance with their profit-sharing ratios.

Taxable income

Hong Kong sourced income (excluding profits arising from the sale of capital assets) is subject to profits tax. In determining the source of profits, Hong Kong generally applies the "operations test," which involves identifying the activities that are effective in generating the profits and the location where these activities are carried out.

Dividends

Dividends are generally not taxable (whether by way of withholding or otherwise, under the current law). Specifically, dividends paid from profits that already have been subject to Hong Kong tax are not taxed in the hands of shareholders. Dividends received from foreign companies are considered as foreign sourced income and not taxable (but will be subject to meeting the requirements under the new Hong Kong foreign sourced income exemption regime ("**FSIE Regime**")).

The FSIE Regime has been enacted in Hong Kong and is effective since 1 January 2023. Under the FSIE Regime, a member of a multinational group ("**MNE entity**") carrying on a trade, profession or business in Hong Kong will be required to satisfy economic substance requirements in Hong Kong in order to treat offshore sourced dividends, interest, intellectual property ("**IP**") income and disposal gains on shares / equity interests (see latest development in the next paragraph) that are received in Hong Kong as non-taxable. In respect of dividends and disposal gains, as an alternative to satisfying the economic substance requirement, the MNE entity can rely on satisfying the participation exemption conditions for tax exemption under the FSIE Regime.

The Inland Revenue (Amendment) (Taxation on Foreign-sourced Disposal Gains) Ordinance 2023 ("**Amendment Ordinance**") for the FSIE Regime was gazetted on 13 October 2023 to extend the scope of disposal gains to cover all types of assets. The Amendment Ordinance came into operation on 1 January 2024. Under the Amendment Ordinance, any IP disposal gains or non-IP disposal gains will be considered as in-scope passive disposal gains. Non-IP disposal gain means any gain or profit derived from the sale of property but does not include IP disposal gain. Property means any movable property or immovable property. MNE entity carrying on a trade, profession or business in Hong Kong will be required to satisfy economic substance requirements or participation exemption conditions in Hong Kong in order to treat offshore sourced non-IP disposal gains that are received in Hong Kong as non-taxable.

In a fund context, non-Hong Kong sourced non-IP income (i.e., interest, dividends or disposal gains) accrued to an entity that is exempt from Hong Kong profits tax in respect of its assessable profits under Section 20AC, 20ACA, 20AN or 20AO of the Inland Revenue Ordinance (i.e., the offshore fund exemption regime or unified fund exemption regime) and such income is derived from, or is incidental to, the carrying out of the activities that produce the exempted profits, will be carved out and not subject to the FSIE Regime.

Interest income

There are currently two sets of rules, namely the "Provision of Credit" test and the "Operation" test, for determining the source of interest income for Hong Kong profits tax purposes.

Under the "Provision of Credit" test, the source of interest income should be determined by looking at the place where the loan money was first provided to the borrower. Interest income derived from loans where the loan money is directly remitted to a Hong Kong bank account of the borrower should be considered as Hong Kong sourced and taxable on the basis that the loan money is provided to the borrower in Hong Kong. On the other hand, interest income derived from loans where the loan money is directly remitted to a non-Hong Kong bank account of the borrower should be considered as non-Hong Kong sourced and non-taxable (subject to meeting the requirements under the FSIE Regime). The "Provision of Credit" test should be applicable where the loans are simple loans of money.

Where the loans are not simple loans of money, the "Operation" Test should apply to determine the source of interest income. Under the "Operation" test, the source of interest income should be determined by looking at where the financing activities are conducted, irrespective of where the loan money is first made available to the borrower. Therefore, even if the borrower is a non-Hong Kong entity and the underlying loan money is remitted to a bank account outside Hong Kong, the interest income should still be considered as Hong Kong sourced if the relevant financing activities (including the negotiation, conclusion and execution of the loan agreement and the activities for obtaining the funding) are performed in Hong Kong.

Disposal Gains

In respect of the source of profits derived from the disposal of unlisted investments / securities, it is determined by the place where the contracts of purchase and sale of the investments are "effected" (which includes negotiation, conclusion and execution of contracts).

Provided that all decision making / execution of documentation relating to both the purchase and sale take place outside of HK, any gains arising from the disposal of the unlisted investments / securities should be regarded as offshore sourced. Please note that both the acquisition and disposal transactions must be “effected” outside HK in order for the offshore source argument to be available (and such offshore sourced disposal gains will also be subject to meeting the requirements under the FSIE Regime).

In respect of the source of profits derived from the disposal of listed investments / securities, it is determined by the place where the investment is listed, i.e. the location of the relevant stock exchange. Please note that both acquisition and disposal transactions need to be completed on the exchange for the location of the stock exchange to determine such source.

Capital Gains

Hong Kong does not tax capital gains. However, gains on the disposal of assets may be subject to profits tax if the disposal constitutes a transaction in the nature of trade (determination based on facts and actual circumstance).

Inland Revenue (Amendment) (Disposal Gain by Holder of Qualifying Equity Interests) Bill 2023, which was gazetted on 20 October 2023, provides tax certainty onshore disposal gains in relation to equity interests (“**Tax Certainty Enhancement Scheme**”). Under the Tax Certainty Enhancement Scheme, any onshore disposal gain in relation to equity interests derived by an eligible investor entity in which the equity interests have been held for at least 24 months by an investor entity holding not less than 15% of the total equity interest of the investee entity is to be regarded as capital in nature and not chargeable to profits tax. The Tax Certainty Enhancement Scheme applies to onshore disposal gains in relation to any disposal occurring on or after 1 January 2024 and accrues in the basis period for a year of assessment beginning on or after 1 April 2023.

However, Tax Certainty Enhancement Scheme does not apply to non-listed equity interests in an investee entity which engages in property trading, property development or property holding (i.e., excluded entities³).

Disposals of listed equity interests in investee entities engaging in property-related businesses are not excluded from the Tax Certainty Enhancement Scheme.

Deductions

Expenses generally are deductible to the extent they are incurred in the production of profits that are chargeable to tax. However, expenditure of a capital nature generally is not deductible.

Interest deduction limitations

Although there is no thin capitalization or similar rule in Hong Kong, there are specific rules governing the deduction of interest expense. For example, no deduction is allowed for interest paid to a non-financial institution if the recipient is not subject to profits tax in Hong Kong on the interest, except where the interest is paid to an overseas associate by a taxpayer that carries on an intragroup financing business. There also are some anti-avoidance measures, such as a “secured-loan test” and an “interest flow-back test.”

Incentives

There are a number of preferential tax regimes to encourage different industries or activities, including the following:

- Enhanced deduction for research and development (R&D) expenditure;
- Tax exemption for onshore and offshore funds;
- Concessionary tax rate for corporate treasury centers;
- Tax exemption for gains from qualified debt instruments;
- Concessionary tax rates for reinsurance and captive insurance businesses, direct insurers of selected general insurance business and general reinsurers of a specified insurer and concessionary treatment to selected insurance brokerage businesses; and

³ An investee entity is an excluded entity if -

- a) it carries on a business of property trading in the relevant basis period (i.e., in the basis period of the investee entity for the year of assessment in which the disposal occurs). An entity carries on a business of property trading if it carries on a business of acquisition and sale of immovable properties, situated in Hong Kong or elsewhere, unless the acquisition and sale of immovable properties is incidental to the undertaking of any property development (i.e., construction of buildings) by the entity;
- b) it undertakes or has undertaken property development, in Hong Kong or elsewhere, in or before the relevant basis period. Property development means construction or causing the construction of any building or part of a building, and includes acquisition of any land or building or part of a building for such construction and sale of any building or part of a building after such construction; or
- c) it holds any immovable properties situated in Hong Kong or elsewhere, directly or indirectly, in the relevant basis period and the percentage of value of such immovable properties out of the entity’s total assets in that basis period exceeds 50%. However, if certain immovable properties are used by the entity that directly holds the immovable properties for carrying on its own trade or business (including its business of letting immovable properties) but are not for sale, the value of such immovable properties is to be carved out from the numerator in determining the relevant percentage.

Losses

Tax losses may be carried forward indefinitely and offset against future taxable profits of the same taxpayer. Specific anti-avoidance legislation prevents the purchase of a loss company for the sole or main purpose of obtaining a tax benefit. Losses cannot be carried back or transferred to other taxpayers.

Foreign tax relief

Hong Kong operates a territorial tax system under which only income/profits sourced in Hong Kong are taxable. Double taxation therefore typically is not a significant issue in Hong Kong. Nevertheless, double taxation generally can be eliminated by tax credits under a tax treaty or unilateral deduction where the prescribed conditions are met.

Exit tax

Hong Kong does not tax capital gains or capital repatriation. However, gains on the disposal of assets may be subject to profits tax if the disposal constitutes a transaction in the nature of trade (a factual determination) and is onshore sourced (refer to comments above to determine source of income). Nevertheless, as noted above, onshore disposal gains in relation to equity interests meeting certain conditions is to be regarded as capital in nature and not chargeable to profits tax under the Tax Certainty Enhancement Scheme.

Withholding tax

Dividends

There is no withholding tax on dividend distributions from a Hong Kong entity to a resident or non-resident.

Interest

There is no withholding tax on interest payments from a Hong Kong entity to a resident or non-resident.

Foreign tax relief

To avoid double taxation where income is derived from a jurisdiction that has not concluded a tax treaty with Hong Kong, unilateral relief (i.e., an exemption of the income from salaries tax) may be available if an employee is subject to a tax similar to salaries tax in another country for services provided in that country and the foreign tax has been paid. To eliminate double taxation for income derived from a jurisdiction that has a tax treaty with Hong Kong, relief may be available in the form of a tax credit under the relevant treaty.

Stamp duty

Stamp duty is charged on documents connected with the lease, sale or transfer of immovable property in Hong Kong, and the sale or transfer of Hong Kong shares. If property or shares are transferred for less than market value, stamp duty may be imposed based on the market value on the date of transfer. Stamp duty on the transfer of Hong Kong shares is 0.2% of the stated consideration or the fair market value of the shares transferred (whichever is higher) (i.e., 0.1% for each of the bought note and sold note) plus a fixed duty of HK\$5 on the instrument of transfer (if any).

Other taxes

There is no general turnover, sales or value-added tax imposed in Hong Kong.

III. French Tax Considerations

Dividends:

French tax law:

Dividends paid from France to non-residents are subject to a withholding tax at a rate of 25%, when they are paid to legal entities (Article 119 bis of the French Tax Code).

Impact of the French Indian tax treaty:

Considering point 7 of the protocol annexed to the French Indian tax treaty of September 29, 1992, and following India's signing of a tax treaty with the United States on September 12, 1989, and with Germany on June 19, 1995, and because of the most favored Nation clause in the French Indian tax treaty, the withholding tax rate provided under Article 11 for dividends have been updated and cannot exceed 10%.

Therefore, the withholding tax rate on French source dividends should be 10%, assuming the beneficiary located in India can be considered as tax resident in the meaning of the Treaty (which may not be the case for tax exempted entities such as mutual funds or other Collective Investment vehicles, see below).

Interests:

French tax law:

In France, interest, arrears, and all other income from bonds issued on or after January 1, 1987, are not subject to withholding tax when paid to non-residents.

For bonds issued prior to this date, the rate of the withholding tax on interests is 15% when the income benefits foreign legal entities, and 12.8% when it benefits foreign individuals.

Impact of the French Indian tax treaty:

Considering point 7 of the protocol annexed to the French Indian tax treaty of September 29, 1992, and following India's signing of a tax treaty with the United States on September 12, 1989, and with Germany on June 19, 1995, and because of the most favored Nation clause in the French Indian double tax treaty, the withholding tax rate provided under Article 12 for interests have been updated and cannot exceed 10%.

Nevertheless, since the French domestic law is more favorable in most situation, there should not be any withholding tax on French source interests.

Capital Gains:

French tax law:

The tax regulations in France generally exempt non-resident individuals and legal entities from capital gains tax on the sale of shares, ETFs, and other securities.

Article 244 bis B of the French Tax Code provides for an exception to the principle of non-taxation, non-residents are taxable in France on capital gains realized on the sale or redemption of shares in a French company when they hold (or have held) a “substantial shareholding” in the company. This “substantial shareholding” is considered met if, at any time during the five years preceding the sale or redemption of the shares, the seller has held, directly or indirectly, together with his or her family group (spouse, ascendants, and descendants), more than 25% of the rights to the corporate profits of the company whose shares are being sold.

If the exception for substantial shareholdings applies, the tax rate for the capital gain is 12.8% for individuals and 25% for legal entities.

Impact of the French Indian tax treaty:

Article 14 of the tax treaty provides that gains from the sale of shares in a company whose assets consist mainly, directly, or indirectly, of real estate located in France are taxable in France. For the application of this provision, real estate used by the company for its own industrial or commercial operations is not taken into consideration.

Gains from the disposal of other shares representing a holding of at least 10% in a company that is a resident of France are taxable in France.

Exception for comparable foreign investment funds: Income (dividends, interest, capital gains, etc.) distributed to foreign Collective Investment Vehicles:

According to the article 4 of the French India tax treaty, a person is “tax resident” in the meaning of this Treaty if he is subject to tax by virtue of law in the considered State by reason of his domicile, residence, registered office, or any other criterion of a similar nature.

Since France has a strict interpretation of the “subject to tax” clause, a Collective Investment Vehicle, generally tax exempted in its country, will not be considered as resident for the purpose of the Treaty and will not benefit from the tax treaty provisions.

The French tax law (Article 119 bis 2 of the French Tax Code) exempts from withholding tax income distributed to certain foreign

Collective Investment Vehicles.

The exemption applies to mutual funds established under foreign law located in a Member State of the European Union or in another State or territory that has concluded with France an administrative assistance convention to combat tax fraud and evasion and meeting the following two conditions:

- Raising capital from several investors for the purpose of investing them, in accordance with a defined investment policy, in the interest of these investors.
- Having characteristics like certain French mutual funds, including:
 - Their supervision by a supervisory authority,

- The level of protection of unitholders,
- The existence of a management company,
- The existence of a custodian subject to prudential supervision and independent of the management company exercising a custody role over the fund's assets and monitoring management decisions taken by the management company in accordance with the obligations laid down by European directives (Directive 2009/65/EC of 13 July 2009 for UCITS and Directive 2011/61/EU of 8 June 2011 for AIFs),
- Regular publication of accounts by compartments.

Withholding tax remains payable when these two conditions are not met, as well as in the case of:

- Distributions taken from profits exempt from real estate investment companies, real estate investment trusts, and their subsidiaries to French or foreign collective investment schemes.
- Payment in a non-cooperative State or territory.

Relief at Source and tax refund:

Non-resident investors may benefit from reduced withholding tax rates or exemptions under a tax treaty by providing the necessary documentation to the French paying agent or financial institution. This process is known as "relief at source."

Non-residents who believe they have been overtaxed at source can file a claim for a refund of the excess withholding tax. This requires submitting a tax declaration to the French tax authorities, along with supporting documentation.

Social Charges:

Non-residents are generally not subject to French social charges on investment income.

IV. United Kingdom Tax Considerations

Corporate Income tax rate

Non-resident companies are generally subject to UK corporation tax only if they carry on a trade in the United Kingdom through a permanent establishment (however, companies should also consider any potential diverted profits tax issues. A permanent establishment arises either from a fixed place of business in the United Kingdom through which the non-resident company carries on its business, or from an agent exercising authority to do business in the United Kingdom on behalf of the non-resident company. The amount of profit attributable to a permanent establishment is computed in accordance with the separate enterprise principle.

Rates

Rates of corporation tax. The main rate of corporation tax for companies with profits of over GBP250,000 per year is 25% from 1 April 2023 (previously 19%). From that date, the small profits rate remains at 19% for companies with profits of less than GBP50,000 per year. Companies with profits between the two thresholds receive marginal relief so that they pay a blended rate between 19% and 25%. The threshold limits are reduced if associated companies exist.

The main rate of corporate tax for ring fence profits (i.e. profits from oil rights and oil extraction) is 30%

A special rate applies for unit trusts and open ended investment companies – the current rate is 20%.

Capital Gains

a) General comments

Gains on chargeable assets are subject to corporation tax at the corporation tax rate. For UK tax purposes, a capital gain is usually the excess of the sale proceeds over the sum of the original cost and any subsequent qualifying capital expenditure incurred on the chargeable asset being disposed of. If chargeable assets acquired before 31 March 1982 are disposed of, only the portion of the gain after that date is usually taxable. An allowance is available for inflation up to 31 December 2017; the amount of the reduction is based on the increase in the retail price index between the date of acquisition (or 31 March 1982, if later) and 31 December 2017. This indexation allowance may be used only to eliminate a gain; it may not be used to create or increase an allowable loss.

Capital losses are offset against capital gains of the same accounting period and, if an excess exists, they may be carried forward indefinitely (to be set off against chargeable gains of future accounting periods) but may not be carried back. Capital losses may not be used to reduce trading profits.

b) Non-resident capital gains

Capital gains from the sale of publicly traded stock (but note comments below re UK Real Estate Investment Trusts ('REITs')), publicly traded debt and government debt by non-residents are not subject to UK tax provided the gain does not relate to assets of a UK branch or agency of a non-resident 'individual carrying on a trade or profession in the UK or the UK permanent establishment of a non-resident company.

From 6 April 2019, UK tax is chargeable on gains derived by non-UK residents on the direct or indirect disposal of all types (residential and commercial) of UK immovable property. Non-residents realizing gains on the sale of interests in a UK REIT should be within the scope of the Non-resident Capital Gains Tax on that sale, subject to their own tax status.

Note that there was a change to the legislation enacted retrospectively back to April 6, 2019 that had the effect of removing the majority of non-resident fund investors from the charge to UK tax on disposals of shares in UK REITs. There are various conditions that must be met to qualify but broadly speaking these include:

- the disposing entity must qualify as an offshore collective investment vehicle (have genuine diversity of ownership or be non-close);
- it must have less than 40% of its value made up of investments; and
- it must have held less than 10% of the shares in the UK REIT.

Dividends

Dividends paid by UK resident companies are not subject to withholding tax.

In general, a Property Income Distribution (PID) payment by Real Estate Investment Trust is deemed to be profits of a UK property business and is generally paid under deduction of basic rate tax (20%). As PIDs are distributions of profits, any relief from UK tax must be considered under the terms of any relevant double tax treaty. Such relief is not automatic and must be claimed.

Interest

In general, a 20% withholding tax applies to interest income. A number of exemptions apply to the obligation to deduct withholding tax. The following is a non-exhaustive list of exemptions:

- Interest on "quoted Eurobonds" is paid without the deduction of tax. A quoted Eurobond means an interest bearing security that is issued by a listed company, listed on a recognized stock exchange. Recognised stock exchange is a defined term, Note that companies relying on this exemption must ensure the requirements are met before paying interest on the Eurobond.
- Interest on government bonds (i.e., Gilts) is generally exempt from withholding tax.

Where interest is subject to withholding tax and paid to a non-resident investor, that withholding tax may be reduced under the application of a relevant double tax treaty. Such relief is not automatic and must be claimed.

UK fund distributions

Fund distributions made by a UK unit trust or open ended investment company may be paid in the form of interest or dividends. The form of the distribution will depend upon the proportionate mix of the underlying assets held in the fund (i.e. equity investments versus debt instruments). As noted above, UK dividend distributions (but please note comments above re PID distributions) are not subject to UK withholding tax. Interest distributions made by such funds are not subject to UK withholding tax.

A UK investment trust with income from interest bearing and certain economically similar assets may treat all or part of a distribution as an interest distribution. No UK withholding tax applies. Where the investment trust pays a dividend, no withholding tax applies.

Non-UK ETF listed on UK stock exchange

It is assumed that a non-UK ETF is not tax resident in the UK. Accordingly, fund distributions made by such an ETF should not be sourced to the UK and as such no UK withholding tax should be in point. Whether or not a payment has a UK source is a question of fact and case law provides that a multi-factorial test should be applied. The residence of the debtor, the location of the assets, the performance of the contract, the competent jurisdiction for legal action and proper law of contract etc., should be considered.

UK Stamp tax / Stamp Duty Reserve Tax

Stamp tax on share transfers is levied inter alia as follows:

- As a stamp duty, which is a tax on documents transferring stock or "marketable securities*" or interests in a partnership (which holds stock or marketable securities), at a rate of 0.5% of the chargeable consideration provided for the transfer;
- As a stamp duty reserve tax (SDRT), which is a tax on agreements to transfers "chargeable securities" for money or money's worth (including shares of UK incorporated companies) at a rate of 0.5% of the chargeable consideration provided;
- As a matter of practice, SDRT is generally in point for electronic transfers of listed shares. Where shares are transferred by a document, both stamp duty and SDRT should apply. Broadly, payment of the stamp duty charge (or exemption or relief of the charge) should cancel the SDRT liability; and
- In certain instances, a higher rate 1.5% charge to stamp duty or SDRT may arise on transactions involving clearance services or depositary receipt system.

A 'marketable security' is a security of such a description as to be capable of being sold in any stock market in the U.K. This includes all classes and types of shares and loan stock, although Government Stocks and certain types of loan stock are exempt from charge.

A chargeable security is defined in the stamp tax legislation as follows:

Chargeable securities "means stocks, shares, loan capital and units under a unit trust scheme". "Chargeable securities" does not include stocks, shares or loan capital which is (or are) issued or raised by a body corporate not incorporated in the United Kingdom unless the stocks, shares or loan capital is (or are) registered in a register kept in the United Kingdom by or on behalf of the body corporate. "Chargeable securities" does not include stocks, shares or loan capital the transfer of which is exempt from all stamp duties.

There is an exemption that can apply to loan capital that does not have any of the following characteristics:

- a right to interest the amount of which exceeds a reasonable commercial return on the nominal amount of the capital;
- a right to interest the amount of which falls or has fallen to be determined to any extent by reference to the results of, or of any part of, a business or to the value of any property;
- a right on repayment to an amount which exceeds the nominal amount of the capital and is not reasonably comparable with what is generally repayable (in respect of a similar nominal amount of capital) under the terms of issue of loan capital listed in the Official List of The Stock Exchange;
- a right (exercisable then or later) of conversion into shares or other securities, or to the acquisition of shares or other securities, including loan capital of the same description.

V. USA Tax Considerations

I. USA securities

1. General US Taxation Rules with Respect to Foreign Persons

Generally, US imposes tax on foreign persons either on gross basis or on net basis. Foreign persons not engaged in trade or business in the US are subject to US gross withholding tax on US source income which is fixed determinable annual or periodical, generally called as FDAP income. A foreign person that is engaged in a US trade or business will be subject to US taxation on effectively connected taxable income (ECTI). In addition to the income tax imposed on ECTI, the US also imposes a branch profit tax on remittances of after-tax effectively connected earnings and profits of foreign corporation's US branch or permanent establishment. One can claim reduced tax rate or exemption from tax under an applicable tax treaty. However, investing, including active management, typically does not constitute a trade or business unless the person is a dealer. According to IRS regulations 1.864-2(c)(2)(iii) and 1.864-2(c)(2)(iv)(a), a U.S. trade or business excludes trading stocks or securities for one's own account, regardless of who conducts the transactions or their volume. A dealer is defined as a merchant with an established place of business, regularly buying and selling stocks or securities to customers for profit, unlike individuals who trade for investment or speculation. The below discussion is based on the understanding that the Scheme is a foreign scheme, and it would be treated as a corporation for US tax purposes. The investors in the Scheme are not tax residents or Citizens of the USA. Thus, as long as the Scheme is treated as a corporation for US tax purposes, the investors in the Scheme should not directly be subject to US tax. For purposes of this discussion, a foreign person is a person who is not a US citizen or US resident for tax purposes and includes a foreign entity that is classified as a corporation for US tax purposes.

2. Investment in US listed companies

a) US Taxation on Disposition of Shares of US listed Companies

Subject to the discussion below concerning the taxation of ECTI, generally income from the sale of personal property by a foreign person is not US source income and should not be subject to US taxation. Thus, capital gains realized by the scheme on the

disposition of shares of US listed companies, should not be subject to taxation in the US, unless the US listed company is a US Real Property Holding Company (explained below).

Trading in stock or securities is generally not considered US trade or business unless taxpayer is a dealer in stock or securities and effects the trade through US offices directly or through US office of its agent other than independent agent.

However if the Scheme invests in any entities that are treated as partnership for U.S federal income tax purposes and if these partnerships are engaged in a U.S. trade or business, then the scheme itself would be treated as engaged in such a U.S. trade or business and would likely be required to file a U.S. income tax return and potentially pay U.S. tax on its distributive share of partnership income. It may also be subject to potential withholding tax with respect to sales of an interest in such partnership.

Gain derived by a non-U.S resident from the disposition of a U.S Real Property Interest (USRPI) may be treated as income that is effectively connected with the conduct of a U.S trade of business and thus subject to U.S federal income tax (and requirement to file a U.S. income tax return) under the Foreign Investment in Real Property Tax Act (FIRPTA). A USRPI includes an interest in a US Real Property Holding Company (USRPHC) which generally is defined as a US company whose assets, measured by fair market value, consist of 50% or more of USRPIs at any time during a five-year period. Such income is considered to be ECTI with the conduct of a U.S trade of business and is subject to US taxation. A foreign person who disposes of a USRPI will be subject to a 15% (w.e.f. 16 February 2016) withholding tax on the gross proceeds received and will be required to file a US federal income tax return. The final tax liability on the recognized gain on disposition of the USRPI will be set off by the 15% withholding tax on gross proceeds.

There is an exception that applies to FIRPTA for publicly traded shares of a - Qualified Investment Entity (QIE). The exception provides that if the stock of a QIE is regularly traded on an established securities market located in the USA (e.g., the NYSE), the stock will be treated as a USRPI only in the case of a more than 5% holder (over the course of a 1 year look-back period). The 5% holding is increased to 10% for publicly traded real estate investment trust (REIT). Such exception also applies to the disposition of an interest in a publicly traded partnership (PTP). Thus, capital gains derived by the Scheme from the sale of regularly traded listed US equities of QIE should not be subject to tax in the US provided the Scheme holds an interest of 5% (10% for publicly traded REIT) or less of any class of stock. In cases where the Scheme has held, at any time within the 1-year period ending on the date of disposition, more than 5% (10% for publicly traded REIT) of the shares of a publicly-traded company that is also a USRPI, gain from disposition of such interest is subject to US federal corporate income tax.

If a partnership (including a PTP), is engaged in a U.S. trade or business, and if a non-U.S. partner disposes of the partnership interest, a portion of gain or loss is treated as connected with the conduct of a U.S. trade or business, and is therefore subject to U.S. tax. Such income also generates a requirement to file a U.S. tax return. This provision is not subject to 5% exception as mentioned above for PTPs that are USRPI. US requires 10% withholding if non-U.S. partner disposes of an interest in the partnership. Such tax withheld can be set off against the final tax liability of the partner who sold its interest.

b) Dividend Income

US source non-effectively connected dividend income received by a foreign person is subject to a 30% withholding tax. Thus, dividends received by the Scheme from investments in US listed companies is considered US source and is subject to withholding tax of 30%. Such dividend withholding tax can be reduced pursuant to a double tax treaty as discussed further below.

3. Investment in US Mutual Funds (US MF) or Exchange Traded Funds (US ETF)

a) US Taxation on Disposition of Units of US MF or US ETF

As discussed above in point 1, generally income from the sale of personal property by a foreign person is not US source income and should not be subject to US taxation. Thus, capital gains received by the Scheme on the disposition of interests in mutual funds and exchange traded funds (ETF), should not be subject to taxation in the US.

However, if the mutual fund or ETF that is sold is a USRPHC, then the gain is considered to be effectively connected with a U.S. trade or business and thus subject to U.S taxation, unless the mutual fund or ETF whose shares are sold is (a) publicly traded and the investor held an interest of 5% or less in the mutual fund or ETF at all times during the year preceding the sale or (b) the mutual fund is a domestically controlled qualified investment entity.

b) US Taxation on Income Distribution by US MF or US ETF

US source non-effectively connected dividend income received by a foreign person is subject to a 30% withholding tax. A mutual fund or ETF that is not subject to the USRPHC - related rules described above may distribute ordinary dividends which should be subject to 30% withholding tax. Dividends designated by a Regulated Investment Company (RIC) (e.g. a mutual fund) as capital

gain dividends are treated as long term capital gains in the hands of the shareholders. Except as described above for mutual funds or ETFs that otherwise qualify as USRPHCs, the long-term capital gains are sourced to the domicile of the recipient. Hence, such capital gain dividends should not be considered as a U.S source income if the recipient is a non-U.S person, and thus would not be subject to U.S taxation.

A foreign person or other qualified investment entity to the extent attributable to gain from sales or exchanges by the qualified investment entity of USRPIs, is treated as gain from the sale or exchange of a USRPI by the foreign person unless such distribution is with respect to stock that is publicly traded on a U.S exchange and the foreign person did not own more than 5% (or no more than 10% in the case of a REIT) of such class of stock at any time during the 1-year period ending on the date of distribution. Where the distribution is treated as gain from the sale or exchange of a USRPI, the distribution is treated as income effectively connected to a U.S trade or business, subject to tax at U.S corporate tax rates and withheld on at a rate of 21% of the distribution. The total amount in tax paid should not exceed the liability as determined by applying the U.S corporate rate.

Where distributions from the mutual fund or ETF are characterized as gain from the sale of a USRPI as discussed above, the income is considered effectively connected with the conduct of a U.S trade or business such that the branch profits tax provisions must be considered. The dividend equivalent amounts are subject to withholding tax at a rate of 30%, subject to reduced rate depending on the tax treaty. The dividend equivalent amount is generally equal to a foreign corporation's effectively connected earnings and profits. Generally, gain on disposition of an interest in a USRPHC is excluded from the definition of effectively connected earnings and profits.

4. Treaty Benefits to the Mutual Fund or ETF:

It is likely that the Scheme should be considered as a Person under Indian tax laws and so a tax resident of India and so is likely to be eligible to claim the Double Taxation Avoidance Agreement ('the DTAA' or 'the Treaty') benefits between India and the US on the income earned and tax, if any, payable in the US subject to completion of necessary documentations and the Scheme obtaining a tax residence certificate from the Indian tax authorities. As long as the Scheme is treated as a corporation for US tax purposes, the investors in the Scheme should not directly be subject to US tax. The main benefit of the DTAA is that it reduces the US withholding tax amount with respect to certain U.S. source FDAP payments and may exempt ECTI if it is not attributable to a U.S. permanent establishment.

As per the Treaty:

- i. The Business income earned by the Scheme in the US should not be taxable in the US if the Fund does not have a permanent establishment in the US; If the Scheme has a permanent establishment in the US, then it will be subject to US tax on profits that are attributable to that permanent establishment. US attributes business profits to U.S. permanent establishments of Indian resident corporations under the same ECTI rules applicable to non-treaty residents with respect to the assets and activities conducted in the permanent establishment. A more limited force of attraction rule is also applicable.; The Scheme could be considered to have a permanent establishment in the US if it invests in a partnership that is engaged in a trade or business in the US;
- ii. Capital gains arising on the disposition of USRPIs are taxable in the US as per the US tax laws. There is no exception in the DTAA for US taxation of disposition of USRPIs under the FIRPTA rules;
- iii. In general, dividend income beneficially earned by the scheme in the US is taxable at the rate of 25% for portfolio ownership interests below 10%;
- iv. Interest income beneficially earned by the scheme in the US is subject to withholding tax at the rate of 15% (to the extent not otherwise exempt under US internal rules such as the portfolio interest exception); and
- v. Any other income is taxable in the US as per US tax laws.

VI. Luxembourg Tax Considerations

- 1.1 Luxembourg tax aspects detailed are general in nature and based on the current tax laws, regulations, and administrative practices in Luxembourg as of the Memorandum's issuance date. Future changes to these laws, regulations, and practices cannot be ruled out, which may affect this section.
- 1.2 Below you will find a non-exhaustive list of Luxembourg Alternative Investment Funds (most funds are set-up typically in the form of tax transparent entities, i.e., in the legal form of SCS or SCSp):
 - UCITs and Part II UCI;

- SIF;
- SICAR
- RAIF

- 1.3 No Luxembourg withholding tax should apply to dividend distributions or capital gains by the Luxembourg Funds indicated under 1.2.
- 1.4 No adverse Luxembourg tax consequences (or filing obligations) should arise in case of acquisition or sale of shares in a Luxembourg fund (see 1.2) unless in case a non-resident investor derives income from the disposal of an important participation (i.e. representing at least 10% of the share capital) in a Luxembourg company within six months of its acquisition, said capital gain will be subject to corporate income tax in Luxembourg unless a tax treaty provides otherwise.

B. Legal Information

1. Nomination Facility

in terms of Regulation 29A of the SEBI (Mutual Funds) Regulations the unit holders have an option for making nomination

(a) Who can nominate/be nominees?

Individuals, on their own behalf, singly or jointly can nominate.

Following is an illustrative list of the categories of investors who cannot nominate:

- i) company
- ii) body corporate
- iii) PSU

- iv) AOP, BOI
- v) society
- vi) trust (other than religious or charitable trust)
- vii) partnership firm
- viii) karta of HUF
- ix) bank
- x) FII/Foreign Portfolio Investors (FPI)
- xi) holder of POA

A minor can be nominated and in that event, the name and address of the guardian of the minor nominee shall be provided by the Unit holder. Nomination can also be in favour of the Central Government, State Government, a local authority, any person designated by virtue of his office or a religious or charitable trust. For nomination to a religious or charitable trust, the investor should attach a proof or certificate that the trust being nominated is religious or charitable trust. The Nominee shall not be a trust, other than a religious or charitable trust, society, body corporate, partnership firm, Karta of Hindu Undivided Family or a Power of Attorney holder. A non-resident Indian can be a Nominee subject to the exchange controls in force, from time to time.

(b) How to Nominate?

A Unit holder can, at the time an application is made, or by subsequently writing to an ISCs, request for a nomination form in order to nominate not more than three individuals, to receive the units upon his/her death, subject to completion of the necessary formalities. If the Units are held jointly, all joint unit holders will be required to sign the nomination form irrespective of the mode of holding being 'Anyone or Survivor' or 'Joint'. Nomination form cannot be signed by Power of attorney (PoA) holders. Every new nomination for a folio/account will overwrite the existing nomination.

Investors may please note that nomination is mandatory for folios held in the name of a single individual. Nomination cannot be made in a folio held 'on behalf of a minor'. Further, investors who do not wish to nominate are required to confirm at the time of making an application of their non-intention to nominate i.e. to submit opt-out declaration form signed by all holders.

Investors shall indicate clearly the percentage of allocation/share in favour of each of the nominees against their names, and such allocation/ share shall be in whole numbers without any decimals. In the event of the investor not indicating the percentage of allocation/share for each of the nominees, the AMC shall settle the claim equally amongst all the nominees.

(c) Effects of nomination/cancellation of nomination

Nomination in respect of units stands rescinded upon redemption of units. Cancellation of nomination can be made only by those individuals who hold units on their own behalf, singly or jointly, and who made the original nomination. On cancellation, the nomination shall stand rescinded and the AMC/Mutual Fund shall not be under any obligation to transfer the units in favour of any of the nominees. Transfer of units/payment to a nominee of the sums shall be valid and effectual against any demand made upon the Trust/AMC, and shall discharge the Trust/AMC of all liability towards the estate of the deceased unit holder and his/her successors and legal heirs, executors and administrators.

If the Mutual Fund or the AMC or the Trustee were to incur or suffer any claim, demand, liabilities, proceedings or if any actions are filed or made or initiated against any of them in respect of or in connection with the nomination, they shall be entitled to be indemnified absolutely for any loss, expenses, costs, and charges that any of them may suffer or incur absolutely from the investor's estate.

2. Transfer of Units

Units of the Schemes held in physical form shall be non-transferable. Further units of the schemes of the Fund held in demat form are freely transferable (in terms of clause 14.4.4 of SEBI Master Circular) from one demat account to another demat account. However, restriction on transfer of units of ELSS during lock-in period shall continue to be as per ELSS guidelines.

3. Transmission

If a person becomes a holder of the Units consequent to operation of law or upon enforcement of a pledge, the Mutual Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Mutual Fund subject to production of satisfactory evidence and completion of formalities as specified by the AMC.

On death of the single or all the Unitholder(s), Units can be transmitted in favour of the registered nominee or the legal heirs, as the case may be, after completion of necessary formalities to the satisfaction of the AMC/Trustee. Unit holders may please note that, in addition to the above-mentioned documents, the AMC/Registrar may, depending on the circumstance of each case seek additional documents.

Additional risk mitigation measures:

To avoid the risk of frauds and enhance operational efficiency, AMC shall not accept any 'Transmission cum Redemption' request. AMC shall first accept and process the request for transmission of units with proper documentation and thereafter accept and process redemption request.

4. "On Behalf of Minor" Accounts

A. In the case of investments made "on behalf of minor", investors may please note the following:

- a. The minor shall be the first and the sole holder in the account. There shall not be any joint holder where minor is the first holder.
- b. Guardian can be either natural guardian (i.e. father or mother) or a court appointed legal guardian
- c. It is mandatory for guardian to submit documentary evidence confirming the relationship status.
- d. It is mandatory for the minor to have a bank account in his own name singly or jointly with the Guardian. The investment amount has to be from the minor's bank account or parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian.
- e. It is mandatory to provide minor's date of birth in application form along with any of following supporting documents:
 - Birth certificate of the minor, or
 - School leaving certificate / Mark sheet issued by Higher Secondary Board of respective states, ICSE, CBSE etc., or
 - Passport of the minor, or
 - Any other suitable proof evidencing the date of birth of the minor.

B. Minor attaining majority – Status Change

- a. The AMC/Registrar shall send advance notice at the registered correspondence address, advising the minor and guardian to submit prescribed documents, in order to effect change of status from 'minor' to 'major'.
- b. In case the requisite documents to change the status are not received by the date when the minor attains the age of majority, no transactions (financial and non-financial) including fresh registration of Systematic Investment Plan

(‘SIP’), Systematic Transfer Plan (‘STP’) and Systematic Withdrawal Plan (‘SWP’) will be permitted after the date of minor attaining the age of majority.

- c. Existing SIPs, SWPs and STPs registered prior to the minor attaining the age of majority, will be continued to be processed till the time an instruction from the major to terminate the standing instruction is received by the AMC/Registrar along with the prescribed documents.
- d. New SIPs, SWPs and STPs will be registered upto the date of the minor attaining the age of majority.
- e. List of standard documents to change account status from minor to major:
 - Service Request form, duly filled and containing details like name of major, folio numbers, etc.;
 - New Bank mandate where account changed from minor to major;
 - Signature attestation of the major by a manager of a scheduled bank / Bank Certificate/Letter;
 - KYC acknowledgement of the major.

C. Change in Guardian

Guardian can be changed in a folio held “on behalf of minor”, either due to mutual consent or demise of the existing guardian. However, the new guardian can only be either a natural guardian (i.e. father or mother) or a court appointed legal guardian. New guardian should submit documentary evidence confirming the relationship with the minor, bank attestation attesting his/her signature and KYC acknowledgement.

D. Process for Investments made in the name of a Minor through a Guardian –

1. For all fresh purchases including Lumpsum, new Systematic Investment Plan (SIP) registrations in the name of minor will be accepted only from the bank account of minor or parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian.
2. Existing unitholders/guardians with folios in the name of minor, should ensure to update a bank account in the name of minor (or a joint account of the minor with the guardian only) as a payout bank in the folio, before placing any redemption in such folio.
3. In case of any redemption received in the folio of a minor where the bank account of the minor is not updated, such redemption will be rejected.
4. Upon the minor attaining the status of major, the minor in whose name the investment was made is required to provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new account.

5. Duration of the Schemes

The duration of open-ended Schemes is perpetual while that of the close-ended schemes is as mentioned in the relevant SID. However, in terms of the Regulations, open-ended schemes may be wound up anytime, and close-ended scheme may be wound up at any time prior to the maturity date, after repaying the amount due to the unit holders under the following circumstances:

1. On happening of any event, which in the opinion of the Trustee, requires the Scheme concerned to be wound up, OR
2. If 75% of the unit holders of the Scheme concerned pass a resolution that the Scheme be wound up, OR
3. If SEBI so directs in the interests of unit holders.

In addition to the above, an open-ended scheme may also be wound up if the scheme/investment Plan fail to fulfill the condition of a minimum of 20 investors on an ongoing basis for each calendar quarter.

Further, an average AUM of Rs. 20 crore on half yearly rolling basis has to be maintained for all open ended debt oriented schemes. In case of breach of the this provisions, the AMC shall scale up the AUM of such scheme within prescribed period so as to comply with the provisions, failing which the provisions of Regulation 39(2)(c) of the Regulations related to winding up of scheme would become applicable.

6. Procedure and Manner of Winding Up

The Trustee shall call a meeting of the unit holders to approve by simple majority of the unit holders present and voting at the meeting for authorising the Trustee or any other person to take steps for winding up of the scheme concerned.

The Trustee or the person authorised as above, shall dispose off the assets of the scheme concerned in the best interest of the unit holders of the scheme.

The proceeds of sale realised in pursuance of the above shall be first utilised towards discharge of such liabilities as are due and payable under the scheme, and after meeting the expenses connected with such winding up, the balance shall be paid to the unit holders in proportion to their respective interest in the assets of the scheme, as on the date when decision for winding up was taken.

On completion of the winding up, the Trustee shall forward to SEBI and unit holders a report on the winding up, detailing, the circumstances leading to the winding up, the steps taken for disposal of the assets of the scheme before winding up, net assets available for distribution to the unit holders and a Certificate from the auditors of the Mutual Fund.

Notwithstanding anything contained herein above, the provisions of the Regulations in respect of disclosures of half-yearly reports and annual reports shall continue to be applicable until winding up is completed or the scheme concerned ceases to exist.

After the receipt of the report referred to above, under “Procedure and Manner of Winding Up”, if SEBI is satisfied that all measures for winding up of the scheme concerned have been complied with, the scheme shall cease to exist.

The aforesaid provisions pertaining to “Procedure and Manner of Winding Up” shall apply in respect of each individual scheme and to the extent possible shall apply mutatis mutandis to each Investment Plan.

7. KYC Requirements and Requirements of Prevention of Money Laundering Act

Please refer “Point 39 of How to Apply”. Note on and Prevention of Money Laundering and Know Your Client (‘KYC’) Requirements”.

8. Pledge of Units for Loans

Units can be pledged by the Unit Holders as security for raising loans, subject to any rules/restrictions that the Trustee may prescribe from time to time. In the case of DSP Tax Saver Fund, this facility may be availed of only after the completion of a Lock-In-Period of 3 years from the date of allotment of Units.

Disbursement of such loans will be at the entire discretion of the bank/financial institution/NBFC or any other body concerned and the Mutual Fund/ AMC assumes no responsibility thereof. The Pledgor will not be able to redeem Units that are pledged until the entity to which the Units are pledged provides written authorisation to the Mutual Fund that the pledge/lien charge may be removed. As long as Units are pledged, the Pledgee will have complete authority to redeem such Units. In case the units pledged are of close ended scheme and if the units are under pledge at the time of maturity of the scheme, then the AMC reserves the right to pay the maturity amount to the person / bank / financial institution/non-banking finance companies (NBFCs)/any other body in whose favour the lien has been marked. An intimation of such payment will be sent to the investor. The AMC thereafter shall not be responsible for any claims made by the investor/third party on account of such payments.

For Units held in demat form, the rules of the respective Depository Participants (‘DP’) will be applicable for pledge of the Units. Units held in demat form can be pledged by completing the requisite forms/formalities as may be required by the Depository. The pledge gets created in favour of the pledgee only when the pledgee’s DP confirms the creation of pledge in the system. In case of Units held in physical form, the Registrar will note and record such pledge. A standard form for this purpose is available at any of the official points of acceptance of transactions and on www.dspim.com.

9. Compliance under Foreign Account Tax Compliance Act /Common Reporting Standard requirements:

Foreign Account Tax Compliance Act: Foreign Account Tax Compliance Act ("FATCA") is a United States (US) law aimed at prevention of tax evasion by US citizens and residents ("US Persons") through use of offshore accounts.

FATCA obligates foreign financial institution (FFIs), including Indian financial institutions to provide the US Internal Revenue Service (IRS) with information on the accounts of to report accounts held by specified US Persons. FATCA requires enhanced due diligence processes by the FFI so as to identify US reportable accounts. With respect to individuals, the US reportable accounts would cover those with US citizenship or US residency. The identification of US person will be based on one or more of following "US indicia"

- Identification of the Account Holder as a US citizen or resident; Unambiguous indication of a US place of birth;
- Current US mailing or residence address (including a US post office box);
- Current US telephone number;
- Standing instructions to transfer funds to an account maintained in USA;
- Current effective power of attorney or signing authority granted to a person with a US address; or
- An "in-care of or "hold mail" address that is the sole address that the Indian Financial Institution has on the file for the Account Holder.

Since domestic laws of sovereign countries, (including India) may not permit sharing of confidential client information by FFIs directly with US IRS, the U.S. has entered into Inter-Governmental Agreement (IGA) with various countries. The IGA between India and USA was signed on 9th July, 2015, which provides that the Indian FIs will provide the necessary information to Indian tax authorities, which will then be transmitted to USA automatically.

Common Reporting Standard - The New Global Standard for Automatic Exchange of Information: On similar lines as FATCA, the Organization of Economic Development (OECD), along with the G20 countries, of which India is a member, has released a "Standard for Automatic Exchange of Financial Account Information in Tax Matters", in order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, requiring cooperation amongst tax authorities. The G20 and OECD countries have together developed a Common Reporting Standard (CRS) on Automatic Exchange of Information (AEOI). The CRS on AEOI was presented to G20 Leaders in Brisbane on 16th November, 2014. On June 3, 2015, India has joined the Multilateral Competent Authority Agreement (MCAA) on AEOI.

The CRS on AEOI requires the financial institutions of the "source" jurisdiction to collect and report information to their tax authorities about account holders "resident" in other countries, such information having to be transmitted "automatically" annually. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the "resident" countries.

Accordingly, with effect from November 1, 2015 all investors will have to mandatorily provide the details and declaration pertaining to FATCA/CRS for all new accounts opened, failing which the AMC shall reject the application.

Investors are requested to note that under the alternative procedure provided in Rule 114H(8) of the Income-tax Rules, 1962, the financial institutions were needed to obtain self-certification and carry out due diligence in respect of all individual and entity accounts opened from 1st July 2014 to 31st August 2015. Such self-certification and documentation was required to be obtained by the financial institutions by 31st August 2016, otherwise they were required to close the accounts and report the same if found to be a "reportable account" as per the prescribed due diligence procedure for pre-existing account. In view of the difficulties highlighted by stakeholders in following the provision for "closure" of financial accounts, it was informed vide Press Release dated 31st August 2016 issued by Ministry of Finance, Government of India that the revised time line shall be notified in due course.

Further, investors are requested to note that Ministry of Finance, Government of India has vide its Press release dated April 11, 2017 informed the revised timelines for self-certification which is April 30, 2017. Investors who have not completed their self-certification are advised to complete their self- certification, on or before April 30, 2017 failing which the AMC shall

block / freeze the unremediated folio(s) unless self-certification is provided by the Investor and due diligence is completed by the AMC.

In case investors have joint account, the folio would be treated as unremediated even if one of the joint account holders has not provided the FATCA self-certification, irrespective of whether such account holder is first, second or third holder.

The details provided by the investor will get updated in their folio within three to four working days, from the date of receipt of such details. The AMC will not be liable for rejection of any transaction or request in the folio(s) where self-certification is not provided or the details are in the process of being updated.

The appended paragraph summarises the permitted and prohibited transactions for the aforesaid unremediated folios effective May 1, 2017. Customer Initiated - Transactions that would be prohibited:

- New or additional Purchase
- Redemptions & Switches
- New Registrations or changes (SIP, SWP, STP, Transfer of IDCW Plan, Triggers)
- Payment of unclaimed Income Distribution cum Capital Withdrawal/ redemption proceeds.

- New Lien Marking or Removal

Transactions that would be permitted;

- Corporate Actions (Reinvestment of Income Distribution cum Capital Withdrawal/ Payout of Income Distribution cum Capital Withdrawal)
- Pre-existing standing instructions (SIP, SWP, STP, Transfer of IDCW Plan, Triggers) till expiry
- Automatic maturity payment of close ended schemes if provided in the Scheme Information Document.
- KRA led changes
- Lien Invocation or Lien cancellation by Financial Institution or pledgee
- Transmission of units with FATCA self-certification of the claimant.

However non-financial service requests such as change of address, updation of bank, mobile, email, etc. shall continue to be accepted.

10. Ultimate Beneficial Ownership

As a part of Client Due Diligence (CDD) Process under PMLA 2002 read with PMLA Rules, 2005 each of the SEBI registered entity, which inter-alia includes Mutual Funds, is required to obtain sufficient information from their clients in order to identify and verify the identity of persons who beneficially own or control the securities account.

3. Dematerialisation and Rematerialisation procedures

Investors subscribing for the Units (other than by way of switch-in) may opt to hold Units in dematerialized mode by filling and providing details of their demat account in the specified application form. Units shall be allotted in physical form by default,

unless the investors intimate their intention of holding Units in demat form by filling in the specified application form. This option shall be available in accordance with the other relevant provisions prescribed in the SID and in terms of guidelines / procedural requirements as laid by the depositories (NSDL/CDSL) from time to time.

Investors intending to hold the Units in Demat form are required to have a beneficiary account with the Depository Participant (DP) registered with NSDL/CDSL and will be required to indicate in the specified application form, the DP's name, DP ID number and the beneficiary account number of the Unit holder with the DP. In case the Demat account details are not provided, or the details are incomplete or the details do not match with the records as per Depository(ies), Units will be allotted in physical form. The sequence of names/pattern of holding as mentioned in the application form must be same as that in the demat account. Units shall be credited to the investors' demat account only after the funds are credited into the Mutual Fund's scheme(s) account to the satisfaction of the AMC.

In case of credit of Units to depository account, applicants' details like the mode of holding, bank account, correspondence address, payment bank, nomination etc. will be considered as appearing in the depository account for various purposes. For any subsequent change in static information like address, bank details, nomination etc. investors should approach their respective depository.

If the demat account details do not match with applicants' name and order, units will be allotted the in physical form. Bank details in such cases shall be captured from the payment instrument provided by the investor. No further transactions shall be permitted in such folio till the KYC related documents or a valid depository account details are provided.

In case, the Unit holder desires to hold the Units in a Dematerialized/Rematerialized form at a later date, the request for conversion of units held in non-demat form into Demat (electronic) form or vice-versa should be submitted alongwith a Demat/Remat Request Form to their Depository Participants. Rematerialization of Units will be in accordance with the provisions of SEBI (Depositories & Participants) Regulations, 2018 as may be amended from time. The asset management company shall issue units in dematerialized form to a unit holder in a scheme within two working days of the receipt of request from the unit holder.

Units held in demat form will be transferable subject to the other relevant provisions prescribed in this SID and in accordance with provisions of Depositories Act, 1996 and the Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 as may be amended from time to time.

4. Applications Supported by Blocked Amount (ASBA) facility

ASBA is an application containing an authorization to a Self -Certified Syndicate Bank (SCSB) to block the application money in the bank account maintained with the SCSB, for subscribing to a New Fund Offer.

The list of Banks that have been notified by SEBI to act as a SCSB for the ASBA process as provided on www.sebi.gov.in. It shall co-exist with the existing process, wherein cheques/ demand drafts are used as a mode of payment. Please refer ASBA application form for detailed instructions. Investors intending to apply through ASBA will be required to submit ASBA form to their respective banks, which in turn will block the amount in their account as per authority contained in the ASBA form. ASBA form should not be submitted at location other than SCSB as it will not be processed. For details on ASBA process please refer the ASBA application form.

5. Portfolio Turnover Details

Portfolio turnover is defined as the lower of the aggregate value of purchases or sales, as a percentage of the average corpus of the Scheme during a specified period of time. The portfolio turnover in the Scheme will be a function of the inflows in the form of subscriptions into the Scheme and outflows in the form of redemptions from the Scheme, as well as the market opportunities available to the Investment Manager. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio(s). It will be the endeavor of the Investment Manager to keep portfolio turnover rates as low as possible. However, there are trading opportunities that present themselves from time to time, where in the opinion of the Investment Manager, there is an opportunity to enhance the total returns of the portfolio. The Investment Manager will endeavor to balance the increased cost on account of higher portfolio turnover with the benefits derived therefrom.

In case of ETFs & Index Funds, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition, if any, and corporate actions of securities included in

underlying Index. However, it will be the endeavor of the Fund Manager to maintain an optimal portfolio turnover rate commensurate with the investment objective of the Scheme and the purchase/ redemption transactions on an ongoing basis in the Scheme.

6. Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount

As per Circular No. MFD/CIR/9/120/2000, dated November 24, 2000, issued by SEBI, unclaimed redemption and Income Distribution cum capital Withdrawal amounts shall be deployed by the Mutual Fund in money market instruments only. SEBI vide circular no. SEBI/HO/IMD/DF2/ CIR/P/ 2016/37 dated February 25, 2016 stated that the unclaimed Redemption and Income Distribution cum Capital Withdrawal amounts may be deployed in separate plan of Liquid scheme/Money market mutual fund scheme floated by Mutual Funds specifically for deployment of the unclaimed Redemption and Income Distribution cum capital Withdrawal amounts. Further, SEBI vide its circular no. SEBI/HO/IMD/IMD-II DOF3/P/CIR/2021/608 dated July 30, 2021, allowed unclaimed redemption and IDCW amounts to be invested in a separate plan of Overnight scheme in addition with the earlier schemes allowed i.e. Liquid scheme/ Money Market Mutual Fund scheme. The investment management fee charged by the AMC for managing such unclaimed amounts shall lower of direct plan of such scheme or at 50bps. Investors who claim these amounts during a period of three years from the due date shall be paid at the prevailing NAV. After a period of three years, this amount can be transferred to a pool account and the investors can claim the said amounts at the NAV prevailing at the end of the third year. The AMC shall make a continuous effort to remind investors through letters to take their unclaimed amounts.

7. Treatment of purchase/switch/SIP/STP transactions received through distributors who are suspended by AMFI shall be as follows.

1. During the period of suspension, no commission shall be accrued or payable to the distributor whose ARN is suspended. During the period of suspension, commission on the business canvassed prior to the date of suspension shall stand forfeited.
2. All future purchases and switches including future installments of SIP/STP registered prior to the date of suspension and fresh SIP / STP registrations received under the ARN code of a suspended distributor during the period of suspension, shall be processed under Direct Plan and shall be continued under Direct Plan perpetually*. AMC shall suitably intimate to the unitholder(s).

*Note: If the AMC receives a written request / instructions from the first / sole unitholder to shift back the existing assets, process future SIP.

3. / STP installments or both in Regular Plan under the ARN of the distributor post revocation of the suspension of ARN, the same shall be honored. Shifting of existing assets will be processed by way of switch from Direct Plan to Regular Plan and investors may be liable to bear applicable taxes on capital gains arising out of such switch.
4. All Purchase and Switch transactions including SIP/STP transactions received through the stock exchange platforms through a distributor whose ARN is suspended shall be rejected.
5. In cases where the ARN of the distributor is permanently terminated, the unitholders have the following options:
 - a. Switch their existing investments under the Regular Plan to Direct Plan (Investors may be liable to bear capital gains taxes per their individual tax position for such transactions); or
 - b. Continue their existing investments under the Regular Plan under ARN of another distributor of their choice by filling the Change of Distributor Form and specifying the reason for change.

All the above inquiries/complaints have since been resolved. The Mutual Fund follows up with the ISCs and the Registrar on complaints and inquiries received from investors with an endeavour to resolve them promptly. The Statement of Additional Information (‘SAI’) will be uploaded by DSP Mutual Fund on its website (www.dspim.com) and on AMFI website (www.amfiindia.com). The printed copy of SAI will be made available to the investor on request.

D. Information pertaining to Investments by the Schemes of the Fund

1. Derivative strategies

Subject to SEBI (Mutual Fund) Regulations, 1996, the Scheme may use techniques and instruments such as trading in derivative instruments to hedge the risk of fluctuations in the value of the investment portfolio. In accordance with the guidelines issued by the SEBI, exposure to derivative instruments will be restricted to the limit as specified along with the asset allocation pattern of the scheme.

A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Interest Rate Swaps, Forward Rate Agreements, Futures, Options, etc.

EQUITY DERIVATIVES

a) Index/ Stock spot – Index/ Stock Futures (Stock Arbitrage):

This strategy is employed when the price of the future is trading at a premium to the price of its underlying in spot market. The Scheme shall buy the stock in spot market and endeavor to simultaneously sell the future at a premium on a quantity neutral basis.

Buying the stock in spot market and selling the futures results into a hedge where the Scheme has locked in a spread and is not affected by the price movement of cash market and futures market. The arbitrage position can be continued till expiry of the future contracts. The future contracts are settled based on the last half an hour's weighted average trade of the spot market. Thus there is a convergence between the spot price and the futures market on expiry.

This convergence helps the Scheme to generate the arbitrage return locked in earlier.

On or before the date of expiry, if the price differential between the spot and futures position of the subsequent month maturity still remains attractive, the scheme may rollover the futures position and hold onto the position in the spot market. In case such an opportunity is not available, the scheme would liquidate the spot position and settle the futures position simultaneously.

Rolling over of the futures transaction means unwinding the short position in the futures of the current month and simultaneously shorting futures of the subsequent month maturity, and holding onto the spot position.

Illustration & Basic Structure of a Stock Future

A futures contract on a stock gives its owner the right and obligation to buy or sell stocks. Single Stock Futures traded on NSE (National Stock Exchange) are cash settled; there is no delivery of the underlying stocks on the expiration date. A purchase or sale of futures on a security gives the trader essentially the same price exposure as a purchase or sale of the security itself. In this regard, trading stock futures is no different from trading the security itself.

Example using hypothetical figures:

The Scheme holds shares of XYZ Ltd., the current price of which is Rs. 500 per share. The Scheme sells one month futures on the shares of XYZ Ltd. at the rate of Rs. 540.

If the price of the stock falls, the Mutual Fund will suffer losses on the stock position held. However, in such a scenario, there will be a profit on the short futures position.

At the end of the period, the price of the stock falls to Rs. 450 and this fall in the price of the stock results in a fall in the price of futures to Rs. 470. There will be a loss of Rs. 50 per share (Rs. 500 - Rs. 450) on the holding of the stock, which will be offset by the profits of Rs. 70 (Rs. 540 - Rs. 470) made on the short futures position.

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity. Certain factors like margins and other related costs have been ignored. The risks associated with stock futures are similar to those associated with equity investments. Additional risks could be on account of illiquidity and potential mis-pricing of the futures.

b) Index Arbitrage:

The S&P CNX Nifty derives its value from fifty constituent stocks; the constituent stocks (in their respective weights) can be used to create a synthetic index matching the Nifty Index. Also, theoretically, the fair value of a future is equal to the spot price plus the cost of carry.

Theoretically, therefore, the pricing of Nifty Index futures should be equal to the pricing of the synthetic index created by futures on the underlying stocks.

Due to market imperfections, the index futures may not exactly correspond to the synthetic index futures. The Nifty Index futures normally trades at a discount to the synthetic Index due to large volumes of stock hedging being done using the Nifty Index futures giving rise to arbitrage opportunities.

One instance in which an index arbitrage opportunity exists is when Index future is trading at a discount to the index (spot) and the futures of the constituent stocks are trading at a cumulative premium.

The investment manager shall endeavour to capture such arbitrage opportunities by taking long positions in the Nifty Index futures and short positions in the synthetic index (constituent stock futures). Based on the opportunity, the reverse position can also be initiated.

c) Corporate Action / Event Driven Strategies:

I. IDCW Arbitrage

At the time of declaration of IDCW, the stock futures / options market can provide a profitable opportunity. Generally, the stock prices decline by the IDCW amount when the stock becomes ex-IDCW.

II. Buy-Back/ Open Offer Arbitrage

When the Company announces the buy-back or open offer of its own shares, there could be opportunities due to price differential in buyback price and traded price.

III. Merger

When the Company announces any merger, amalgamation, hive off, de-merger, etc, there could be opportunities due to price differential in the cash and the derivative market.

d) Portfolio Hedging:

This strategy will be adopted:

- (i) If in an already invested portfolio of a Scheme, the Investment manager is expecting a market correction, the Investment manager may sell Index Futures to insulate the portfolio from the market related risks.
- (ii) If there are significant inflows to the Scheme and the market expectations are bullish, the Investment manager may buy Index Futures to continue participation in the equity markets. This strategy is used to reduce the time to achieve the desired invested levels.

e) Reverse Arbitrage:

This strategy will be adopted if the cash price of a stock (say “XYZ”) is reasonably greater than single stock futures of XYZ, and then the Investment Manager may sell cash position in XYZ and buy single stock futures of XYZ. In this case the Investment Manager will still be having a long-term view on the stock XYZ but is able to minimize the cost of holding of XYZ.

f) Index/ Stock Futures:

A futures contract is a standardized contract between two parties where one of the parties commits to sell, and the other to buy, a stipulated quantity of a security at an agreed price on or before a given date in future.

Currently, futures contracts have a maximum expiration cycle of 3 months. Three contracts are available for trading, with 1 month, 2 months and 3 months expiry respectively. A new contract is introduced on the next trading day following the expiry of the relevant monthly contract. Futures contracts typically expire on the last Thursday of the month. For example a contract with the March 2021 expiration expires on the last Thursday of March 2021 (March 25, 2021).

Basic Structure of an Index Future

The Stock Index futures are instruments designed to give exposure to the equity markets indices. The Stock Exchange, Mumbai (BSE) and The National Stock Exchange (NSE) have trading in index futures of 1, 2 and 3 month maturities. The pricing of an index future is the function of the underlying index and short-term interest rates. Index futures are cash settled, there is no delivery of the underlying stocks.

Strategy

Through the purchase and sale of futures contracts, the Fund would seek to hedge against a decline in securities owned by the Fund or an increase in the prices of securities which the Fund plans to purchase.

The Fund would sell futures contracts on securities indices in anticipation of a fall in stock prices, to offset a decline in the value of its equity portfolio. When this type of hedging is successful, the futures contract increase in value while the Fund's investment portfolio declines in value and thereby keep the Fund's net asset value from declining as much as it otherwise would.

Similarly, when the Fund is not fully invested, and an increase in the price of equities is expected, the Fund would purchase futures contracts to gain rapid market exposure that may partially or entirely offset increase in the cost of the equity securities it intends to purchase.

Example using hypothetical figures:**1 month ABC Index Future**

If the Scheme buys 2,000 futures contracts, each contract value is 50 times the futures index price.

Purchase Date : March 01, 2021

Spot Index : 11,200.00

Future Price : 11,300.00

Date of Expiry : March 25, 2021

Margin : 10%

Assuming the exchange imposes a total margin of 10%, the Investment Manager will be required to provide a total margin of approx. Rs. 113,000,000 (i.e. $10\% \times 11,300 \times 2000 \times 50$) through eligible securities and cash.

Assuming on the date of expiry, i.e. March 28, 2019, ABC Index closes at 11,350, the net impact will be a profit of Rs. 5,000,000 for the Scheme, i.e. $(11,350 - 11,300) \times 2000 \times 50$ (Futures price = Closing spot price = Rs. 11,350.00)

Profits for the Scheme = $(11,350 - 11,300) \times 2000 \times 50 = \text{Rs. } 5,000,000$.

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity.

The net impact for the Scheme will be in terms of the difference of the closing price of the index and cost price. Thus, it is clear from the above example that the profit or loss for the Scheme will be the difference between the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to those associated with equity investments. Additional risks could be on account of illiquidity and potential mis-pricing of the futures.

g) Index/ Stock options

An option gives a person the right but not an obligation to buy or sell something. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium) and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

An option contract may be of two kinds:**1) Call option**

An option that provides the buyer the right to buy is a call option. The buyer of the call option can call upon the seller of the option and buy from him the underlying asset at the agreed price. The seller of the option has to fulfill the obligation upon exercise of the option.

2) Put option

The right to sell is called a put option. Here, the buyer of the option can exercise his right to sell the underlying asset to the seller of the option at the agreed price.

Option contracts are classified into two styles:

(a) European Style

In a European option, the holder of the option can only exercise his right on the date of expiration only.

(b) American Style

In an American option, the holder can exercise his right anytime between the purchase date and the expiration date.

Basic Structure of an Equity Option

In India, options contracts on indices are European style and cash settled whereas, option contracts on individual securities are American style and cash settled.

Strategy

The Scheme may purchase put and call stock/index options to hedge against a decline in securities owned by the Fund or an increase in the prices of securities which the Fund plans to purchase

Example using hypothetical figures:

Market type : N

Instrument Type : OPTSTK

Underlying : XYZ Ltd. (XYZ)

Purchase date : March 1, 2021

Expiry date : March 25, 2021

Option Type : Put Option (Purchased)

Strike Price : Rs. 9,750.00

Spot Price : Rs. 9,800.00

Premium : Rs. 200.00

Lot Size : 100

No. of Contracts : 50

Say, the Mutual Fund purchases on March 1, 2021, 1 month Put Options on XYZ Ltd. (XYZ) on the NSE i.e. put options on 5000 shares (50 contracts of 100 shares each) of XYZ.

As these are American style options, they can be exercised on or before the exercise date i.e. March 25, 2021. If the share price of XYZ Ltd. falls to Rs. 9,500/- on March 25, 2021, and the Investment Manager decides to exercise the option, the net impact will be as Follows:

Premium Expense = Rs. 200 * 50 * 100 = Rs. 10,00,000/-

Option Exercised at = Rs. 9,500/-

Profits for the Mutual Fund = $(9,750.00 - 9,500.00) * 50 * 100$ = Rs. 12,50,000/-

Net Profit = Rs. 12,50,000 - Rs. 10,00,000 = Rs. 2,50,000/-

In the above example, the Investment Manager hedged the market risk on 5000 shares of XYZ Ltd. by purchasing put options.

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity. Certain factors like margins have been ignored. The purchase of Put Options does not increase the market risk in the Mutual Fund as the risk is already in the Mutual Fund's portfolio on account of the underlying asset position (in his example shares of XYZ Ltd.). The Premium paid for the option is treated as an expense and added to the holding cost of the relevant security. Additional risks could be on account of illiquidity and potential mis-pricing of the options.

h) Writing call options under Covered call strategy

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. Covered calls are an options strategy where a person holds a long position in an asset and writes (sells) call options on that same asset to generate an income stream. The Scheme may write call options under covered call strategy, as permitted by Regulations.

Benefits of using Covered Call strategy in Mutual Funds:

The covered call strategy can be followed by the Fund Manager in order to hedge risk thereby resulting in better risk adjusted returns of the Scheme. This strategy is also employed when the Fund Manager has a short-term neutral view on the asset and for this reason holds the asset long and simultaneously takes a short position via covered call option strategy to generate income from the option premium. The strategy offers the following benefits:

a) Hedge against market risk - Since the fund manager sells a call option on a stock already owned by the mutual fund scheme, the downside from fall in the stock price would be lower to the extent of the premium earned from the call option.

b) Generating additional returns in the form of option premium in a range bound market.

Thus, a covered call strategy involves gains for unit holders in case the strategy plays out in the right direction

Illustration – Covered Call strategy using stock call options:

Suppose, a fund manager buys equity stock of ABC Ltd. For Rs. 1000 and simultaneously sells a call option on the same stock at a strike price of Rs. 1100. The scheme earns a premium of say, Rs. 50. Here, the fund manager does not think that the stock price will exceed Rs. 1100.

Scenario 1: Stock price exceeds Rs. 1100

The call option will get exercised and the fund manager will sell the stock to settle his obligation on the call at Rs. 1100 (earning a return of 10% on the stock purchase price). Also, the scheme has earned a premium of Rs. 50 which reduced the purchase cost of the stock (Rs. 1000 – Rs. 50 = Rs. 950).

Net Gain – Rs. 150

Scenario 2: Stock prices stays below Rs. 1100

The call option will not get exercised and will expire worthless. The premium earned on call option will generate alpha for the scheme.

Net Gain – Rs. 50

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

FIXED INCOME DERIVATIVES

1) Interest Rate Swap (IRS)

Any swap is effectively an exchange of one set of cash-flows for another considered to be of equal value. If the exchange of cash flows is linked to interest rates, it becomes an interest rate swap.

An interest rate swap is an agreement between two parties to exchange future payment streams based on a notional amount. Only the interest on the notional amount is swapped, and the principal amount is never exchanged.

In a typical interest rate swap, one party agrees to pay a fixed rate over the term of the agreement and to receive a variable or floating rate of interest. The counterparty receives a stream of fixed rate payments at regular intervals as described in the agreement and pays the floating rate of interest. A fixed/ floating interest rate swap is characterized by:

1. Fixed interest rate;
2. Variable or floating interest rate, which is periodically reset;
3. Notional principal amount upon which total interest payments are based; and
4. The terms of the agreement, including a schedule of interest rate reset dates, payment dates and termination date.

The primary reason for engaging in an interest rate swap is to hedge the interest rate exposure. An illustration could be an institution having long-term fixed rate assets (longer tenor securities receiving fixed rate) in a rising interest rate environment; it can hedge the interest rate exposure by purchasing an interest rate swap where the institution receives floating interest rate and pays fixed rate. In this case, an interest rate swap is likely to reduce the duration and interest rate volatility of the fund.

Example:

Terms:

Fixed Interest Rate : 8.50% p.a.
Variable Interest Rate : NSE Over-Night MIBOR reset daily and compounded daily
Notional Principal Amount: Rs.100 Crore
Period of Agreement : 1 year
Payment Frequency : Semi-annual

Now, suppose the six-month period from the effective date of the swap to the first payment date comprises 182 days and the daily compounded NSE Over-Night MIBOR is 8.15% p.a. on the first payment date, then the fixed and variable rate payment on the first payment date would be as follows:

Fixed rate payment:

$\text{Rs. } 4,23,83,562 = (\text{Rs. } 100,00,00,000) \times (8.50\%) \times (182 \text{ Days} / 365 \text{ Days})$

Variable rate payment:

$\text{Rs. } 4,06,38,356 = (\text{Rs. } 100,00,00,000) \times (8.15\%) \times (182 \text{ Days} / 365 \text{ Days})$

Often, a swap agreement will call for only the exchange of net amount between the counterparties. In the above example, the fixed-rate payer will pay the variable-rate payer a net amount of $\text{Rs. } 17,45,205 = \text{Rs. } 4,23,83,562 - \text{Rs. } 4,06,38,356$.

The second and final payment will depend on the daily NSE MIBOR compounded daily for the remaining 183 days. The fixed rate payment will also change to reflect the change in holding period from 182 days to 183 days.

2) Forward Rate Agreement (FRA)

An FRA is an off balance sheet agreement to pay or receive on an agreed future date, the difference between an agreed interest rate and the interest rate actually prevailing on that future date, calculated on an agreed notional principal amount. It is settled against the actual interest rate prevailing at the beginning of the period to which it relates rather than paid as a gross amount.

FRAs are purchased to hedge the interest rate risk; an investor facing uncertainty of the interest rate movements can fix the interest costs by purchasing an FRA.

An FRA is referred to by the beginning and end dates of the period covered. Thus a 5x8 FRA is one that covers a 3-month period beginning in 5-months and ending in 8-months. FRAs are purchased to hedge the interest rate risk; an investor facing uncertainty of the interest rate movements can fix the interest costs by purchasing an FRA.

An illustration could be a corporation having floating rate debt linked to an index such as say, 3-Month MIBOR. If the existing interest cost is at 8% on Rs.100 Crore for the next three months, the corporation can purchase a 3x6 FRA @ 8.1% on Rs.100 Crore and fix the interest cost for the 3-6 months period. If the actual 3-Month MIBOR after 3-months is at 8.25%, the corporation has saved 15 bps in interest cost. As the settlement is done at the beginning of the period, the savings in interest expense are discounted to a present value using a 3-month rate to calculate the actual settlement amount.

The flows for the institution will be, as follows:

Interest Savings = Rs. 100 Crore * 15 bps * 92/365

(assuming 92 days in the 3 month FRA period and 365 days in the conventional year) = Rs.3,78,082.19

Settlement Amount = Rs.3,78,082.19/ (1+8.25%*92/365)

Please note that the above examples are hypothetical in nature and the figures are assumed.

3) Interest Rate Futures

An Interest Rate Futures ('IRF') contract is "an agreement to buy or sell a debt instrument at a specified future date at a price that is fixed today." The underlying security for Interest Rate Futures is either Government Bond or T-Bill. Interest Rate Futures are Exchange traded and standardized contracts based on 6 year, 10 year and 13 year Government of India Security and 91-day Government of India Treasury Bill (91DTB). These future contracts are cash settled. These instruments can be used for hedging interest rate exposure.

For example, assume a portfolio has Rs. 100 crores of Government security 7.59% GOI 2026 with face value Rs. 100/-. The bond is currently trading in market at 105.00.

The futures on 7.59% GOI 2026, expiring on 26th October 2018 is trading on exchange at 105.10.

Instead of exiting the cash position, the fund manager can decide to hedge the position by selling the same quantity in futures. Since one contract of IRF has a notional of Rs. 2 lakhs, in this example the fund manager sells Rs. 100 crores/2 lakhs = 5000 contracts, to hedge his position.

At maturity, the settlement price of the futures will be almost same as closing price of the underlying security.

At maturity of the Interest Rate Futures

Case 1: At maturity Bonds close higher than the price at which fund manager hedged the position, but below the futures price at which he hedged

Closing price of Bonds on day of maturity of futures = 105.05

Settlement price of futures = 105.05

MTM gain on the underlying bond = (105.05-105.00) * 100 crores / 100 (i.e. face value of bond) = Rs. 5,00,000

The profit on the futures leg is = 5000*2lakhs *(105.10-105.05)/ 100 (i.e. face value of bond) = Rs 5,00,000

Overall profit to the fund = Rs 10,00,000

Case 2: At maturity bonds close higher than the level at which futures were sold

In case, the closing price of bonds on the day of maturity of futures = 105.20,

Settlement price of futures = 105.20

The MTM gain on bonds = (105.20-105.00) * 100 crores /100 (i.e. face value of bond) = Rs. 20,00,000

Loss on futures leg = 5000*2 lakhs * (105.10-105.20) /100 (i.e. face value of bond) = (Rs 10,00,000)

Total Profit to the fund = Rs 10,00,000

Case 3: At maturity bonds sells off from levels where hedges were initiated

In case, the closing price of bonds on the day of maturity of futures = 104.80,

Settlement price of futures = 104.80

The MTM loss on bonds = (104.80-105.00) * 100 crores= (Rs. 20,00,000)

Profit on futures leg = 5000*2 lacs * (105.10-104.80) = Rs 30,00,000

Total Profit to the fund = Rs 10,00,000

- Participation of mutual funds in ETCDs shall be subject to the following:
 - i. The Fund may participate in ETCDs in India, except in commodity derivatives on ‘Sensitive Commodities’
 - ii. ETCDs having Gold as the underlying, shall also be considered as ‘gold related instrument’ for Gold Exchange Traded Funds (Gold ETFs).
 - iii. The scheme may participate in the ETCDs as ‘client’ and shall be subject to all the rules, regulations and instructions, position limit norms, etc. as may be applicable to clients, issued by SEBI and Exchanges from time to time. The position limits at mutual fund level be as applicable to ‘Trading Members’.
 - iv. The cumulative gross exposure through Physical gold and gold related Instrument, Cash and Cash Equivalent, Exchange Traded Commodity Derivatives and such other securities/assets as may be permitted by the SEBI from time to time subject to regulatory approvals, if any should shall not exceed 100% of the net assets of the scheme.
 - v. The Scheme shall not have net short positions in ETCDs on any particular good, considering its positions in physical goods as well as ETCDs, at any point of time.
 - vi. The AMC shall not onboard Foreign Portfolio Investors (FPIs) in the Scheme investing in ETCDs until FPIs are permitted to participate in ETCDs.
 - vii. In Compliance with clause 3.2.1.5 (a) of SEBI Master Circular, the cumulative exposure to gold related instruments i.e. Gold Deposit Scheme (GDS) of banks, Gold Monetization Scheme (GMS) and ETCD having gold as the underlying shall

not exceed 50% of net asset value of the scheme. However, within the 50% limit, the investment limit for GDS and GMS as part of gold related instrument shall not exceed 20% of net asset value of the scheme. The unutilized portion of the limit for GDS of banks and GMS can be utilized for ETCD having gold as the underlying

Regulation on exposure to derivatives

The position limits for trading in derivatives by Mutual Funds specified by clause 7.5 of SEBI Master Circular are as follows:

i. Position limit for the Mutual Fund in index options contracts:

- a. The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest in the market in index options, whichever is higher, per Stock Exchange.
- b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for the Mutual Fund in index futures contracts:

- a. The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest in the market in index futures, whichever is higher, per Stock Exchange.
- b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging:

In addition to the position limits at point (i) and (ii) above, Fund may take exposure in equity index derivatives subject to the following limits:

- a. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
- b. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

iv. Position limit for the Mutual Fund for stock based derivative contracts:

The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).

v. Position limit for the Scheme:

The position limits for the Scheme and disclosure requirements are as follows:

- a. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a Fund shall not exceed the higher of 1% of free float market capitalization (in terms of number of shares).

Or

5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).

- b. This position limit shall be applicable on the combined position in all derivative contracts on a underlying stock at a Stock Exchange.
- c. For index based contracts, the Mutual Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

As and when SEBI notifies amended limits in position limits for exchange traded derivative contracts in future, the aforesaid position limits, to the extent relevant, shall be read as if they were substituted with the SEBI amended limits.

Exposure Limits:

With respect to investments made in derivative instruments, the Schemes shall comply with the following exposure limits in line with clause 12.24 and clause 12.25 of the SEBI Master Circular:

1. The cumulative gross exposure through equity, debt, derivative positions (including commodity and fixed income derivatives), repo transactions and credit default swaps in corporate debt securities, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/assets as may be permitted by SEBI from time to time should not exceed 100% of the net assets of the scheme. However, the following shall not be considered while calculating the gross exposure:
 - a. Security-wise hedged position and
 - b. Exposure in cash or cash equivalents with residual maturity of less than 91 days
2. The total exposure related to option premium must not exceed 20% of the net assets of the Scheme.
3. The Mutual Fund shall not write options or purchase instruments with embedded written options except for the Schemes where the covered call strategy is enabled.
4. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:

- a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.
 - c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
5. (a) Mutual Funds may enter into plain vanilla Interest Rate Swaps (IRS) for hedging purposes. The value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme.
- (b) In case of participation in IRS is through over the counter transactions, the counter party has to be an entity recognized as a market maker by RBI and exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme. However, if mutual funds are transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.
6. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.
7. Definition of Exposure in case of Derivative Positions:
Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option Bought	Option Premium Paid * Lot Size * Number of Contracts

8. To reduce interest rate risk in a debt portfolio, the Mutual funds may hedge the portfolio or part of the portfolio (including one or more securities) on weighted average modified duration basis by using Interest Rate Futures (IRFs). The maximum extent of short position that may be taken in IRFs to hedge interest rate risk of the portfolio or part of the portfolio, is as per the formula given below:

$$\frac{(\text{Portfolio Modified Duration} * \text{Market Value of the Portfolio})}{(\text{Futures Modified Duration} * \text{Futures Price/PAR})}$$

8. The Scheme shall not carry out imperfect hedging using IRFs.

2. Swing Pricing

SWING PRICING FRAMEWORK FOR OPEN DEBT SCHEME(S) OF THE FUND

With an aim to safeguard interest of small investors against any large redemptions, SEBI vide its clause 4.10 of the SEBI Master Circular introduced provision pertaining to swing pricing framework for all open ended debt mutual fund schemes (except overnight funds, Gilt funds and Gilt with 10-year maturity funds) with effect from March 1, 2022.

In view of the aforesaid circular, DSP Trustee Company Private Limited has approved the mandatory full swing during market dislocation times for high risk open ended debt schemes.

Below are the provisions with respect to swing pricing framework: for concerned schemes of the Fund:

Swing Pricing Framework

SEBI introduced swing pricing framework for open ended debt mutual fund schemes (except overnight funds, Gilt funds and Gilt with 10-year maturity funds) through clause 4.10 of the SEBI Master Circular. The swing pricing is made applicable only for scenarios related to net outflows from the schemes. Further the circular mandates full swing during market dislocation times for high risk open ended debt schemes.

Pursuant to the SEBI Circular the below swing pricing framework will be adapted during the market dislocation times. Currently, Fund has decided not to adopt policy pertaining to swing pricing during normal times.

Meaning of Swing Pricing:

Swing pricing refers to a process of adjusting scheme's net asset value (NAV) to effectively pass on transaction costs stemming from net capital activity (i.e., flows into or out of the fund) to the investors associated with that activity during the life of a fund, excluding ramp-up period or termination. In a liquidity-challenged environment, quoted bid/ask spreads and overall trading cost can widen and may not be representative of the executed prices that can be achieved in the market.

Swing pricing can be a useful mechanism to contribute to protect the interests of existing investors, specifically from the dilution of their holdings and value of the investor's capital and thus contribute to protect the value of the investors capital. Swing pricing mechanism is a tools which can help protect remaining investors during any of the below instances when:

- Any large investors choose to redeem where their actions would have material market impact costs
- More active trading takes place for the scheme or
- Scheme hold illiquid assets.

Market Dislocation:

SEBI will determine 'market dislocation' either based on AMFI's recommendation or suo moto. SEBI shall notify once market dislocation is declared that swing pricing will be applicable for a specified period.

Subsequent to the announcement of market dislocation, the swing pricing framework shall be mandated only for open ended debt schemes (except overnight funds, Gilt funds and Gilt with 10-year maturity funds) in terms of clause 2.6 of the SEBI Master Circular which:

- a. has High or Very High risk on the risk-o-meter in terms of clause 17.4 of the SEBI Master circular (as of the most recent period at the time of declaration of market dislocation) and
- b. classifies themselves in the cells A-III, B-II, B-III, C-I, C-II and C-III of Potential Risk Class (PRC) Matrix in terms of clause 17.5 of the SEBI Master Circular.

Swing Threshold:

Swing threshold refers to a pre-determined threshold set in terms of percentage of AUM that trigger the adjustment in the NAV (swinging of the NAV). During the market dislocation times swing pricing will be adapted when the scheme has net outflow irrespective of any swing threshold. Swing pricing shall be made applicable to all unitholders at PAN level for (redemptions and subscriptions) except for redemptions up to INR 2 lacs for each mutual fund scheme.

Below is the Swing factor for concerned schemes of DSP Mutual Fund:

1. DSP Banking and PSU Debt Fund ('DSPBPSF') and DSP Floater Fund ('DSPFF')

Swing factor refers to adjustment factor set in terms of percentage by the extent NAV is adjusted / swung. As per clause 17.5 of the SEBI Master Circular, the PRC matrix assigned to DSPBPSF and DSPFF is A-III and hence mandatory swing during market dislocation, in case of net outflow from the schemes, the NAV would be adjusted (swung) downwards by 1 %.

Disclosures pertaining to NAV adjusted for swing factor:

The Scheme performance shall be computed based on Scheme NAV before Swing adjustment i.e. the unswung NAV.

Disclosures pertaining to NAV adjusted for swing factor along with the performance impact shall be made by the AMCs in following format in SIDs and in scheme wise Annual Reports and Abridged summary and the same may be disclosed on website prominently only if swing pricing framework has been made applicable for the said mutual fund scheme.

3. Provisions on creation of Segregated portfolio/Side pocketing

Creation of segregated portfolio shall be subject to guidelines specified by SEBI from time to time and includes the following:

1. Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:
 - a. Downgrade of a debt or money market instrument to 'below investment grade', or
 - b. Subsequent downgrades of the said instruments from 'below investment grade', or
 - c. Similar such downgrades of a loan rating

In case of unrated debt or money market instruments of an issuer that does not have any outstanding rated debt or money market instruments, actual default of either the interest or principal amount by the issuer of such instruments shall be considered as a Credit Event for creation of Segregated Portfolio.

2. In case of difference in rating by multiple CRAs, the most conservative rating shall be considered. Creation of segregated portfolio shall be based on issuer level credit events as mentioned above and implemented at the ISIN level.
3. Creation of segregated portfolio is optional and is at the discretion of the AMC. It shall be created only if the Scheme Information Document (SID) of the scheme has provisions for segregated portfolio with adequate disclosures.

Process for Creation of Segregated Portfolio:

1. On the date of credit event, AMC should decide on creation of segregated portfolio. Once AMC decides to segregate portfolio, it should:
 - a. seek approval of trustees prior to creation of the segregated portfolio.
 - b. immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors. The Fund will also disclose that the segregation shall be subject to Trustee approval. Additionally, the said press release will be prominently disclosed on the website of the AMC.
 - c. ensure that till the time the trustee approval is received, which in no case shall exceed 1 business day from the day of credit event, the subscription and redemption in the scheme will be suspended for processing with respect to creation of units and payment on redemptions.
2. Once Trustee approval is received by the AMC:
 - a. Segregated portfolio will be effective from the day of credit event
 - b. AMC shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information will also be submitted to SEBI.
 - c. An e-mail or SMS will be sent to all unit holders of the concerned scheme.
 - d. The NAV of both segregated and main portfolios will be disclosed from the day of the credit event.
 - e. All existing investors in the scheme as on the day of the credit event will be allotted equal number of units in the segregated portfolio as held in the main portfolio.
 - f. No redemption and subscription will be allowed in the segregated portfolio. However, upon recovery of any money from segregated portfolio, it will be immediately distributed to the investors in proportion to their holding in the segregated portfolio.
 - g. AMC should enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests
 - h. Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
3. If the trustees do not approve the proposal to segregate portfolio, AMC will issue a press release immediately informing investors of the same.
4. In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

Processing of Subscription and Redemption Proceeds:

All subscription and redemption requests for which NAV of the day of credit event or subsequent day is applicable will be processed as under:

- 1) Upon trustees' approval to create a segregated portfolio -
 - Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
 - Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.
- 2) In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

TER for the Segregated Portfolio

- 1) AMC will not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.
- 2) The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence. In addition to the TER mentioned above, the legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio as mentioned below.
- 3) The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
- 4) The costs related to segregated portfolio shall in no case be charged to the main portfolio.

Explanations:

- 1) The term 'segregated portfolio' means a portfolio, comprising of debt or money market instrument affected by a credit event that has been segregated in a mutual fund scheme.
- 2) The term 'main portfolio' means the scheme portfolio excluding the segregated portfolio.
- 3) The term 'total portfolio' means the scheme portfolio including the securities affected by the credit event.

Risks associated with segregated portfolio

- 1) Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer.
- 2) Security comprises of segregated portfolio may not realise any value.
- 3) Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

Disclosure Requirements:

In order to enable the existing as well as the prospective investors to take informed decision, the following shall be adhered to:

- a. A statement of holding indicating the units held by the investors in the segregated portfolio along with the NAV of both segregated portfolio and main portfolio as on the day of the credit event shall be communicated to the investors within 5 working days of creation of the segregated portfolio.
- b. Adequate disclosure of the segregated portfolio shall appear in all scheme related documents, in monthly and half-yearly portfolio disclosures and in the annual report of the Mutual Fund and the Scheme.
- c. The Net Asset Value (NAV) of the segregated portfolio shall be declared on daily basis.
- d. The information regarding number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-cum-Application Form, advertisement, AMC and AMFI websites, etc.
- e. The scheme performance required to be disclosed at various places shall include the impact of creation of segregated portfolio. The scheme performance shall clearly reflect the fall in NAV to the extent of the portfolio segregated due to the credit event and the said fall in NAV along with recovery (ies), if any, shall be disclosed as a footnote to the scheme performance.
- f. The disclosures at paragraph (d) and (e) above regarding the segregated portfolio shall be carried out for a period of at least 3 years after the investments in segregated portfolio are fully recovered/ written-off.
- g. The investors of the segregated portfolio shall be duly informed of the recovery proceedings of the investments of the segregated portfolio. Status update may be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities.

Monitoring by Trustees:

- a. In order to ensure timely recovery of investments of the segregated portfolio, trustees shall ensure that:
- The AMC puts in sincere efforts to recover the investments of the segregated portfolio.
 - Upon recovery of money, whether partial or full, it shall be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio.
 - An Action Taken Report (ATR) on the efforts made by the AMC to recover the investments of the segregated portfolio is placed in every trustee meeting till the investments are fully recovered/ written-off.
 - The trustees shall monitor the compliance of this circular and disclose in the half-yearly trustee reports filed with SEBI, the compliance in respect of every segregated portfolio created.
- b. In order to avoid mis-use of segregated portfolio, trustees shall ensure to have a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of the AMC, including claw back of such amount to the segregated portfolio of the scheme.

4. Short selling / stock lending

The Scheme may engage in short selling in accordance with framework relating to Short Selling specified by SEBI. Short Selling means selling stock which the seller does not own at the time of trade.

Subject to the SEBI Regulations as applicable from time to time, the Mutual Fund may, engage in Stock Lending. Stock Lending means the lending of stock to another person or entity for a fixed period of time, at a negotiated compensation. The securities lent will be returned by the borrower on the expiry of the stipulated period.

Investors are requested to refer to asset allocation specified in the SID of respective schemes to know if the scheme is going to engage in short selling or participate in securities lending activities.

E. Transaction Charges and Stamp Duty

Transaction Charges:

Investors may note that the AMC has discontinued the payment of transaction charges to distributors effective May 01, 2023. Accordingly, effective May 01, 2023, no transaction charges shall be deducted from the investment amount given by the investor, for transactions / applications received through the distributors (i.e. in Regular Plan) and full investment amount will be invested in the Scheme.

Stamp Duty:

Investors / Unit Holders of all the scheme(s) of DSP Mutual Fund are advised to take note that, pursuant to notification no. S.O. 4419(E) dated December 10, 2019 read with notification no. S.O. 115(E) dated January 08, 2020 and notification no. S.O. 1226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, applicable stamp duty would be levied on mutual fund investment transactions with effect from July 1, 2020.

Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchases, switch-ins, SIP/STP installments, (including reinvestment of IDCW) to the unit holders would be reduced to that extent.

X. DISCLOSURES AND REPORTS BY THE FUND

1. Account Statement/Consolidated Account Statement

Under Regulation 36(4) of SEBI (Mutual Funds) Regulations, 1996, the AMC/ RTA is required to send consolidated account statement for each calendar month to all the investors in whose folio transaction has taken place during the month. Further, SEBI vide its circular ref. no. CIR/MRD/DP/31/2014 dated November 12, 2014, in order to enable a single consolidated view of all the investments of an investor in Mutual Fund and securities held in demat form with Depositories, has required Depositories to generate and dispatch a single consolidated account statement for investors having mutual fund investments and holding demat accounts.

In view of the said requirements the account statements for transactions in units of the Fund by investors will be dispatched to investors in following manner:

I. Investors who do not hold Demat Account

Consolidated account statement[^], based on PAN of the holders, shall be sent by AMC/ RTA to investors not holding demat account, for each calendar month within 15th day of the succeeding month to the investors in whose folios transactions have taken place during that month.

Consolidated account statement[^] shall be sent by AMC/RTA every half yearly (September/ March), on or before 21st day of succeeding month, detailing holding at the end of the six month, to all such investors in whose folios there have been no transactions during that period.

[^]Consolidated account statement sent by AMC/RTA is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, payout of IDCW, reinvestment of IDCW, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month.

II. Investors who hold Demat Account

Consolidated account statement^{^^}, based on PAN of the holders, shall be sent by Depositories to investors holding demat account, for each calendar month within 15th day of the succeeding month to the investors in whose folios transactions have taken place during that month.

Consolidated account statement shall be sent by Depositories every half yearly (September/ March), on or before 21st day of succeeding month, detailing holding at the end of the six month, to all such investors in whose folios and demat accounts there have been no transactions during that period.

In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send account statement in terms of regulations applicable to the depositories.

^{^^}Consolidated account statement sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, payout of IDCW, reinvestment of IDCW, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month.

Following provisions shall be applicable to CAS sent through AMC/ RTA and CAS sent through depositories:

- a. Investors are requested to note that for folios which are not included in the CAS, AMC shall henceforth issue monthly account statement to the unit holders, pursuant to any financial transaction done in such folios; the monthly statement will be sent on or

before 15th day of succeeding month. Such statements shall be sent in physical form if no email id is provided in the folio.

- b. The statement sent within the time frame mentioned above is provisional and is subject to realisation of payment instrument and/or verification of documents, including the application form, by the RTA/AMC.
- c. In the event the folio/demat account has more than one registered holder, the first named Unit holder/Account holder shall receive the CAS (AMC/RTA or Depository). For the purpose of CAS (AMC/RTA or Depository), common investors across mutual funds/depositories shall be identified on the basis of PAN. Consolidation shall be based on the common sequence/ orders of investors in various folios/demat accounts across mutual funds / demat accounts across depository participants.
- d. Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN. For folios not included in the CAS (due to non-availability of PAN), the AMC shall issue monthly account statement to such Unit holder(s), for any financial transaction undertaken during the month on or before 15th of succeeding month by mail or email.
- e. For folios not eligible to receive CAS (due to non-availability of PAN), the AMC shall issue an account statement detailing holding across all schemes at the end of every six months (i.e. September/March), on or before 21st day of succeeding month, to all such Unit holders in whose folios no transaction has taken place during that period shall be sent by mail/e-mail.
- f. For Unit Holders who have provided an e-mail address in KYC records, the CAS will be sent by e-mail.
- g. The Unit Holder may request for a physical account statement by writing to/calling the AMC/RTA. In case of a specific request received from the unit holders, the AMC/RTA shall provide the account statement to the unit holders within 5 business days from the receipt of such request.
- h. Units held, either in the form of Account Statement or Unit Certificates, are non-transferable. The Trustee reserves the right to make the Units transferable at a later date subject to SEBI (MF) Regulations issued from time to time.

2. Half Yearly Disclosures/Portfolio Disclosures/Financial Results

In case of unit holders whose email address are registered with the Fund, the AMC shall send half yearly portfolio via email within 10 days from the end of each half-year. The half yearly portfolio of the Scheme shall also be available in a user-friendly and downloadable spreadsheet format on the AMFI's website www.amfiindia.com and website of AMC viz. www.dspim.com on or before the 10th day of succeeding month.

The advertisement in this reference will be published by the Fund in all India edition of atleast two daily newspapers, one each in English and Hindi.

The AMC shall provide a physical copy of the statement of the Scheme portfolio, without charging any cost, on specific request received from a unit holder.

3. Half Yearly Results

The Fund shall, before the expiry of one month from the close of each half year, (i.e. March 31 and September 30) shall display the unaudited financial results on www.dspim.com and the advertisement in this regards will be published by the Fund in at least one English daily newspaper having nationwide circulation and in a newspaper having wide circulation published in the language of the region where the Head Office of the Fund is situated.

4. Annual Report

Annual report or Abridged Summary, in the format prescribed by SEBI, will be hosted on AMC's website www.dspim.com and on the website of AMFI www.amfiindia.com. Annual Report or Abridged Summary will also be sent by way of e-mail to the

investors who have registered their email address with the Fund not later than four months from the date of the closure of the relevant financial year i.e. March 31 each year.

In case of unit holders whose email addresses are not available with the Fund, the AMC shall send physical copies of scheme annual reports or abridged summary to those unit holders who have 'opted-in' to receive physical copies. The opt-in facility to receive physical copy of the scheme-wise annual report or abridged summary thereof shall be provided in the application form for new subscribers.

Unit holders who still wish to receive physical copies of the annual report/abridged summary notwithstanding their registration of e-mail addresses with the Fund, may indicate their option to the AMC in writing and AMC shall provide abridged summary of annual report without charging any cost. Physical copies of the report will also be available to the unit holders at the registered offices at all times. For request on physical copy refer relevant disclosures mentioned in the SAI available on AMC website i.e. www.dspim.com

The advertisement in this reference will be published by the Fund in all India edition of atleast two daily newspapers, one each in English and Hindi.

Investors are requested to register their e-mail addresses with Mutual Fund.

As per regulation 60 prescribed under SEBI (Mutual Fund) Regulations, 1996, investors are requested to refer the Fund's website (www.dspim.com) for information which may have an adverse bearing on investors investments eg - downgrade of securities or fair valuation.

Notwithstanding anything contained in this Statement of Additional Information, the provisions of the SEBI (Mutual Funds) Regulations, 1996 and the guidelines thereunder shall be applicable.
