## UNITHOLDER INFORMATION REPORT

The Directors of DSP Trustee Private Limited ('the Trustee Company' or 'Trustee') have the pleasure of presenting the 28th Annual Report of DSP Mutual Fund for the financial year 2024-2025 along with the audited financial statements of the schemes for the financial year ended on March 31, 2025.

### I. BRIEF BACKGROUND OF THE TRUST, SPONSORS, TRUSTEE COMPANY AND ASSET MANAGEMENT COMPANY

#### a. DSP MUTUAL FUND

DSP Mutual Fund ('DSPMF' or 'the Fund') was set up as a Trust by the Settlers, (DSP ADIKO Holdings Private Limited and DSP HMK Holdings Private Limited) on December 16, 1996, with DSP Trustee Private Limited, ('Trustee Company') as a Trustee in accordance with the provisions of the Indian Trusts Act, 1882 and is duly registered under the Indian Registration Act, 1908. The Trustee had entered into an Investment Management Agreement dated December 16, 1996, as amended from time to time, with DSP Investment Managers Private Limited ('DSPIM', 'former Asset Management Company') to function as the Investment Manager for all the schemes of the Fund. Pursuant to Demerger/scheme of arrangement between DSP Investment Managers Private Limited ('DSPIM') and DSP Asset Managers Private Limited ('DSPAM'/'AMC'), the asset management business has been transferred from DSPIM to DSPAM and consequently an amended Investment Management Agreement dated April 01, 2023 was entered into by the Trustees with DSPAM to function as the Asset Management Company of schemes of DSP Mutual Fund w.e.f. April 01, 2023. The Fund was registered with SEBI on January 30, 1997.

#### b. SPONSORS

The Fund is sponsored by DSP ADIKO Holdings Private Limited ('DSP Adiko') & DSP HMK Holdings Private Limited ('DSP HMK'). DSP Adiko & DSP HMK are the Settlers of the Mutual Fund trust. The Settlers have entrusted a sum of Rs. 1 lakh to the Trustee as the initial contribution towards the corpus of the Mutual Fund.

DSP Adiko and DSP HMK are companies incorporated in 1983 under the Companies Act, 1956 and are also registered with the Reserve Bank of India as non-deposit taking Non-Banking Finance Companies. Further, a fresh Certificate of Registration has been issued by the RBI for conversion from Type-II to Type-I NBFC-ND for not availing public funds and not having customer interface. These companies have been functioning as investment companies, dealing in the acquisition and holding of various investment instruments in the securities market in India.

#### c. DSP TRUSTEE PRIVATE LIMITED

The Trustee Company is the exclusive owner of the Trust Fund and holds the same in trust for the benefit of the unit holders. The Trustee Company has been discharging its duties and carrying out the responsibilities as provided in the SEBI (Mutual Funds) Regulations, 1996 ('MF Regulations') and the Trust Deed. The Trustee Company seeks to ensure that the Fund and the schemes floated thereunder are managed by the AMC in accordance with the objectives of the scheme, provisions of Trust Deed, Investment Management Agreement, the MF Regulations, directions and guidelines issued by SEBI, the Stock Exchanges, the Association of Mutual Funds in India ('AMFI') and other regulatory agencies. Further, DSP Trustee Private Limited, acts as Trustees to the DSP Alternative Investment Fund – Category III ('DSPAIF - C - III').

**II. MARKET REVIEW AND FUTURE OUTLOOK****a. Fixed Income Market and outlook**

After the fall in yields in previous year, the FY25 continuation of falling yields. While the RBI Monetary Policy Committee (MPC) did not change the rates, but a more prudent fiscal policy coupled with infusion of liquidity in H2 led to bond yields fall. Inflation remained largely within the RBI's target band of 2% to 6% - but it moved closer to the middle of the range.

The first half of the year witnessed bouts of tighter liquidity, which led to spikes in short-term yields. However, in the Q4FY25, RBI infused significant liquidity through FX swaps and OMO purchases that led to sharp fall in short term yields. RBI also continued to manage the liquidity situation through mix of Variable Repo and Variable Reverse Repo.

On the global front, the central banks started cutting rates after a prolonged pause. However, by the second half, as the tariff wars increased the US FED again paused the rate actions, waiting for more clarity on impact of tariffs. While there were times when inflation seemed to be coming under control, for most of the part inflation remained.

Going forward we expect globally the yield move to be uncertain. The impact of US fiscal policy, US-China cold war, US tariffs and the strength of dollar index is still uncertain and we expect more clarity in the latter part of FY26. While Globally the growth is expected to slow further, the supply shocks can lead to higher inflation. Moreover, In India, favorable demand and supply dynamics, and a dovish RBI policy may lead to a further rally in yields.

**Credit Markets:**

**Review of FY25:** After the tremendous stability shown in the post-Covid environment, credit markets stuttered in pockets in 2025. This was especially visible in microfinance and unsecured loans space, where customer overleveraging and some macro-economic instability (impact of higher inflation on net savings, some economic slowdown around the elections). This segment seems to be working its way out, even as other segments of the market held out. Corporate leveraging continues to be low as capex lags.

**Outlook:** After a few years of growth, we are facing geopolitical uncertainty as well as a soft spot in the growth cycle. What appears very visible, as opposed to last year, is a degree of awareness, even if not caution, among lenders. In the troubled pockets, standards have been tightened. However, it is important to remain cautious of narratives, even if we believe India as a well-regulated sweet spot is well positioned, although not immune to shocks. Our philosophy of choosing credits will be one where there are margins of safety as well as good governance practices.

**b. Equity Market Commentary: – 2024-25 and outlook for 2025-26****FY25 review: India's Economic Resilience Amid Global Turbulence**

FY25 was a year where macro stability remained solid, while growth consolidated. A sharp decline in retail inflation from 5.4% in FY24 to 4.6% in FY25, the lowest level in six years, was a key indicator of this resilience, along with contained current account deficit – likely to remain around 1%. At the same time, the government's unwavering commitment to fiscal consolidation and lowering of debt to GDP is very welcome in a world saddled with sovereign debt issues.

On the growth front, real GDP growth is likely to moderate to around 6.3-6.5% after averaging 8.8% over FY22-24. The moderation in some sense is essentially normalisation from very high levels of growth seen during the unlocking phase. Despite, the growth moderation India remains one of the faster growing economies of the world.

This macroeconomic prudence has not only safeguarded India against global shocks but also propelled it forward. Over the past decade, India has risen from the world's tenth-largest economy to the fifth. On a purchasing power parity basis, it is already the third largest. Even in nominal terms, India is poised to claim the third position soon reflecting the country's transformation into a global economic powerhouse.

**Financial Sector: Strong and Stable**

The strength of India's financial sector has been another pillar of this narrative. As of September 2024, the banking sector's gross non-performing assets ratio had improved to 2.6%, a significant reduction that signals the system's underlying health. Parallely, the INR has demonstrated remarkable stability despite global currency volatility, outperforming many EM currencies and remaining among the least volatile against the US Dollar. This performance underscores the market's confidence in India's economic framework.

Capital markets, both equity and debt, have also witnessed deepening investor engagement. Retail and institutional participation reached record highs, with approximately 106 million unique demat accounts and over 54 million mutual fund accounts—channelling household savings into productive investments. Notably, more than 500 listed companies now command a market capitalisation of over USD 1 billion each, reinforcing the capital market's role as a key enabler of economic growth.

Foreign investor sentiment remained largely positive. Gross foreign direct investment (FDI) inflows rose from USD 65.2 billion in April–February FY24 to USD 75.1 billion in the same period of FY25. Although net FDI moderated due to higher repatriations and outward investment, this trend signifies a maturing economy where capital can move in and out with ease—highlighting the confidence of global investors in India's policy stability and market transparency. Concurrently, India's forex reserves continue to remain strong, offering a critical buffer against external shocks.

**Indian Equities – A year of two halves:**

The fiscal year was characterised by two distinct halves. The first half was marked by strong investor sentiment following the general election results, which reaffirmed political stability and continuity in economic policymaking. Markets rallied nearly 17% during this period. Yet, from October 2024 onwards, global developments—such as the rising US bond yields, softer corporate earnings and high valuations led to market caution, leading to five consecutive months of equity market declines from October to February.

This downtrend was arrested in March 2025, when markets staged a broad-based recovery. The Nifty surged 6.3%, with mid- and small-cap indices gaining 7.8% and 9.5%, respectively. Despite persistent global headwinds—including the return of protectionist sentiment under the new U.S. administration and fears of a potential slowdown—Indian markets ended FY25 in positive territory, a testament to their underlying strength and resilience.

For the fiscal year as a whole, Indian equities were flat for the year compared to 5% returns in EMs. However, when one looks at post covid period, India was the standout EM. Structural reforms, India INC.'s balance sheet restructuring helped India outperform the MSCI EM Index by over 110% from FY20-25 period, with India's weight in the index more than doubling to 18%.

With regards to flows, in FY25 FIIs turned net seller for the year selling USD15bn for the year (vs. USD25bn purchased in FY24). Domestic flows however continued to remain strong throughout the year, with monthly SIPs now reaching nearly USD3bn/month mark.

The primary market also reflected this optimism. FY25 witnessed the highest-ever fundraising from mainboard IPOs, with 78 companies raising ₹ 1.62 lakh crore. Flagship listings included Hyundai Motor India (₹ 27,859 crore), Swiggy (₹11,327 crore), and NTPC Green Energy (₹ 10,000 crore), underscoring the depth and maturity of India's capital markets.

On sectors, our analyst team completed a deep dive and here are some interesting takeaways:

- **Banks:** Banks reported mixed earnings in FY25, supported by lower-than-expected operating expenses and still benign credit costs. While NIMs saw a modest sequential decline, NBFCs continued to deliver strong growth. A sharp slowdown in unsecured lending aided capital conservation and risk control, though asset quality weakened in segments like credit cards, MFIs, and personal loans.
- **IT:** The IT sector showed signs of stabilisation in FY25, with most companies meeting or exceeding revenue growth expectations, signalling a positive demand outlook. Margin performance stabilised as wage pressures eased. Despite, global geopolitical concerns, deal conversion is improving, supporting a better growth trajectory ahead.
- **Autos:** The year saw a moderation in demand for Autos as the unlocking pent-up demand faded. Corporates however managed to maintain their high margins despite the moderation in demand.
- **Cement:** The sector saw a rebound in volume growth after a subdued first half, driven by improving government capex. However, profitability remained under pressure due to a fragile pricing environment. Pricing seems to be improving but needs to be seen if it will sustain in FY26.
- **Consumer durables:** Sector posted a resilient performance, particularly in cables and EMS, driven by healthy demand and capacity expansions across industries. Cables and wires (C&W) continued to perform well, although margins were pressured by competitive intensity and raw material volatility. FMEG growth was supported by channel expansion and product initiatives, with fans showing strong traction, though profitability remains under strain, especially in lighting due to pricing erosion.
- **Capital goods:** The sector remains buoyant, supported by a broad-based capex push across Power Generation, T&D, and Defence. While factory-linked capex in selective areas like Electronics, Data Centres, and Water Treatment remains strong, overall demand is still somewhat muted.
- **Pharmaceuticals:** It was a broadly positive year for pharma, with strong performances in cardiac and anti-diabetic therapies, stable price erosion, and improving gross margins aided by easing raw material costs. Large pharma players are preparing for capitalizing on new product opportunities, while EM/RoW markets and CDMOs continued to perform well with robust growth prospects.

However, headwinds persist in the form of USFDA compliance challenges, rising R&D and litigation risks, and pressure on domestic acute therapies due to heightened competition. Investments in hospitals and diagnostics may also temporarily impact margins and returns.

#### Outlook FY26:

Looking ahead to FY26, global environment has turned volatile. However, what's encouraging is that policymakers have started to take proactive steps to support economic growth in the face of a subdued consumption and external environment. RBI pivoted towards growth-supportive measures by cutting the repo rate from 6.25% to 6.00% in April 2025—its second rate cut in nearly five years—as food inflation moderated. Since November 2024, the RBI has also enhanced liquidity injections to support the banking system, which slipped into deficit after December. These monetary policy actions are expected to benefit interest-sensitive sectors such as housing, banking, and automobiles.

On the fiscal side, the Union Budget for FY25 introduced personal income tax relief, aimed at stimulating urban consumption, particularly among upper middle-income households. Together, these measures are expected to revive aggregate demand and support broader economic momentum.

Despite a slight downward revision, the IMF forecasts India's GDP growth at 6.2% in FY26—still among the highest globally. This reflects India's demonstrated capacity to navigate external shocks, whether from trade tensions or geopolitical uncertainty. The RBI echoes this outlook, noting that global disruptions may, in fact, create strategic openings for India to enhance its position in the global economy.

Given the high global uncertainty, relatively weak growth but improving policy response markets are likely to be rangebound in the year. As it steps into FY26, India appears well-positioned to build on this momentum and advance further on its path to sustainable and inclusive growth.

Investment objectives, one year and since inception performance vis-a-vis benchmarks and closing Assets under Management as on March 31, 2025/Maturity Date of fixed maturity plan are given in **Annexure IB** to this Report.

### **IV. BRIEF COMMENTARY ON ONE YEAR AND SINCE INCEPTION PERFORMANCE OF THE SCHEMES VIS-VIS THEIR BENCHMARKS BASED ON DIRECT PLAN OF THE SCHEMES**

#### **A. EQUITY SCHEMES**

- a. **DSP FLEXI CAP FUND:** The scheme outperformed its benchmark (Nifty 500 TRI) over the last financial year. The key sectoral contributors were overweight in Financials and Consumer Discretionary, coupled with stock selection in Information Technology, led to positive performance. Also, the scheme has outperformed its benchmark since inception.
- b. **DSP EQUITY OPPORTUNITIES FUND\*:** The scheme outperformed its benchmark (Nifty LargeMidcap 250 TRI) over the last financial year and since inception. The outperformance was largely driven by being overweight in Financials, Consumer Discretionary, and Information Technology.
- c. **DSP TOP 100 EQUITY FUND\*:** The scheme outperformed its benchmark (BSE 100 TRI) over the last financial year. Overweight in Financials and stock selection in Consumer Discretionary aided the performance. The scheme has underperformed its benchmark since inception.

- d. **DSP INDIA T.I.G.E.R. FUND (The Infrastructure Growth and Economic Reforms Fund):** The scheme outperformed its benchmark (BSE India Infrastructure TRI) over the last financial year. Overweight in Industrials and Utilities, and stock selection in Financial Sector were the main driver of the fund overperformance. The return of benchmark since the inception of the scheme is not available, hence the performance comparison for since inception period is not given.
- e. **DSP MID CAP FUND:** The scheme outperformed its benchmark (Nifty Midcap 150 TRI) over the last financial year. The key sectoral contributors were overweight in Material and Communication Services, have contributed to the fund's performance positively. The scheme has underperformed its benchmark since inception.
- f. **DSP ELSS TAX SAVER FUND:** The scheme outperformed its benchmark (Nifty 500 TRI) over the last financial year. Overweight in Financials and Consumer Discretionary aided the performance. The scheme has outperformed its benchmark since inception.
- g. **DSP SMALL CAP FUND:** The scheme outperformed its benchmark (BSE 250 SmallCap TRI) over the last financial year. Overweight in Materials and Consumer Staples, and underweight in Consumer Discretionary aided the performance. The scheme has outperformed its benchmark since inception.
- h. **DSP NATURAL RESOURCES AND NEW ENERGY FUND:** The scheme outperformed its benchmark (Composite Benchmark comprising 35% BSE Oil & Gas Index+ 30% BSE Metal Index+ 35% MSCI World Energy 30% Buffer 10/40 Net Total Return & Expressed in INR; Normalized values) over the last financial year. Its allocation in the Materials sector is driving the outperformance. The scheme has outperformed its benchmark since inception.
- i. **DSP FOCUS FUND\*:** The scheme outperformed its benchmark (Nifty 500 TRI) over the last financial year. Overweight in Financials and Healthcare aided the performance. The scheme has slightly underperformed its benchmark since inception.
- j. **DSP EQUITY SAVINGS FUND:** The scheme has outperformed the benchmark (Nifty Equity Savings Index TRI) over the last one year, while the scheme has slightly outperformed the benchmark since inception. The fund has outperformed the Nifty 50 due to overweight in Energy and Financials sector. The scheme also invests in money market instruments, corporate debt securities and government securities such that Macaulay duration of the portfolio is between 1 year and 3 years. During the year, the fund changed its duration to reflect the changing duration of the Short Term fund. With the MPC signalling the end of the rate hike cycle in the early part of the year, the fund maintained its duration closer to 3y most part of the year.
- k. **DSP ARBITRAGE FUND:** The scheme outperformed its benchmark (Nifty 50 Arbitrage Index) over the last financial year. Heightened volatility during the course of the year and availability of arbitrage opportunities has aided the category. The scheme has outperformed its benchmark since inception. The debt portion is primarily meant to support the arbitrage portion by investing in instruments eligible to be placed as margin with PCM for trading in equity derivatives. A small portion is also invested in debt instruments with maturity upto 2 years.
- l. **DSP DYNAMIC ASSET ALLOCATION FUND:** The scheme outperformed its benchmark (CRISIL Hybrid 50+50 – Moderate Index) during the last financial year and underperformed the benchmark since inception. For the equity part, the fund has outperformed the BSE200. This was led by overweight in Financials and Energy Sector. The fixed income component of the scheme mirrors the strategy on short term fund scheme. The scheme maintained a modified duration in the range of 1year-3year. The fixed income component is invested in AAA/AA+ Corporate Bonds, Indian Government Bonds and State Development Bonds.
- m. **DSP HEALTHCARE FUND:** The scheme underperformed the benchmark (BSE Healthcare TRI) in the last financial year. Since it is a sectoral scheme, the performance is attributable to stock selection. The scheme's overseas investments are the cause of the underperformance. The scheme has outperformed its benchmark since its inception.
- n. **DSP QUANT FUND:** The Scheme has underperformed the benchmark (BSE 200 TRI) over the last financial year and since inception. Being overweight in quality factor compared to value led to its underperformance. Starting in 2025, the model has been enhanced by incorporating additional signals, allowing it to adapt more effectively to changing market regimes.
- o. **DSP VALUE FUND:** The scheme's investment strategy is to invest in quality companies at reasonable valuations. The Scheme has outperformed the benchmark (NIFTY 500 TRI) over the last financial year and has outperformed since its inception. The overperformance is largely due to overseas investments.
- p. **DSP MULTICAP FUND:** The scheme outperformed its benchmark (Nifty 500 Multicap 50:25:25 TRI) last year and since inception. The sector positions contributing to the performance were overweight in Industrials and Consumer Discretionary.
- q. **DSP BANKING & FINANCIAL SERVICES FUND:** The scheme outperformed the benchmark (Nifty Financial Services TRI) last year and since inception. Better selection in the NBFC industry is the main factor driving the outperformance.
- r. **DSP BUSINESS CYCLE FUND:** The fund has launched recently in December 2024 and has had a negative performance since its inception. However, it has outperformed its benchmark, the NIFTY 500 TRI. The scheme's outperformance relative to the benchmark has been primarily driven by its higher cash holdings.
- s. **DSP NIFTY 50 EQUAL WEIGHT INDEX FUND (ERSTWHILE DSP EQUAL NIFTY 50 FUND):** DSP Nifty 50 Equal Weight Index Fund has underperformed its benchmark (Nifty 50 Equal Weight TRI) in the last financial year and since inception. The nature of the scheme is to passively replicate the portfolio to its underlying index and the underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses.
- t. **DSP NIFTY 50 INDEX FUND:** DSP Nifty 50 Index Fund has underperformed its benchmark (Nifty 50 TRI) in the last financial year and since inception. The nature of the scheme is to passively replicate the portfolio to its underlying index and the underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses.
- u. **DSP NIFTY NEXT 50 INDEX FUND:** DSP Nifty Next 50 Index Fund has underperformed its benchmark (Nifty Next 50 TRI) in the last financial year and since inception. The nature of the scheme is to passively replicate the portfolio to its underlying index and the underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses.
- v. **DSP Nifty Midcap 150 Quality 50 Index Fund:** DSP Nifty Midcap 150 Quality 50 Index Fund has underperformed its benchmark Nifty Midcap 150 Quality 50 TRI in the last financial year and since inception. The nature of the scheme is to passively replicate the portfolio to its underlying index and any performance divergence from the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses.

  - dd. **DSP Nifty 50 Equal Weight ETF:** DSP Nifty 50 Equal Weight ETF has underperformed the Nifty 50 Equal Weight TRI in the last financial year and since inception. The nature of the scheme is to passively replicate the portfolio to its underlying index and the underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses.
  - ee. **DSP Nifty Bank ETF:** DSP Nifty Bank ETF has underperformed the benchmark Nifty Bank TRI in the last financial year and since inception. The nature of the scheme is to passively replicate the portfolio to its underlying index and the underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses.
  - ff. **DSP NIFTY IT ETF:** DSP Nifty IT ETF has underperformed the benchmark Nifty IT TRI in the last financial year and since inception. The nature of the scheme is to passively replicate the portfolio to its underlying index and the underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses.
  - gg. **DSP BSE SENSEX ETF:** DSP BSE Sensex ETF has underperformed the benchmark BSE Sensex TRI in the last financial year and since inception. The nature of the scheme is to passively replicate the portfolio to its underlying index and the underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses.
  - hh. **DSP NIFTY PRIVATE BANK ETF:** DSP Nifty Private Bank ETF has underperformed the benchmark Nifty Private Bank TRI since inception during this year. The nature of the scheme is to passively replicate the portfolio to its underlying index and the underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses
  - ii. **DSP NIFTY PSU BANK ETF:** DSP Nifty PSU Bank ETF has underperformed the benchmark Nifty PSU Bank TRI in the last financial year and since inception. The nature of the scheme is to passively replicate the portfolio to its underlying index and the underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses.
  - jj. **DSP NIFTY HEALTHCARE ETF:** DSP Nifty Healthcare ETF has underperformed the benchmark Nifty Healthcare TRI in the last financial year and since inception. The nature of the scheme is to passively replicate the portfolio to its underlying index and the underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses.
  - kk. **DSP Nifty Top 10 Equal Weight ETF:** DSP Nifty Top 10 Equal Weight ETF has underperformed the benchmark Nifty Top 10 Equal Weight TRI since the launch in Sept 2024. The nature of the scheme is to passively replicate the portfolio to its underlying index and the underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses
- B. FUND OF FUNDS SCHEMES**
- a. **DSP WORLD GOLD FUND OF FUND (ERSTWHILE KNOWN AS DSP WORLD GOLD FUND):** The scheme underperformed its benchmark the (FTSE Gold Mine TR) (in INR Terms) over the last financial year and since it's inception. The scheme currently invests in BGF World Gold fund and Van Eck Gold Miners ETF. The underlying BGF World Gold Fund underperformed by not holding lower-quality stocks, such as Coeur and Harmony Gold, detracted from relative performance as these stocks rallied in the rising gold price environment. The underlying fund has been deliberate in maintaining a larger underweight than is imposed upon by UCITS restrictions (i.e. maximum 10% in a single issuer). The companies of the underlying fund encountered higher-than-expected cost inflation and struggled to translate higher gold prices into strong free cash flow. Whereas the Fund's underweight exposure to Agnico Eagle detracted from performance as the stock experienced strong gains following the release of its results.
  - b. **DSP GLOBAL CLEAN ENERGY FUND OF FUND (ERSTWHILE KNOWN AS DSP WORLD ENERGY FUND):** The scheme underperformed its benchmark (MSCI ACWI IMI Clean Energy Infrastructure Index) over the last financial year. Benchmark of this scheme changed during the year, the return of benchmark since the inception of the scheme is not available, hence the performance comparison for since inception period is not given. The underlying Fund's performance was driven by a combination of what the Fund owned and did not own. Starting with what the underlying Fund did own, market sentiment remained broadly negative towards sustainable energy equities throughout the reporting period, primarily driven by the US election outcome and its potential implications for US energy policy..
  - c. **DSP WORLD MINING FUND OF FUND (ERSTWHILE DSP WORLD MINING FUND):** During the year, DSP World Agriculture Fund was merged into this scheme. The scheme outperformed its benchmark the (Composite Benchmark = MSCI ACWI Metals and Mining 30% Buffer 10/40 (1994) Net Total Return Index) marginally over the last financial year and underperformed since inception. Stock selection negatively impacted relative returns, whereas sub-sector allocation contributed positively to relative performance. The underlying Fund's strategic overweight position in gold companies, including Agnico Eagle and Wheaton Precious

Metals, positively impacted relative performance, driven by rising gold prices. Whereas the underlying Fund's overweight position in Ivanhoe Mines detracted from relative returns. The stock was adversely affected by ongoing political uncertainty in the Democratic Republic of Congo. During the period, the underlying fund's overweight position in Glencore, a UK-listed diversified miner, was among detractors from relative performance.

*Investors are requested to note that DSP World Agriculture Fund has been merged with DSP World Mining Fund of Fund (Erstwhile Known as DSP World Mining Fund), effective from close of business hours of October 4, 2024. ("Effective Date"). For performance details of DSP World Agriculture Fund, Investors may request to DSP Asset Managers Private Limited ("AMC"), Investment Manager for DSP Mutual Fund at The Ruby, 25th Floor, 29, Senapati Bapat Marg, Dadar West, Mumbai 400028.*

- d. **DSP US FLEXIBLE EQUITY FUND OF FUND:** The scheme underperformed its benchmark (Russell 1000 TR) over the last financial year and since inception. The largest detractor from performance was stock picking and an underweight allocation to IT sector – in particular, our underweight to NVIDIA and software companies where expectations for future growth appear overly optimistic. Materials also dragged relative performance, mainly due to stock picks in Chemicals and Container & Packaging. On the other hand, having no positioning in Utilities helped offset some of the losses in the fund, as return of the sector lagged behind others. In addition, Financials also contributed to relative performance, led by strong stock selection in insurance.
- e. **DSP GLOBAL INNOVATION FUND OF FUND:** The scheme underperformed its benchmark (MSCI ACWI Net total return expressed in INR) over the last financial year. This is driven by the sustained rally in US mega caps and other AI / Semiconductor themed businesses which were underweighted by the scheme due to elevated valuations. The scheme has however outperformed its benchmark since inception.
- f. **DSP US TREASURY FUND OF FUND:** The scheme has outperformed its benchmark (S&P US Treasury Bond Index) over the last financial year. This is driven by higher modified duration profile scheme portfolio which benefitted from the volatility in US yields. The scheme has underperformed its benchmark since inception.
- g. **DSP GOLD ETF FUND OF FUND:** DSP Gold ETF Fund of Fund has underperformed its benchmark (the domestic price of physical gold) in the last financial year and since inception. The underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses.
- h. **DSP INCOME PLUS ARBITRAGE FUND OF FUND (ERSTWHILE DSP GLOBAL ALLOCATION FUND OF FUND):** The scheme underperformed the benchmark over the last financial year. The performance has been in line with benchmark (40% NIFTY 50 Arbitrage Index + 60% CRISIL Dynamic Bond A-III Index) since inception. Unitholders are requested to make note that this may not be a relevant comparison as the scheme underwent changes to its fundamental attributes effective March 11, 2025. The scheme got repositioned to a domestic fund of fund investing in arbitrage and debt schemes and this involved change in underlying schemes as well as the benchmark.

#### C. HYBRID SCHEMES AND MULTI ASSET SCHEME

- a. **DSP AGGRESSIVE HYBRID FUND (ERSTWHILE KNOWN AS DSP EQUITY & BOND FUND):** The scheme outperformed its benchmark (CRISIL Hybrid 35+65 - Aggressive Index) over the last financial year and since inception. For the equity part, the fund has outperformed the Nifty 500. Being overweight in Financials and underweight in Consumer Discretionary contributed to the performance. The fixed income component of the scheme tracks the strategy of the Banking & PSU debt scheme. The scheme maintained a modified duration in the range of 3 years to 6 years. The fixed income component is invested in AAA/AA+ Corporate Bonds, money market instruments and Government Bonds. With the MPC signalling the end of the rate hike cycle in the early part of the year, the fund maintained its duration between 3 and 6 years throughout most part of the year.

- b. **DSP REGULAR SAVINGS FUND:** The scheme outperformed its benchmark (CRISIL Hybrid 85+15 - Conservative Index) over the last financial year. For the equity part, the fund has outperformed the BSE200. Being overweight in Financials Sector and stock selection in Materials contributed towards the performance. The scheme has slightly underperformed its benchmark since its inception. The fixed income component of the scheme tracks the strategy of the short term debt scheme. The scheme maintained a modified duration in the range of 2 years to 3 years. The fixed income component is invested in AAA Corporate Bonds and Government Bonds. With the MPC signalling the end of the rate hike cycle in the early part of the year, the fund maintained its duration between 2 and 3 years through most part of the year. The scheme underperformed its benchmark (CRISIL Hybrid 85+15-Conservative Index) since inception.
- c. **DSP MULTI ASSET ALLOCATION FUND:** The scheme has outperformed its benchmark (Composite Benchmark: 40% NIFTY500 TRI + 20% NIFTY Composite Debt Index + 15% Domestic Price of Physical Gold (based on London Bullion Market Association (LBMA) gold daily spot fixing price) + 5% iCOMDEX Composite Index + 20% MSCI World Index) since its inception i.e. September 27, 2023 and last year. The outperformance was primarily driven by active management within the asset classes, namely stock selection and duration positioning.

#### D. INCOME SCHEMES AND COMMODITY EXCHANGE TRADED FUNDS

- a. **DSP GILT FUND ('ERSTWHILE DSP GOVERNMENT SECURITIES FUND'):** The scheme mildly underperformed its benchmark (CRISIL Dynamic Gilt Index) in the last Financial Year. The scheme underperformed as it was heavily invested in the 30y-40y segment and the curve steepened. The scheme has outperformed its benchmark since inception.
- b. **DSP CREDIT RISK FUND:** The scheme was closed for subscription in FY25 due to uncertainties in recoveries from a few exposures, including large ones, and rumours of resolution bringing in speculative flows which become difficult to manage and are potentially inimical to long-term investors in the Fund. The Fund will be opened as it is our belief that a bulk of the inflows from resolution in defaulted papers is through. As a part of that resolution, the Fund also received InVITs of Roadstar Infa Investment Trust which will be sold in due course when there is sufficient liquidity. The small fund size poses challenges of getting quality papers and liquidity, but part inflows from one of the defaulted papers in the past has helped outperform the benchmark (CRISIL Credit Risk Debt B-II Index) in the past year and has outperformed the benchmark since inception.
- c. **DSP SAVINGS FUND:** The scheme outperformed its benchmark (CRISIL Money Market A-I Index) in the last financial year. During the year, the funds positioning was changed - earlier it used to invest in money market papers, which would roll down to March every year and reinvest for a further period of a year. Since October 2024, we changed the fund away from a roll down fund to one which manages tenure/credits within accepted boundaries. The scheme underperformed its benchmark since inception.
- d. **DSP LOW DURATION FUND:** The scheme outperformed its benchmark (NIFTY Low Duration Debt Index A-I) in the last financial year as it maintained aggressive duration profile. The duration of the scheme was actively managed to balance the opportunities to earn higher accruals with risks emerging from low systemic liquidity during major part of the year. The scheme maintains a conservative credit profile, investing only in long term AAA rated Corporates/Banks in addition to government securities. The scheme has outperformed its benchmark since inception.
- e. **DSP BANKING & PSU DEBT FUND:** The scheme outperformed its benchmark (Nifty Banking & PSU Debt Index A-II) in the last financial year as it maintained aggressive duration and asset allocation profile. The scheme benefitted from lower yields in both government securities as well as AAA corporate bond curve as the scheme was invested in higher duration. The scheme has also outperformed its benchmark since inception.

- f. **DSP BOND FUND:** Over the last couple of years, the scheme has moved to a more passive strategy by keeping the average maturity at ~4 years. This is also in line for the duration specified for Medium Term Funds. The scheme continues to invest in highly rated companies and IGBs/SDLs. The scheme outperformed the benchmark (CRISIL Medium Duration Debt A-III Index) in the past year, but has underperformed since inception.
- g. **DSP 10Y G-SEC FUND:** The scheme underperformed its benchmark (CRISIL 10-year Gilt index) during the last one year. This scheme predominantly maintains allocation to benchmark (on the run) ten-year government security and is managed passively. This scheme has outperformed the benchmark since inception.
- h. **DSP SHORT TERM FUND:** The scheme outperformed its benchmark (CRISIL Short Duration Debt A-II Index) in the last Financial Year as it maintained aggressive duration profile and Risk adjusted allocation towards Credit assets. The scheme remained invested in 1-3Y quality AAA bonds and Government securities and increased allocation to AA+ assets. Overall duration management has helped to maintain consistent performance. The maturity profile remained well positioned for expected rally in G-sec and other assets. The scheme has outperformed its benchmark since inception.
- i. **DSP STRATEGIC BOND FUND:** The scheme outperformed its benchmark (CRISIL Dynamic Bond A-III Index) in the last Financial Year as it maintained aggressive duration and asset allocation. The scheme remained invested in primarily in the 10y+ segment in government securities and state government securities. Overall duration management has helped in maintaining consistent performance. The scheme has also outperformed its benchmark since inception.
- j. **DSP LIQUIDITY FUND:** The scheme outperformed its benchmark (CRISIL Liquid Debt A-I Index) in the last financial year. The fund took advantage of the high spreads during tight liquidity conditions to earn high accrual. Since this category is predominantly used for cash management, the underlying portfolio securities are predominantly of high liquidity and credit quality. The scheme has outperformed its benchmark since inception.
- k. **DSP ULTRA SHORT FUND:** The scheme outperformed its benchmark (CRISIL Ultra Short Duration Debt A-I Index) during the last financial year as it maintained aggressive duration profile. The scheme attempts to play the subtle moves in the money market curve through the year, influenced by changing liquidity conditions and demand/supply dynamics. It also allocates a portion of the portfolio to AA+ to AA- rated issuers in an effort to optimise returns. The scheme has underperformed its benchmark since inception.
- l. **DSP CORPORATE BOND FUND -** The scheme outperformed its benchmark (CRISIL Corporate Debt A-II Index) in the last financial year. The scheme follows a roll down strategy, which will be reset in early 2027. The Fund invests in Government Securities and AAA Bonds with maturities majorly in mid-2026 to 2027. The scheme has outperformed its benchmark since inception.
- m. **DSP OVERNIGHT FUND:** The scheme's performance was in line with its benchmark (CRISIL Liquid Overnight Index) in the last financial year, further the index returns do not reflect expenses. The scheme has performed in line with its benchmark since inception as it deployed its funds in a combination of overnight instruments to optimise returns.
- n. **DSP FLOATER FUND:** The scheme outperformed its benchmark (CRISIL Short Duration Debt A-II Index) in the last financial year as it maintained a higher allocation to Floating rate bonds and dynamically managed the duration. The scheme remained invested in Government securities, state government securities, AAA and AA+ corporate bonds. The scheme has also outperformed since inception.
- o. **DSP NIFTY 1D RATE LIQUID ETF (ERSTWHILE DSP LIQUID ETF):** The scheme has been providing current income, commensurate with relatively low risk while providing a high level of liquidity, primarily through a portfolio of Tri-party Repo, Repo in Government Securities, Reverse Repos and similar other overnight instruments. The scheme has underperformed its benchmark (Nifty 1D Rate Index) in the last financial year and since inception mainly due to expenses and variance in the benchmark rate against actual deployment on a daily basis.
- p. **DSP Nifty SDL Plus G-Sec Jun 2028 30:70 Index Fund:** The investment objective of the scheme is to track the Nifty SDL Plus G-Sec Jun 2028 30:70 Index by investing in Government Securities (G-Sec) and SDLs, maturing on or before June 2028 and seeks to generate returns that are commensurate (before fees and expenses) with the performance of the underlying Index, subject to tracking error & tracking difference. DSP Nifty SDL Plus G-Sec June 2028 30:70 Index Fund has delivered under performance in last year and since inception, commensurate to the underlying index subject to the permissible tracking difference. The tracking difference was primarily due to expense charged by the fund, outflow from and inflows in funds and periodical rebalancing to align it with the benchmark.
- q. **DSP CRISIL SDL Plus G-Sec Apr 2033 50:50 Index Fund<sup>^</sup>:** The investment objective of the scheme is to track the CRISIL SDL Plus G-Sec Apr 2033 50:50 Index Fund by investing in Government Securities (G-Sec) and SDLs, maturing on or before April, 2033 and seeks to generate returns that are commensurate (before fees and expenses) with the performance of the underlying Index, subject to tracking error & tracking difference. DSP CRISIL SDL Plus G-Sec Apr 2033 50:50 Index Fund has delivered under performance in last year and since inception, commensurate to the underlying index subject to the permissible tracking difference. The tracking difference was primarily due to expense charged by the fund, outflow from and inflows in funds and periodical rebalancing to align it with the benchmark.
- r. **DSP Nifty SDL Plus G-Sec Sep 2027 50:50 Index Fund:** The investment objective of the scheme is to track the Nifty SDL Plus G-Sec Sep 2027 50:50 Index by investing in Government Securities (G-Sec) and SDLs, maturing on or before September, 2027 and seeks to generate returns that are commensurate (before fees and expenses) with the performance of the underlying Index, subject to tracking error & tracking difference. DSP Nifty SDL Plus G-Sec Sep 2027 50:50 Index Fund has delivered under performance in last year and since inception, commensurate to the underlying index subject to the permissible tracking difference. The tracking difference was primarily due to expense charged by the fund, outflow from and inflows in funds and periodical rebalancing to align it with the benchmark.
- s. **DSP BSE LIQUID RATE ETF:** The scheme has been providing current income, commensurate with relatively low risk while providing a high level of liquidity, primarily through a portfolio of Tri-party Repo, Repo in Government Securities, Reverse Repos and similar other overnight instruments. The scheme has underperformed its benchmark (BSE Liquid Rate Index ) in the last financial year and since inception mainly due to expenses and variance in the benchmark rate against actual deployment on a daily basis
- t. **DSP Silver ETF:** DSP Silver ETF has underperformed its benchmark (the domestic price of physical silver) in the last financial year and since inception. The underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses.
- u. **DSP GOLD ETF:** DSP Gold ETF has underperformed its benchmark (the domestic price of physical gold) during this financial year and since its inception. The underperformance to the benchmark is broadly caused by two main reasons - transaction costs and other scheme expenses.

**Note:**

#### VI. INVESTOR SERVICES

With a presence across India, the Fund serves over 4.11 million investors through its wide-reaching network. The AMC operate through 39 offices and 216 Investor Service Centres (ISCs), managed by the AMC's Registrar and Transfer Agent, Computer Age Management Services Limited (CAMS), ensuring accessibility and support for investors across the country.

The AMC's dedicated Contact Centre in Chennai is committed to providing consistently high-quality service to all investors and distributors. From handling inquiries to resolving concerns, the Contact Centre ensures a smooth, efficient, and supportive experience for all stakeholders.

DSP Mutual Fund is committed to providing smooth and accessible experience for investors by combining easy-to-use digital platforms with a strong physical support network. This balanced approach ensures convenience, responsiveness, and personalized service across all touchpoints.

The AMC's aim is to help investors achieve their financial goals by simplifying their journey through innovation and streamlined operations, ensuring maximum convenience at every step. This year, the AMC have introduced several improvements to further support investors in their financial journey.

- The AMC launched an annual review of an investor's portfolio with DSP, available on the AMC's website and app, through interactive charts and graphs. It is called as **The Rearview Mirror Report 2024**. It's an annual report, designed to provide investors with a clear snapshot of their progress and achievements over the past year. The report includes an overview of their current portfolio, XIRR, asset allocation, purchase and redemption trends, SIP behavior, and the drivers behind those decisions, to help them make informed decisions in the future.
- The **SMART SOA** (Statement of Account) has been introduced as an interactive dashboard by the AMC to help investors easily review their recent transactions and verify all investor related details in their folio. On processing of any financial transactions, investors receive a **SMART SOA** link via both SMS and email, which is valid for 15 days from the date and time of receipt. The statement is available for download as a PDF. It provides a comprehensive view of the last five processed transactions, including a breakdown of allocations by scheme category, cost, and current value. Additionally, it enables investors to track all their SIPs, STPs, and SWPs in one place while offering clear insights into exit load charges.

- The **WhatsApp Authentication** initiative aims to enhance investor convenience and security. Through this service, investors receive WhatsApp alerts on their registered mobile numbers for important non-financial requests, such as **changes to bank details, mobile number, and email ID**. This ensures they remain informed and can easily track the status of their requests. Investors can also notify us promptly if they have not initiated a particular transaction. Additionally, for financial transactions like **redemptions and switches up to ₹ 5 lakhs**, investors are notified in case of a signature mismatch. If the investor confirms they have initiated the transaction, it is processed without further delay. This initiative simplifies the process and adds an extra layer of assurance, making the overall experience smoother and more efficient for investors.
- The AMC has **implemented Aadhaar - based OTP Authentication** for the following Non-Financial Transactions (NFTs): Change of Bank, Change of IDCW Option, Change of Name, and Change of Tax Status. In case of any signature mismatch due to which the request cannot be processed, an email is sent with details of the NFT transaction, along with a weblink for approval or disapproval. This helps in reducing the number of rejections through a secure method for validating the request.
- The AMC launched a '**Need Help**' button on website to assist investors in quickly raising questions or seeking clarifications related to new investments, service queries, or providing feedback on the website/app.
- The AMC introduced MITRA, an initiative designed to help investors track and claim unclaimed investments or assets. This service assists investors in locating and retrieving their unclaimed units. MITRA streamlines the process, offering a transparent and user-friendly platform for resolving unclaimed holdings. This service is available on our website.

#### Information Ratio:

Considering the significance of volatility of performance in determining the suitability of Mutual Fund schemes, SEBI vide its circular no. SEBI/HO/IMD/IMD-PoD-2/P/CIR/2025/6 dated January 17, 2025 has introduced Information Ratio (IR) which is an established financial ratio to measure the Risk Adjusted Return (RAR) of any scheme portfolio. Further, in order to ensure better understandability about IR by investors and to create awareness among investors, DSP has released educational social media posts (0.7L impressions) and a video (5.7L views) and published an article in the "Learn" section to deepen investor understanding

For detailed understanding regarding Information Ratio, Investors are requested to click on the link

<https://www.amfiindia.com/information-ratio>

- Enhancements Made to the Website/App to Improve the Investor Journey:
  - The AMC now display the capital gains at the time of redemption and switching to help investors know the expected tax implications.
  - The AMC has introduced Live XIRR in the app, which calculates returns based solely on active units in the investor's portfolio. This provides a more accurate view of current performance, unlike traditional XIRR that includes redeemed units and may distort the actual picture.
  - The AMC redesigned the folio creation journey in the app to reduce clicks and user effort, simplifying the process and making it faster for investors to create their folios.
  - The product pages now feature a more detailed and intuitive portfolio breakdown, offering investors greater clarity on asset types and underlying exposures. This enhancement empowers investors to better understand the composition of their investments and make more informed decisions.

- e) Improved user experience by consolidating three deferred redemption prompts into a single screen, ensuring a quicker and smoother redemption process.
- f) The AMC introduced an online facility that allows unit holders to add a joint holder in the following two scenarios:
  - When a minor reaches the age of majority and wishes to add a joint holder (parent, guardian, sibling, or spouse).
  - When a surviving joint holder wishes to add a new joint holder after the transmission of units.

The AMC strongly encourage our investors to validate their KYC in line with the latest guidelines. Please visit [www.dspim.com](http://www.dspim.com) to review the updated changes to the KYC procedures. Keeping your KYC details up to date is crucial for maintaining compliance and ensuring smooth transaction processing.

The AMC also recommend that investors proactively review and update their information, including KYC details, PAN, email address, mobile number, and bank account details. This will help ensure a seamless and convenient investment experience while meeting regulatory requirements.

## VII. INVESTOR COMPLAINTS

The Trustees were pleased to note that the grievances, complaints and queries of investors and distributors were resolved promptly by the Client Response Team of the AMC. There were 62 complaints received during the financial year 2024-2025 which were all redressed within a reasonable time. The statement giving details of redressal of complaints received during the financial year is given in Annexure III attached to this Report.

Further, Clause 5.13.1 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 prescribed a new format for disclosure of investor complaint on AMC and AMFI website on monthly basis. The link of the monthly disclosure being made by AMC on its website is appended below:

<https://www.dspim.com/mandatory-disclosures/monthly-investor-complaint-data>

The Trustees strongly advise investors to regularly check their account statements issued by the Fund and inform the AMC should there be any difference in the investors' details or the transaction details as reflected in the account statement. Investors are requested to reconcile their bank account statements with the account statement sent by the Fund and contact the AMC in case of any non receipt of redemption/Income distribution-cum capital withdrawal distribution ("IDCW distribution", erstwhile termed as "dividend" till March 31, 2021) proceeds. Investors can approach any of the AMC offices or contact the Call Centre for claiming the same.

We take this opportunity to encourage investors to provide their valuable feedback by email at [service@dspim.com](mailto:service@dspim.com) or call us on 1800-208-4499 / 1800-200-4499.

### XIII. REPORTING ON DISCHARGE OF STEWARDSHIP RESPONSIBILITY

Securities and Exchange Board of India (SEBI) vide its circular CIR/CFD/CMD1/168 /2019, dated December 24, 2019, requires reporting of the status of compliance with the stewardship principle as part of its annual intimation to clients / beneficiaries. The stewardship code was applicable with effect from July 1, 2020.

The subsequent paragraphs detail the manner in which the elements of the stewardship code have been discharged by the AMC.

The Board of the Company and DSP Trustee Private Limited (Trustee Company) at its meeting held on April 24, 2025 and April 25, 2025, respectively, had approved the Amended policy on discharge of stewardship responsibilities. The policy on discharge of stewardship responsibilities ("Policy") sets out the framework and guidelines on discharge of the stewardship responsibilities of the AMC. The responsibility for the overall implementation and execution of policy rests with the Stewardship Committee of the AMC. Accordingly, the Stewardship Committee of the AMC, with an endeavor to safeguard the interests by enhancing monitoring and engagement with investee companies, has laid down certain principles. During the year, 4 stewardship meeting(s) were conducted.

Throughout the year, as part of responsible investing efforts, the AMC closely monitored and actively interacted with the investee companies. The AMC focused on various aspects such as their operational and financial performance, strategic decisions, corporate governance practices, and environmental, social, and governance (ESG) factors that could impact their success. The Stewardship Committee plays a vital role in this process. They have established a threshold level that determines the significance of our exposure to an investee company, which guides in deciding the level of engagement and intervention necessary with the investee company. Specifically, the investment team of the AMC ensures that companies meeting the threshold of 3% of equity of the investee company or 5% of assets under management (AUM) comply with the Stewardship policy. Additionally, the team also pays attention to companies that fall below this threshold but have experienced controversies or corporate governance events.

The monitoring and engagement activities cover a wide range of topics. The team delve into areas such as the company's strategic direction, overall performance, industry trends, management effectiveness, board composition, leadership quality, and corporate governance matters such as executive compensation, board structure (including factors like diversity and independent directors). The team is also actively involved in monitoring related party transactions and engaging with companies on environmental, social, and governance (ESG) issues. To gather information for our monitoring efforts, the AMC rely on publicly available data, conduct management meetings, analyze sell-side research, and gather industry insights. This comprehensive approach allows the AMC to stay informed and actively participate in shaping the success and sustainability of the companies we invest in.

The Status of Compliance with the Stewardship Code is stated below:

Principle	Description	Compliance status	Remarks
Principle 1	Institutional investors should formulate a comprehensive policy on the discharge of their stewardship responsibilities, publicly disclose it, review and update it periodically	Complied	The Policy on discharge of stewardship responsibilities (Policy) had been approved by the Board of the Company and Trustee Company. The Policy is disclosed on the website of the Company under mandatory disclosure section. <a href="https://www.dspim.com/mandatory-disclosures/stewardship/stewardship-policy-mutual-fund.pdf">https://www.dspim.com/mandatory-disclosures/stewardship/stewardship-policy-mutual-fund.pdf</a>
Principle 2	Institutional investors should have a clear policy on how they manage conflicts of interest in fulfilling their stewardship responsibilities and publicly disclose it.	Complied	The conflict of interest policy disclosed on the website under mandatory disclosure section specifies various control measures and prescribes procedures to be followed by the Company for identifying and managing conflicts. There was no instance of conflict of interest noted by the stewardship committee at its meeting held during the period in relation to any investee company.
Principle 3	Institutional investors should monitor their investee companies	Complied	The Investment Team of the Company engages with the investee companies as part of the research process that leads to an investment in an investee company, which include meeting with the management. The stewardship committee at its periodic meetings has reviewed monitoring and engagement activities carried out by the investment team for the said period.
Principle 4	Institutional investors should have a clear policy on intervention in their investee companies. Institutional investors should also have a clear policy for collaboration with other institutional investors where required, to preserve the interests of the ultimate investors, which should be disclosed.	Complied	The Policy covers when and how to intervene, if any intervention is required in the investee companies. The stewardship committee reviews the intervention in the investee companies.
Principle 5	Institutional investors should have a clear policy on voting and disclosure of voting activity	Complied	DSP Mutual Fund has comprehensive voting policy which includes details of mechanisms of voting, circumstances in which voting should be for/against, disclosure of voting, the voting policy, voting decisions (including rationale for decision), use of proxy voting/voting advisory services, etc. The quarterly voting disclosure are published on website under mandatory disclosure section linked here. <a href="https://www.dspim.com/mandatory-disclosures/proxy-voting">https://www.dspim.com/mandatory-disclosures/proxy-voting</a>
Principle 6	Institutional investors should report periodically on their stewardship activities	Complied	This report on stewardship activities for Financial Year 2024-2025 is uploaded on the AMC website and forms part of the Annual Report which is being sent to the Unitholders.

**PROXY VOTING POLICY**

**I. INTRODUCTION**

The Stewardship Committee (the Committee) of DSP Asset Managers Private Limited (DSPAM), Asset Management Company to DSP Mutual Fund (Fund), inter alia addresses proxy voting issues on behalf of all the Schemes of the Fund. The Committee comprises of the Managing Director & Chief Executive Officer, Chief Operating Officer, Head of Equities, Head of Passive Investments, Head of Fixed Income, Head of Legal & Compliance, Chief Risk Officer and Head of Quantitative Investments and Analytics. In keeping with its fiduciary responsibilities, the Committee reviews all proposals put up for voting even though they may be considered to be routine matters and exercises the votes in the best interest of its unitholders. Each proposal is considered based on the relevant facts and circumstances. From time to time, the Committee can avail/engage professional Proxy Voting advisory firms to obtain research and voting recommendations on resolutions proposed by investee companies. The Committee shall not be bound by the recommendations and shall act at its discretion keeping unit holders interest paramount. The Committee may deviate from the general policies and procedures when it determines the particular facts and circumstances warrant such deviation to protect the interest of the unit holders. This Policy takes into account the relevant regulatory guidelines issued by Securities and Exchange Board of India (SEBI) from time to time.

The vote shall be casted at Fund level. However, in case Fund Manager/(s) of any specific scheme has strong view against the views of Fund Manager/(s) of the other schemes, then the voting shall be done at scheme level and the detailed rationale supporting their voting decisions shall be recorded.

**The provisions of SEBI (Mutual Fund) Regulations, 1996 and circulars/notifications/letters issued thereunder from time to time read with guidelines/notifications issued by AMFI shall prevail over the provisions of the Policy.**

**Mechanism for Voting**

Since the introduction of voting through electronic means, DSPAM casts its votes on the voting platforms offered by Central Depository Services Limited (CDSL), National Securities Depository Limited (NSDL), KFin Technologies Limited (KFin), Link Intime India Private Limited (Link Intime) and Broadridge Financial Solutions and other service providers. In cases where e-voting is not possible or not mandated, DSPAM endeavours to exercise its vote at such meetings through a proxy appointed in accordance with Companies Act, 2013.

Further, even after a vote has been cast through the electronic means/otherwise, the fund managers may attend the general meetings of the investee companies, to pose questions to the management of the Investee Company pertaining to various matters.

**II. PROXY VOTING POLICY**

**A. Corporate Governance matters (including changes in the state of incorporation, mergers and other corporate restructuring and anti-takeover provisions)**

Mergers and acquisitions will be subject to careful review by the research analyst to determine whether they would be beneficial to shareholders. DSPAM will analyze various economic and strategic factors in making the final decision on a merger or acquisition resolution. Corporate restructuring proposals are also subject to a thorough examination on a case-by-case basis.

**B. Capital Structure**

These proposals relate to various requests, principally from management, for approval of amendments that would alter the capital structure of the Company, such as an increase in authorized shares. As a general matter, DSPAM will support requests that it believes enhance the rights of common shareholders and oppose requests that appear to the unreasonably dilutive.

**C. Compensation and Benefits**

We generally support proposals for employee equity compensation plans and other employee ownership plans provided our research does not indicate that approval of the plan would be against shareholder interest. These proposals concern those issues submitted to shareholders related to management compensation and employee benefits. As a general matter, we favor disclosure of a Company's compensation and benefit policies and oppose excessive compensation, but believe that compensation matters are normally best determined by a corporation's Board of Directors, rather than shareholders. Proposals to "micro-manage" a Company's compensation practices or to set arbitrary restrictions on compensation or benefits should therefore generally not be supported.

**D. Social and Corporate Social Responsibilities**

These are shareholder proposals addressing either corporate social and environmental policies or requesting specific reporting on these issues. We generally do not support proposals on social issues that lack a demonstrable economic benefit to the issuer and the Fund investing in such issuer. DSPAM seeks to make proxy voting decisions in the manner most likely to protect and promote the long-term economic value of the securities held in the scheme's accounts. We intend to support economically advantageous corporate practices while leaving direct oversight of the Company management and strategy to the Board of Directors. We seek to avoid micromanagement of Companies, as we believe that the Company's Board of Directors is best positioned to represent shareholders and oversee management on shareholders behalf. Issues of corporate social and environmental responsibility are evaluated on a case –by –case basis within the framework.

**E. Board of Directors**

DSPAM generally supports the Board's nominees in the election of Directors and generally supports proposals that strengthen the independence of the Board of Directors. As a general matter, we believe that a Company's Board of Directors (rather than shareholders) is most likely to have access to important, nonpublic information regarding a Company's business and prospectus, and is therefore best-positioned to set corporate policy and oversee management. We therefore believe that the foundation of good corporate governance is the selection of responsible, qualified, independent corporate Directors who are likely to diligently represent the interest of the shareholders and oversee management of the corporation in the manner that will seek to maximize shareholder value over time. In individual cases, consideration may be given to a director nominee's history of representing shareholder interests as a director of the company issuing the proxy or other companies, or other factors to the extent deemed relevant by the Committee.

**F. Other issues****i. Auditors**

These proposals concern those issues submitted to shareholders related to the selection of the auditors. As a general matter, we believe that corporate auditors have a responsibility to represent the interest of shareholders and provide an independent view on the propriety of financial reporting decisions of corporate management. While we will generally agree to a corporation's choice of auditor, in individual cases, consideration may be given to an auditors' history of representing shareholder interests as auditor of the Company issuing the proxy or other Companies, to the extent deemed relevant by the Committee.

**ii. Corporate Charter and By-Laws**

These proposals relate to various requests for approval of amendments to a corporation's charter or by-laws. We generally vote against antitakeover proposals and proposals that would create additional barriers and costs to corporate transactions that are likely to deliver premiums to shareholders.

**iii. Conflict of Interest and governance measures for investment in group companies of DSPAM (AMC) and investment in companies that have subscribed to the units of any scheme of the Fund:**

However, for all remaining resolutions other than the mentioned above, it shall be compulsorily for Mutual Fund to cast their votes effective April 01, 2022.

DSPAM is an affiliate of a large, diverse financial services firm with many affiliates and makes its best efforts to avoid conflicts of interest. However, conflict of interest can arise in certain situations. Few examples of such situations are:

- Investee Company is a client of DSPAM or its affiliates
- Investee Company is an entity participating to a material extent in the distribution of products managed or advised by DSPAM
- Investee Company has subscribed to the units of any of the schemes of Fund

None of the schemes of the Fund shall invest in DSP Group of companies. Further, DSPAM shall endeavor to resolve conflicts of interest in the interest of the unitholders. Nonetheless, in above cases DSPAM may vote as per recommendation by proxy advisors.

**G. Related party transactions of the investee companies (excluding DSP group companies).**

Related party transactions (RPTs) are transactions between a company and its related parties, and generally come in two forms: a) one-off transactions, typically asset purchases or disposals, and b), recurring transactions occurring during the ordinary course of business, usually in the form of the ongoing sale and purchase of goods and services.

According to the materiality and nature of the transaction the exercise of votes shall be assessed on a case-by-case basis exercise of votes as the committee is convinced by the strategic rationale and the fairness of the transaction terms and accordingly shall take the voting decisions.

"Related Party Transactions" shall have the same meaning as defined in SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 and as amended from time to time.

Related party transactions with reference to the above means a transfer of resources, services or obligations between a listed entity and a related party, regardless of whether a price is charged and a "transaction" with a related party shall be construed to include a single transaction or a group of transactions in a contract.

**H. Internal Control Mechanism:**

Internal controls and checks are in places at various key steps in the process of exercise of votes as considered relevant/material by DSPAM. The Committee periodically reviews the implementation of the policy and disclosure requirements.

**III. PROXY ADVISORY**

DSPAM may use its discretion to avail the services of Proxy Advisor(s) to arrive at a suitable decision for voting. The fund managers shall, subject to the Stewardship Policy, use their discretion whether to rely and/or act on the suggestions/recommendations given by such Proxy Advisor(s).

**REPORTS TO THE BOARD**

DSPAM will report to the DSP Trustee Private Limited on proxy votes it has made on behalf of the Fund at least annually.

**IV. DISCLOSURES**

This Policy shall be put up on the Mutual Fund's website: [www.dspim.com](http://www.dspim.com)

The following periodical disclosures shall be made available on the aforesaid website:

- a) Voting exercised and abstained along with the rationale on the quarterly basis within 10 (ten) working days from the end quarter in the format prescribed by SEBI, as amended from time to time. Additionally, a summary of the voting exercised across all the investee companies and its break-up in terms of number of votes cast in favour, against or abstained from shall be updated.
- b) Voting exercised and abstained along with the rationale on an annual basis in the format prescribed by SEBI, as amended from time to time.
- c) Certification from Scrutinizer on the AMC's voting reports.
- d) Fund Managers/Decision makers shall submit a declaration on quarterly basis to the Trustees that the votes cast by them have not been influenced by any factor other than the best interest of the unit holders.
- e) Trustees in their Half Yearly Trustee Report shall confirm the same to SEBI.

**V. POLICY REVIEW**

## REPORT OF THE INDEPENDENT AUDITOR ON THE ABRIDGED FINANCIAL STATEMENTS

To the Trustees of

### DSP Mutual Fund

The accompanying abridged financial statements, which comprise the abridged balance sheet as at March 31, 2025 and the abridged revenue account for the year ended March 31, 2025, and related notes of the schemes mentioned in Annexure 1 (collectively "the Schemes"), are derived from the audited financial statements of the Schemes of DSP Mutual Fund (the "Fund") as at and for the year ended March 31, 2025. We have expressed an unmodified audit opinion on those financial statements in our report dated July 25, 2025.

The abridged financial statements do not contain all the disclosures required by the accounting principles generally accepted in India, including the accounting policies and standards specified in the Ninth Schedule to the SEBI Regulations. Reading the abridged financial statements, therefore, is not a substitute for reading the audited financial statements of the Fund.

### Management's Responsibility for the Abridged Financial Statements

The Board of DSP Asset Managers Private Limited (the "AMC") and DSP Trustee Private Limited (the "Trustees") (together referred to as the "Management") are responsible for the preparation of the abridged financial statements of the Schemes of the Fund pursuant to Regulation 56(1) of Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, as amended (the "Regulations") and as per the format prescribed by Securities and Exchange Board of India ("SEBI") vide circular number SEBI/IMD/CIR No.8/132968/2008 dated 24 July 2008 (the "Circular") and are derived from the audited financial statements of the Schemes of the Fund for the year ended March 31, 2025, prepared in accordance with the accounting policies and standards specified in the Ninth Schedule to the Regulations and accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") to the extent applicable and covered by our report of even date to the Trustees of the Fund.

### Auditor's Responsibility

Our responsibility is to express an opinion on the abridged financial statements based on our procedures, which were conducted in accordance with Standard on Auditing (SA) 810, "Engagements to Report on Summary Financial Statements" issued by the Institute of Chartered Accountants of India.

### Opinion

In our opinion, the abridged financial statements derived from the audited financial statements of the Schemes of the Fund as at and for the year ended March 31, 2025 are in fair summary of those financial statements, and are in accordance with the accounting policies and standards specified in the Ninth Schedule to the Regulations and accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") to the extent applicable and as per the format prescribed by the Circular.

**Notes to Accounts – Annexure I to the Abridged Balance Sheet and**  
**Abridged Revenue Account for the year from April 01, 2024 to March 31, 2025**

**ABRIDGED NOTES TO ACCOUNTS**

**1. Organisation:**

DSP Mutual Fund ('DSPMF' or 'Fund') has been constituted as a trust on December 16, 1996 in accordance with the provisions of the Indian Trusts Act, 1882. DSP ADIKO Holdings Private Limited & DSP HMK Holdings Private Limited (collectively) are the Sponsors and DSP Trustee Private Limited ('Trustee') is the Trustee to the Fund. The Trust Deed has been registered under the Indian Registration Act, 1908. The Fund was registered with SEBI on January 30, 1997 under the Registration Code MF/036/97/7.

DSP Investment Managers Private Limited ('DSPIM') has been appointed as the Asset Management Company ("AMC") to the Fund by the Trustee, vide Investment Management Agreement (IMA) dated December 16, 1996, as amended from time to time and executed between the Trustee and the AMC.

As part of the internal restructuring of its business ("Demerger") DSPIM has demerged and transferred its asset management business to another DSP group company, DSP Asset Managers Private Limited ("DSPAM"). The Demerger, being on account of internal restructuring of business of DSPIM, have no change in the (a) ultimate ownership and control of the AMC of the Fund; (b) Sponsors & Trustee of the Fund; and (c) name of the Fund. The Demerger has been made effective from April 1, 2023, pursuant to which the asset management business has been transferred from DSPIM to DSPAM.

**2. Basis of Preparation:**

The Abridged financial statements have been prepared as a fair summary of the audited financial statements in accordance with the requirements of Regulation 56 of the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, as amended ('the Regulations') read with the SEBI master circular SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated 27 June 2024 ('the Master Circular') issued by Securities and Exchange Board of India ('SEBI').

3. As per the Securities & Exchange Board of India (SEBI) (Mutual Funds) (Amendment) Regulations, 2012, issued on February 21, 2012, the Eighth schedule to the regulations was amended to include "Principles of Fair Valuation" which required the mutual funds to value their investments in accordance with the specified overarching principles so as to ensure fair treatment to all investors including existing investors as well as investors seeking to purchase or redeem units of mutual funds in all schemes at all points of time.

**4. Investments:**

(For all the below issues, investors are requested to refer the Update on credit events occurred during the Financial Year 2023-24 section in the Unit Holders Reports for detailed management updates)

**a. IL&FS Transportation Networks Limited :-**

Pursuant to the rating downgrade of securities of IL&FS Energy Development Company Limited (IEDCL) and IL&FS Transportation Networks India Limited (ITNL) during FY 2018-19 and default in payment of maturity proceeds by the said issuers, the securities were classified as “below investment grade or default”. Claim of INR 257 crores an INR 382 crores was admitted for IEDCL & ITNL respectively under the INSOLVENCY AND BANKRUPTCY BOARD OF INDIA REGULATIONS, 2016. DSPAM has filed a case against IL&FS before Hon. NCLAT against the order of NCLT for admission of claim in case of ITNL NCDs.

As a part of IL&FS group's ongoing resolution effort, the group companies have initiated second interim distribution to all eligible creditors during the current half year. The second distribution involved distribution cash as well as units of InVITs. The cash was received as a part of the second distribution has been factored in the NAV of February 27, 2025 and has been paid to unit holders of matured scheme. The impact of InVITs has been factored in the NAV of the respective scheme on the March 07, 2025 on which the INVITs were allotted. The provision of 10% is created on all the distributions of ITNL including prior distribution to safeguard the interest of unit holders as ITNL may claw back the amount in case the distribution results in excess distribution than what the debenture holders ought to have received.

Any future gains from these securities will be credited to the Schemes [paid to the investor for matured schemes].

Any substantial future gains from these securities will be paid to investors or credited to the scheme, as the case may be. The decision to distribute and determination of the 'substantial' amount shall be taken by DSP Trustee Private Limited.

Detail of the securities in case of which issuer has defaulted beyond its maturity date:
