DSP Nifty Smallcap 250 ETF

(An open ended scheme replicating / tracking Nifty Smallcap 250 Index)

Annexure - Information available through weblink

I. Liquidity/Listing details

Liquidity Details:

On the Exchange

The units are proposed to be listed on Stock Exchange to provide liquidity through secondary market. The units of the Scheme can be bought / sold on all trading days on the National Stock Exchange of India Limited and/or BSE Ltd where the Scheme is listed.

The price of the Units in the secondary market on the Stock Exchange(s) will depend on demand and supply at that point of time. The AMC has appointed Market Maker(s) who are the member of Stock Exchange to provide liquidity in secondary market on an ongoing basis. The Market Maker(s) would offer daily two-way quote in the market.

Directly with the Mutual Fund

The Scheme offers units for subscription / redemption directly with the Mutual Fund in creation unit size to Market Makers / and Large Investors, at intra-day NAV, based on the executed price at which the securities representing the underlying index are purchased/sold.

Further, in terms of clause 3.6.2.2 of SEBI Master circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2023/74 dated June 27, 2024 (SEBI Master Circular) investors can directly approach AMC for redemption of units for transaction of more than Rs. 25 Crore, subject to creation unit size.

Investors can also directly approach AMC for redemption of units for transaction of upto Rs. 25 Crore without any exit load, if:

- a) Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or
- b) No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or
- c) Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days.

Such instances shall be tracked by the AMC on an ongoing basis and in case any of the above mentioned scenario arises, the same shall be disclosed on the website of the Mutual Fund.

In the event of above, valid applications received by the fund upto the cut-off time will be processed on the basis of the closing NAV of the day of receipt of request and for valid applications received after cut-off time, the closing NAV of the next Business Day shall be applicable.

Listing details:

The units of the Scheme are proposed to be listed on National Stock Exchange of India Limited and BSE Limited.

II. NAV Disclosure

The first NAV will be calculated and declared within 5 Business days from the date of allotment. Thereafter, the Mutual Fund shall declare the NAV of the Scheme on every Business Day, on AMFI's website (www.amfiindia.com), by 11.00 p.m. and website of the AMC (www.dspim.com). The information on NAVs of the Scheme/plans may be obtained by the Unit Holders, on any day, by calling the office of the AMC or any of the Investor Service Centres at various locations.

The information on NAVs of the Scheme/plans may be obtained by the Unit Holders, on any day, by calling the office of the AMC or any of the Investor Service Centres at various locations. The NAV of the Scheme will also be updated on the AMFI website www.amfiindia.com and on www.dspim.com.

Indicative NAV (iNAV):

The AMC shall also calculate indicative NAV and will be updated during the market hours on its website www.dspim.com. Indicative NAV will not have any bearing on the creation or redemption of units directly with the Fund by the Market Makers /Large Investors.

Indicative NAV shall be disclosed on Stock exchange(s), where the units will be listed, on continuous basis within a maximum time lag of 15 seconds during the trading hours.

For transactions by Market Makers / large investors directly with the AMCs, intra-day NAV based on the executed price at which the securities representing the underlying index are purchased / sold will be applicable.

The numerical illustration of computation of NAV is provided below.

Market or Fair Value of Scheme's investments (Rs.) = 11,42,53,650.00

Current Assets (Rs.) = 10,00,000.00

Current Liabilities and Provisions (Rs.) = 5,00,000.00

No. of Units outstanding under the Scheme = 1,00,00,000

$$\begin{aligned} \text{NAV Per Unit (Rs.)} &= \frac{11,42,53,650.00 + 10,00,000.00 - 5,00,000.00}{1,00,00,000} \\ &= 11.4754 \end{aligned}$$

N.B.: The aforesaid provisions pertaining to "Calculation of NAV" shall apply in respect of each individual Scheme and/or plan as the case may be. The NAV Per Unit above is rounded off to four decimals.

The NAV will be calculated as of the close of every Business Day.

NAV's will be rounded off to four decimal places. The valuation of the Schemes' assets and calculation of the Schemes' NAVs shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

Note: In respect of Schemes having Growth and IDCW Options, there will be more than one NAV, one for each Option, after the declaration of the first IDCW by that Scheme.

While determining the price of the units, the mutual fund shall ensure that the repurchase price of Scheme is not be lower than 97% Net Asset Value as provided under SEBI (MF) Regulations. For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

Ongoing Price for subscription (purchase) by investors:

- For Subscription of units directly with the Mutual Fund:

Ongoing purchases directly from the Mutual Fund would be restricted to Market Makers and Large Investors, provided the value of units to be purchased is in Creation Unit size and in multiples thereof. Market Makers / Large Investors may buy the units on any Business Day of the Scheme directly from the Mutual Fund at Intra Day NAV:

- in exchange of the Portfolio Deposit, Cash Component and any other applicable transaction charges; or
- by depositing basket of securities comprising Nifty Smallcap 250 Index along with the cash component and applicable transaction charges.

The Creation Unit size will be 75,000 units.

No kind of credit facility would be extended during creation of units. The Fund may from time to time change the size of the Creation Unit in order to equate it with marketable lots of the underlying instruments.

- **For Subscription through Stock Exchange(s):**

All categories of investors may purchase the Units of the Scheme through the Stock Exchange(s) on which the units of the Scheme are listed, on any trading day in round lot of one (1) Unit and multiples thereof at the prevailing listed price. The transactions (trading) in the Stock Exchange(s) shall be subject to the Regulations, Bye laws and Rules applicable to the Stock Exchanges and its clearing house respectively. The trading members shall be responsible for delivering the units to the demat account of the investors on successful completion of settlement. Investors are advised to contact their trading members to understand the various cut-off times to meet their fund pay-in obligations for ensuring successful settlement of their transactions.

Note:

Market Maker/Large Investor for subscription/redemption of the Scheme Units directly with the Fund in "Creation Unit Size" will have to reimburse transaction handling charges incurred by the Fund/AMC. Transaction handling charges include brokerage, Securities transaction tax, regulatory charges if any, depository participant charges, uploading charges, corporate action charges and such other charges that the mutual fund may have to incur in the course of cash subscription/redemption or accepting the Portfolio Deposit or for giving a portfolio of securities as consideration for a redemption request.

The AMC will appoint Market Makers to provide liquidity in secondary market on an ongoing basis. The Market Maker(s) would offer daily two-way quote in the market. The applicant under the Scheme will be required to have a beneficiary account with a Depository Participant of NSDL/CDSL and will be required to indicate in the Application Form the Depository Participants (DP's) name, DP ID Number and the beneficiary account number of the applicant.

Procedure for creation of the Scheme units in Creation Unit size:

- The Fund/AMC allows cash/exchange of Portfolio Deposit for Purchase of Units of the Scheme in Creation Unit size by Large Investors/Market Makers.

Purchase request for Creation Unit shall be made by such Investor to the Fund/AMC where upon the Fund/AMC will arrange to buy the underlying portfolio Securities. The Portfolio Deposit and/or Cash Component will be exchanged for units of the Scheme in Creation Unit size.

- **Creation of Units in exchange of Portfolio Deposit:** The requisite Securities constituting the Portfolio Deposit have to be transferred to the Fund's Depository Participant account while the Cash Component has to be paid to the Fund's bank account. On confirmation of the same by the Custodian/AMC, the AMC will create and transfer the equivalent number of Units of the Scheme into the Investor's Depository Participant account and pay/ recover the Cash Component and transaction handling charges, if any.
- **Creation of Units in Cash:** For subscription of the Scheme Units in Creation Unit Size will be made by payment of requisite Cash, as determined by the AMC equivalent to the cost incurred towards the purchase of predefined basket of securities that represent the underlying index (i.e. portfolio deposit), Cash Component and transaction handling charges, if any, only by means of payment instruction of Real Time Gross Settlement

(RTGS) / National Electronic Funds Transfer (NEFT) or Funds Transfer Letter of a bank where the Scheme has a collection account.

- The Creation Unit will be subject to transaction handling charges incurred by the Fund/AMC. Such transaction handling charges shall be recoverable from the transacting Market Maker or Large Investor.
- The Portfolio Deposit and/or Cash Component for units of the Scheme may change from time to time on account of change in underlying index constituents, corporate actions, percentage of cash maintained in the fund, etc.
- The investors are requested to note that the Units of the Scheme will be credited into the Investor's Depository Participant account only on receipt of Cash Component and transaction handling charges, if any.

"Creation Unit size" is fixed number of units of the Scheme, which is exchanged for a pre-defined basket of securities underlying the designated index called the Portfolio Deposit and/or a Cash Component equal to the value of 75,000 units of the Scheme. Each Creation Unit size consists of 75,000 units of the Scheme. Each unit of the Scheme will be approximately equal to the 1/1000th value of the Nifty Smallcap 250 Index.

Ongoing price for redemption (sale) by investors:

a) For Redemption of units directly with the Mutual Fund:

(By Market Makers and Large Investors):

Mutual Fund will repurchase units from Market Makers / Large Investors on any Business Day in Creation Unit size at applicable intra-day NAV, based on the executed price at which the securities representing the underlying index are purchased/sold, subject to applicable exit load; if any. Currently there is no Exit Load. However, transaction charges payable to Custodian/Depository Participants, and other incidental charges relating to conversion of units into basket of securities may be deducted from redemption proceeds.

b) For Redemption of units directly with the Mutual Fund: (Other than Market Makers) in exceptional circumstances:

- i. Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or
- ii. No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or
- iii. Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days.

Such instances shall be tracked by the AMC on an ongoing basis and in case any of the above mentioned scenario arises, the same shall be disclosed on the website of the Mutual Fund.

In case of the above scenarios, applications received from investors for redemption up to 3.00 p.m. on any trading day, shall be processed by the AMC at the closing NAV of the day.

c) For Redemption through Stock Exchange(s):

All categories of investors may sell the Units of the Scheme through the Stock Exchange(s) on which the units of the Scheme are listed, on any trading day in round lot of one (1) Unit and multiples thereof.

Note: The transaction handling charges which include brokerage, Securities transaction tax, regulatory charges if any, depository participant charges, uploading charges and such other charges that the mutual fund/AMC may have to incur in the course of cash subscription/ redemption or accepting the portfolio deposit or for giving a portfolio of securities as consideration for a redemption request, shall be recoverable from the transacting Market Maker or Large Investor. As required under the Regulations, while determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value.

Procedure for Redemption in Creation Unit size

- The requisite number of Units of the Scheme equivalent to the Creation Unit has to be transferred to the Fund's Depository Participant account and the Cash Component to be paid to the Fund's bank account.
- On confirmation of the same by the AMC, the AMC will transfer the Portfolio Deposit to the Investor's Depository Participant account and pay/recover the Cash Component and transaction handling charges, if any.
- The Fund may allow cash Redemption of the Units of the Scheme in Creation Unit size by Large Investors/ Market Maker.
- Such Investors shall make Redemption request to the Fund/AMC whereupon the Fund/AMC will arrange to sell underlying portfolio Securities on behalf of the Investor. Accordingly, the sale proceeds of portfolio Securities, after adjusting the Cash Component and transaction handling charges will be remitted to the Investor.

Note:

1. The Creation Unit size may be changed by the AMC at their discretion and the notice of the same shall be published on AMC's website.
2. Transaction handling charges include brokerage, Securities transaction tax, regulatory charges if any, depository participant charges, uploading charges and such other charges that the mutual fund may have to incur in the course of cash subscription/redemption or accepting the Portfolio Deposit or for giving a portfolio of securities as consideration for a redemption request. Such transaction handling charges shall be recoverable from the transacting Market Maker or Large Investor.
3. The Portfolio Deposit and / or Cash Component the Scheme may change from time to time.
4. The Fund may from time to time change the size of the Creation Unit in order to equate it with marketable lots of the underlying securities.
5. AMCs shall facilitate in-kind creation and redemption of units of Scheme by MMs on a best effort basis.

III. Applicable timelines

Timeline for Dispatch of redemption proceeds: As per SEBI (MF) Regulations, the Mutual Fund shall dispatch the redemption proceeds within 3 Working Days from the date of acceptance of redemption request.

Investor may note that in case of exceptional scenarios as prescribed by AMFI vide its communication no. AMFI/ 35P/ MEM-COR/ 74 / 2022-23 dated January 16, 2023 read with clause 14.1.3 of the SEBI Master Circular, the AMC may not be able to adhere with the timelines prescribed above.

Dispatch of IDCW- Not Applicable

IV. Breakup of Annual Scheme Recurring expenses

These are the fees and expenses incurred for operating the Scheme. These expenses include and are not limited to Investment Management and Advisory Fee charged by the AMC, Registrar's fee, Marketing and selling costs etc., as given in the **Table 2** which summarizes estimated annualized recurring expenses as a % of daily net assets of the Scheme.

The AMC has estimated that upto 1.00% of the daily average net assets of the scheme will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund.

Operating & recurring expenses under regulation 52 (6) & 52 (6A):

The Scheme may charge expenses within overall limits as specified in the Regulations except those expenses which are specifically prohibited. The annual total of all charges and expenses of the Scheme shall be subject to the following limits, defined under Regulation 52 of SEBI MF regulations:

Table 1: Limit as prescribed under regulation 52 of SEBI MF regulations for exchange traded fund:

Particulars	As a % of daily net assets as per Regulation 52(6) (b)
On daily net assets	1.00%

Notes to Table 1:

In addition to expenses as permissible under Regulation 52 (6), the AMC may also charge the following to the Scheme of the Fund under Regulation 52 (6A):

Brokerage and transaction costs which are incurred for the purpose of execution of trade up to 0.12 per cent of trade value in case of cash market transactions and 0.05 per cent of trade value in case of derivatives transactions.

It is clarified that the brokerage and transaction cost incurred for the purpose of execution of trade over and above the said 0.12 percent and 0.05 percent for cash market transactions and derivatives transactions respectively may be charged to the Scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.

GST on investment and advisory fees:

- AMC may charge GST on investment and advisory fees of the Scheme in addition to the maximum limit of TER as per the Regulation 52(6) and (6A).
- GST on expenses other than investment and advisory fees: AMC may charge GST on expenses other than investment and advisory fees of the Scheme, if any within the maximum limit of TER as per the Regulation under 52(6) and (6A).
- GST on brokerage & transaction cost: GST on brokerage and transaction costs which are incurred for the purpose of execution of trade, will be within the limit of expenses as per the Regulation 52(6) and (6A).

Others:

In accordance with clause 10.1.12 (a) of SEBI Master Circular, all scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall be paid from the scheme only within the regulatory limits and not from the books of the AMC or its associates or by the trustee or sponsors or any other entity through any route in terms of SEBI circulars, subject to the clarifications provided by SEBI vide letter dated February 21, 2019.

Provided that the expenses that are very small in value but high in volume (as provided by AMFI in consultation with SEBI) may be paid out of AMC's books. Such expenses can be paid out of AMC's books at actuals or not exceeding 2 bps of the Scheme AUM, whichever is lower.

Further with regards to the cost of borrowings in terms of Regulation 44(2), the same shall be adjusted against the portfolio yield of the Scheme and borrowing costs in excess of portfolio yield, if any, shall be borne by the AMC.

Disclosure relating to changes in TER:

In accordance with clause 10.1.8 of SEBI Master Circular, the AMC shall prominently disclose TER on daily basis on the website www.dspim.com. Further, changes in the base TER (i.e. TER excluding additional expenses provided in Regulation 52(6A)(c) of SEBI (Mutual Funds) Regulations, 1996 and Goods and Services Tax on investment and advisory fees) in comparison to previous base TER charged to any scheme/plan shall be communicated to investors of the scheme/plan through notice via email or SMS at least three working days prior to effecting such change.

The notices of change in base TER shall be updated on the website at least three working days prior to effecting such change. Provided that any decrease in TER in a mutual fund scheme due to various regulatory requirements, would not require issuance of any prior notice to the investors.

The prior intimation/notice shall not be required for any increase or decrease in base TER due to change in AUM and any decrease in base TER due to various regulatory requirements.

A. Illustrative example for estimating expenses for a scheme:

The AMC in good faith has estimated and summarized in the below table for each Scheme. The actual total expenses may be more or less than as specified in the table below. The below expenses are subject to inter-se change and may increase/decrease as per actuals, and/or any change in the Regulations.

Table 2: The estimated total expenses as a % of daily net assets of the Scheme are as follows:

Sr No.	Indicative Recurring Expense Heads	% of daily net assets
(i)	Investment Management and Advisory Fees	Upto 1.00%
(ii)	Audit fees/Fees and expenses of trustees*	
(iii)	Custodial fees

VI. Risk factors

Scheme Specific Risk Factors

Risks associated with transacting in scheme units through stock exchange mechanism:

In respect of transactions in units of the schemes through NSE and/or BSE or any other recognized stock exchange promoted platforms, allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by NSE, BSE or such other exchange and their respective clearing corporations on which the AMC and Fund has no control. Further, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by NSE, BSE or such other recognized exchange in this regard.

Risk associated with favorable taxation of certain scheme in India:

In any event beyond the control of AMC if the scheme is not able to invest the minimum % of the threshold that it is required to invest in eligible asset classes as per the domestic income tax regulation and rule, the benefit of lower tax, if any, on income distribution or capital gains may not be available to the Unit Holders.

The summary of tax implications given in the taxation section (Units and Offer Section) is based on the existing provisions of the tax laws. The current taxation laws may change due to change in the domestic Tax Act or any subsequent changes / amendments in Finance Act / Rules / Regulations. Such change may entail a higher tax to the scheme or to the investors by way of any tax as made applicable thus adversely impacting the scheme.

The investor is requested to consult their tax counsel for detail understanding of the tax laws and the risk factor associated with such tax laws.

Risks associated with Equity and Equity-related securities / investments:

i. Price Risk:

Equity shares and equity related instruments are volatile and prone to price fluctuations on a daily basis. The value of the Schemes' equity investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors. Investments in equity shares and equity-related instruments involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risks.

Investors may note that dividend is due only when declared and there is no assurance that a company (even though it may have a track record of payment of dividend in the past) may continue paying dividend in future. As such, the scheme is vulnerable to instances where investments in securities may not earn dividend or where lesser dividend is declared by a company in subsequent years in which investments are made by schemes. As the profitability of companies are likely to vary and have a material bearing on their ability to declare and pay dividend, the performance of the scheme may be adversely affected due to such factors. Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Schemes.

ii. Liquidity Risk for listed securities:

While securities that are listed on the stock exchange carry lower liquidity risk, the ability to execute investment strategies or sell these investments could be limited by the overall trading volume, settlement periods, transfer cycles on the stock exchanges and may lead to the Scheme not realizing desired price and may incur losses till the security is finally sold. Although the investment universe constitutes securities which will have high market liquidity, there is a possibility that market liquidity could get impacted on account of company/sector/general market related events and there could be a price impact on account of portfolio rebalancing and/or liquidity demands on account of redemptions.

Risk of Substantial Redemptions in ETFs:

The Scheme(s) at times may receive large number or large value of direct redemption requests as per the provision of the SID.

The liquidity of underlying investments may be restricted by trading volumes and settlement periods. Settlement periods may be extended significantly by unforeseen circumstances beyond the influence of the AMC. The inability of the Scheme to sell intended securities due to liquidity & settlement problems, could cause delay for processing the large number of direct redemptions. The Trustee, in the general interest of the Unit holders of the Schemes offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Working Day depending on the total "Saleable Underlying Stock" available with the Fund. Risk associated with principles of efficient portfolio management:

The Scheme may use models, techniques and instruments for efficient portfolio management and may also attempt to hedge or reduce the risk. The Scheme's ability to use these techniques may be limited by market conditions, regulatory limits and tax considerations (if any). The use of these techniques is further dependent

on the ability to predict movements in the prices of securities being hedged and movements in macro variables such as interest rates. There exists an imperfect correlation between the hedging instruments and the securities or market sectors being hedged. Thus due to mentioned bottleneck these techniques and instruments if imperfectly used have the risk of the Scheme incurring losses due to mismatches particularly in a volatile market. There could be possible absence of a liquid market for any particular instrument at any particular time even though the futures and options may be bought and sold on an exchanges.

Further the returns from the types of securities or assets in which the scheme invests may under perform returns of general Securities markets or different asset classes. Different types of Securities tend to go through cycles of out-performance and under-performance in comparison of Securities markets.

Risk Factors associated with investments in passive schemes:

i. Passive Investments:

As the scheme proposes to invest not less than 95% of the net assets in the securities of the benchmark Index, the Scheme will not be actively managed. The Scheme may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its underlying index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets. The value of the Scheme's investments, may be affected generally by factors affecting equity markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.

The scheme will be investing only in the securities included in the underlying index and will be exposed to additional concentration risk in cases where the underlying index has concentration towards any specific sector, theme or market capitalization. The AMC will not have any option to reduce the concentration risk by diversifying the investments.

In the event the Nifty Smallcap 250 index Market is dissolved or withdrawn by NSE, the Trustees reserve the right to modify the schemes so as to track a different and suitable index and appropriate intimation will be sent to the unitholder of the scheme.

ii. b. Tracking Error and Tracking Difference Risk:

The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of the respective scheme, corporate actions, cash balance, changes to the underlying index and regulatory policies which may affect AMC's ability to achieve close correlation with the underlying index of the scheme. The scheme's returns may therefore deviate from those of its underlying index. **"Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the respective scheme. "Tracking Difference" is the annualized difference of daily returns between the Index and the NAV of the scheme (difference between fund return and the index return).** Tracking Error and Tracking difference may arise including but not limited to the following reasons:

- i. Expenditure incurred by the fund.
- ii. The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses. The fund may not be invested at all time as it may keep a portion of the funds in cash to meet redemptions or for corporate actions.
- iii. Securities trading may halt temporarily due to circuit filters.
- iv. Corporate actions such as debenture or warrant conversion, rights, merger, change in constituents etc.
- v. Rounding off of quantity of shares in underlying index.
- vi. Dividend payout.
- vii. Disinvestments to meet redemptions, recurring expenses, IDCW payouts etc.
- viii. Execution of large buys / sell orders
- ix. Transaction cost (including taxes and insurance premium) and recurring expenses
- x. Realization of Unit holders funds

- xi. Index providers may either exclude or include new scrips in their periodic review of the scrips that comprise the underlying index. In such an event, the Fund will try to reallocate its portfolio but the available investment/reinvestment opportunity may not permit absolute mirroring immediately.

SEBI Regulations (if any) may impose restrictions on the investment and/or divestment activities of the Scheme. Such restrictions are typically outside the control of the AMC and may cause or exacerbate the Tracking Error.

It will be the endeavor of the fund manager to keep the tracking error as low as possible. However, in case of events like, dividend received from underlying securities, rights issue from underlying securities, and market volatility during rebalancing of the portfolio following the rebalancing of the underlying index, etc. or in abnormal market circumstances may result in tracking error. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Index.

Model Risk: The scheme seeks to invest in a portfolio of 50 companies using a two-factor model, developed through rigorous back-testing and research. However, there is no guarantee that this model will outperform the benchmark or generate higher returns.

Portfolio Churn risk: The scheme is subject to **portfolio churn risk**, which arises from frequent buying and selling of securities within the fund. High portfolio churn may lead to increased transaction costs and tax implications.

Smaller Capitalisation Companies

Securities of smaller capitalisation companies may, from time to time, and especially in falling markets, become illiquid and experience short-term price volatility and wide spreads between bid and offer prices. Investment in smaller capitalisation companies may involve higher risk than investment in larger companies. The securities of smaller companies may be subject to more abrupt or erratic market movements than larger, more established companies or the market average in general. These companies may have limited product lines, markets or financial resources, or they may be dependent on a limited management group. Full development of those companies takes time. In addition, many small company stocks trade less frequently and in smaller volume, and may be subject to more abrupt or erratic price movements than stocks of large companies. The securities of small companies may also be more sensitive to market changes than the securities of large companies. These factors may result in above-average fluctuations in the Net Asset Value of the scheme.

Concentration Risk:

When a Mutual Fund Scheme, by mandate, restricts its investments only to a particular sector or theme; there arises a risk called concentration risk. If the sector, for any reason, fails to perform, the portfolio value will plummet and the Investment Manager will not be able to diversify the investment in any other sector. Investments under this scheme will be in equity or equity related stocks spanning across the selected theme. Hence the concentration risks could be high.

Risks pertaining to transacting in listed units of scheme /ETFs:

- a) **Absence of Prior Active Market:** Although the Scheme is listed on Stock Exchange, there can be no assurance that an active secondary market will develop or be maintained. Hence there would be time when trading in the Units of the Scheme would be infrequent.
- b) **Trading in Units may be Halted:** Trading in the Units of the Schemes on Stock Exchange may be halted because of market conditions or for reasons that in view of Stock Exchange or SEBI, trading in the Units of the Schemes are not advisable. In addition, trading of the Units of the Scheme are subject to trading halts caused by extraordinary market volatility and pursuant to Stock Exchange and SEBI circuit filter rules. There can be no assurance that the requirements of Stock Exchange necessary to maintain the listing of the Units of the Schemes will continue to be met or will remain unchanged.
- c) **Units of the Schemes May Trade at Prices Other than NAV:** The Units of the Schemes may trade above or below their NAV. The NAV of the Schemes will fluctuate with changes in the market value of the holdings of the Schemes. The trading prices of the Units of the Schemes will fluctuate in accordance with changes in their NAV as well as market supply and demand for the Units of the Schemes. However,

given that Units of the Schemes can be created and redeemed in Creation Units directly with the Fund, it is expected that large discounts or premiums to the NAV of Units of the Schemes will not sustain due to arbitrage opportunity available.

- d) **Other Risk related to listed units:** The units will be issued only in dematerialized form through depositories. The records of the depository are final with respect to the number of units available to the credit of unit holder. Settlement of trades, repurchase of units by the mutual fund during the liquidity window depend upon the confirmations to be received from depository (ies) on which the mutual fund has no control.

Investors may note that the scheme would only repurchase units from the Market Makers & Large Investors in eligible Creation Unit Size. Thus unit holdings less than the eligible Creation Unit Size can only be sold through the secondary market on the exchanges

The trading mechanism introduced by the stock exchange(s) is configured to accept and process transactions for mutual fund units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognised stock exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing/settlement, etc. upon which the Fund has no control. However, units of the Scheme can only be subscribed in demat mode. Moreover, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized stock exchange(s).

Any changes in trading regulations by Stock Exchange or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/discount to NAV.

Risk associated with Cash and Cash Equivalents

i. Price-Risk or Interest-Rate Risk:

Cash and cash equivalents run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. However, Cash and cash equivalents in this scheme are intended to be held till maturity. For such securities held till maturity, there will not be any interest rate risk at the end of the tenure.

ii. Liquidity or Marketability Risk:

This refers to the ease with which a security can be sold at or near to its valuation Yield-to-Maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer.

iii. Reinvestment Risk:

Investments in cash and cash equivalents may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.

iv. Pre-payment Risk:

Certain cash and cash equivalents give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.

Risk associated with Securities Lending & Borrowing:

Securities Lending and Borrowing ("SLB") is an exchange traded product in India, with trades done on order matching platforms setup by the clearing corporation/house of recognized stock exchanges. In accordance with

SEBI guidelines, there is a robust risk management system and safeguards exercised by the clearing corporation/house, which also guarantee financial settlement hence eliminating counterparty risk on borrowers.

The Scheme may participate as a lender in the SLB market and lend securities held in the portfolio for earning fees from such lending to enhance revenue of the Scheme. The key risk to the Scheme is creation of temporary illiquidity due to the inability to sell such lent securities, till the time such securities are returned on the contractual settlement date or on exercise of early recall.

Risk associated with use of equity derivatives in the ETFs:

The Scheme may periodically invest in derivative securities e.g. when a stock(s) is entering/exiting the benchmark index. However, the Scheme will not use derivative instruments for speculative purposes or to leverage its net assets. There may be a cost attached to buying index futures or other derivative instrument. Further there could be an element of settlement risk, which could be different from the risk in settling physical shares.

Risks associated with trading in derivatives:

The use of derivatives may expose Scheme to a higher degree of risk. In particular, derivative contracts can be highly volatile, and the amount of initial margin is generally small relative to the size of the contract so that transactions may be leveraged in terms of market exposure. A relatively small market movement may have a potentially larger impact on derivatives than on standard bonds or equities. Leveraged derivative positions can therefore increase Scheme volatility.

Derivatives require the maintenance of adequate controls to monitor the transactions and the embedded market risks that they add to the portfolio. Besides the price of the underlying asset, the volatility, tenor and interest rates affect the pricing of derivatives. Other risks in using derivatives include but are not limited to:

- (a) **Counterparty Risk** - this occurs when a counterparty fails to abide by its contractual obligations and therefore, the Scheme are compelled to negotiate with another counter party, at the then prevailing (possibly unfavourable) market price. For exchange traded derivatives, the risk is mitigated as the exchange provides the guaranteed settlement but one takes the performance risk on the exchange.
- (b) **Market Liquidity Risk** - this occurs where the derivatives cannot be transacted due to limited trading volumes and/or the transaction is completed with a severe price impact.
- (c) **Model Risk** - the risk of mis-pricing or improper valuation of derivatives.
- (d) **Basis Risk** - arises due to a difference in the price movement of the derivative vis-à-vis that of the security being hedged.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued involve uncertainty and decision of the Investment Manager may not always be profitable. No assurance can be given that the Investment Manager will be able to identify or execute such strategies. Some other risks investors must read carefully before making any investments in this Scheme, as it is expected to make investments in equity derivatives are as follows:

Derivative trades involve execution risks, whereby the rates seen on the screen may not be the rate at which ultimate execution takes place.

- The option buyer's risk is limited to the premium paid.
- Investments in index/stock futures face the similar risk as the investments in the underlying stock or index.
- Risk of loss in trading in futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and potentially high volatility of the futures markets.
- The derivatives market may not have the volumes that may be seen in other developed markets, which

may result in volatility in the values.

- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Risk factors associated with investment in Tri-Party Repo:

The mutual fund is a member of securities segment and Triparty Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member). CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/ default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund

Risk factor pertaining to investment in REITS:

Market Risk: REITs are volatile and prone to price fluctuations on a daily basis owing to market movements. Investors may note that AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. The NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures. The scheme will undertake active portfolio management as per the investment objective to reduce the market risk.

Liquidity Risk: As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk. The fund will try to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying units.

Reinvestment Risk: Investments in REITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns. However, the reinvestment risk will be limited as the proceeds are expected to be a small portion of the portfolio value.

The above are some of the common risks associated with investments in REITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

RISK MITIGATION STRATEGIES

- **Market Risk, Concentration Risk & Liquidity Risk:** This being an open-ended scheme replicating/tracking equity Index, above mentioned risks are inherent to this scheme similar to other equity schemes. The scheme being a passive fund will predominantly be investing in underlying index, the Investment Manager will endeavor to minimize above risks, however it will have a limited role in the same.

- **Risk Associated with cash and cash equivalent:** The scheme will invest in securities as per the intended allocation and thus this risk are low as compared to other risk mentioned above. The AMC will endeavor to minimize the Liquidity Risk, Interest Rate Risk, Reinvestment Risk.
- **Risk associated with Stock Lending:** The investment managers will ensure adherence to the limits assigned for stock lending and will ensure that the liquidity Risk is managed actively within the portfolio liquidity limits by maintaining proper asset-liability match to ensure payout of the obligations. Also to ensure that the counterparty risk is limited the AMC will participate in stock lending only through exchange mechanism where the settlement is guaranteed.
- **Risk associated with derivatives:** The investment managers will invest only in exchange traded derivatives (settlement guaranteed) and the investment shall be in line with guidelines and regulatory limits as specified by regulators & scheme documents. No investment will be made in OTC derivative contracts for equity derivatives.
- **Tracking Error and tracking difference:** The Investment Manager would monitor the tracking error and tracking difference of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. The investment manager will endeavour to maintain low cash levels to minimize tracking error and tracking difference.
- **Transaction in listed units:** The AMC with help of market makers will monitor and ensure liquidity on the exchanges for trading the units of the ETF. The AMC will also offer direct redemption under special circumstances as defined in in SECTION II. - G. Other Scheme Specific Disclosures - Redemption.
- **Equity Market Risk:** Market risk is inherent to this scheme similar to other equity schemes and is exposed to all the market risk that are inherent to the underlying index at all times. The AMC will ensure that the investment in the scheme are aligned to the underlying index and thus minimizing any additional idiosyncratic risk.

VII. Index methodology/ Details of underlying fund in case of Fund of Funds

Index Provider

NSE Indices Limited. (Formerly known as India Index Services & Products Limited (IISL), a subsidiary of NSE, provides a variety of indices and index related services and products for the Indian capital markets.

Index Governance: A professional team manages all NSE indices. There is a three-tier governance structure comprising the Board of Directors of NSE Indices Limited, the Index Advisory Committee (Equity) and the Index Maintenance Sub-Committee.

Index Construction & Review Methodology:

Eligible Universe

Nifty Smallcap 250 represents the balance 250 companies (companies ranked 251-500) from Nifty 500.

Index Construction

To be considered for inclusion in Nifty Smallcap 250 index, companies must form part of Nifty 500, but should not be forming part of Nifty 100 and Nifty Midcap 150.

Constituents Weightings

Index constituents are weighted based on their float-adjusted market capitalization.

Reconstitution and Rebalancing criteria:

The index is rebalanced semi-annually in March and September.

Portfolio Turnover Policy

Portfolio Turnover measures the volume of trading that occurs in a Scheme's portfolio during a given time period. The Scheme is an open-ended Exchange Traded Fund and it is expected that there may be a number of subscriptions and repurchases on a daily basis through Stock Exchange(s) or Market Makers and Large Investors. Generally, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition, if any, and corporate actions of securities included in the underlying index. However, it will be the endeavor of the Fund Manager to maintain an optimal portfolio turnover rate commensurate with the investment objective of the Scheme and the purchase/ redemption transactions on an ongoing basis in the Scheme.

G. Constituents and Methodology of the Index

Updated constituents of the indices and methodology for the Scheme is available on the website of AMC (i.e. www.dspim.com) under Mandatory Disclosure section.

H. Special Considerations

Investor are requested to read special consideration section in SAI.

I. Performance disclosure

In accordance with clause 5.9 of the SEBI Master, the AMC shall disclose the performance of all schemes on the website of AMFI on a daily basis. The disclosure shall include other scheme AUM and previous day NAV.

Refer to AMFI website (link- <https://www.amfiindia.com/otherdata/fund-performance>) for further details.

J. Transparency/NAV disclosure

The first NAV will be calculated and declared within 5 Business days from the date of allotment. Thereafter, the Mutual Fund shall declare the NAV of the Scheme on every Business Day, on AMFI's website (www.amfiindia.com), by 11.00 p.m. and website of the AMC (www.dspim.com). The information on NAVs of the Scheme/plans may

be obtained by the Unit Holders, on any day, by calling the office of the AMC or any of the Investor Service Centres at various locations.

Latest available NAVs shall be available to unitholders through SMS, upon receiving a specific request in this regard. NAV will be calculated and declared on every Business Day, except in special circumstances described under 'Restriction on Redemption of Units' in the SAI.

In case of delay, the reasons for such delay would be explained to AMFI in writing. If the NAVs of the Scheme are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons for the delay and explaining when the Fund would be able to publish the NAVs.

Indicative NAV (iNAV):

The AMC shall also calculate indicative NAV and will be updated during the market hours on its website www.dspim.com. Indicative NAV will not have any bearing on the creation or redemption of units directly with the Fund by the Market Makers / Large Investors.

Indicative NAV shall be disclosed on Stock exchange(s), where the units will be listed, on continuous basis within a maximum time lag of 15 seconds during the trading hours.

For transactions by Market Makers / large investors directly with the AMCs, intra-day NAV based on the executed price at which the securities representing the underlying index are purchased / sold will be applicable.

XV. Investment Strategies

1. Strategy for Equity Securities

The Scheme will be managed passively with investments in stocks in the same proportion as in Nifty Smallcap 250 Index (underlying index). The investment strategy would revolve around minimizing the tracking error through periodic rebalancing of the portfolio, taking into account the change in weights of stocks in the indices as well as the incremental subscriptions / redemptions in the Scheme. A small portion of the net assets may be held as cash & cash equivalents to meet the liquidity requirements under the Scheme.

2. Strategy for Derivatives

Exposure to equity derivatives of the index itself or its constituent stocks may be undertaken when equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period on defensive considerations.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

For detailed derivative strategies, please refer to SAI.

XVI. Where shall Scheme invest

Subject to the Regulations and the disclosures as made under the section "How the Scheme will allocate its Assets", the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

1. Equity related Instruments- Equity Related Instruments include convertible debentures, convertible preference shares, dividend warrants, warrants carrying the right to obtain equity shares, equity derivatives and such other instrument as may be specified by the Board from time to time.

2. **Derivatives-** Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument, commodity or index, such as: interest rates, exchange rates, commodities, and equities.
3. **Options-** An Option is a contract which gives holder the right (but not the obligation) to buy or sell a security or other asset during a given time for a specified price called the 'Strike' price.
4. **Call Option-** A call option is a financial contract that gives the holder the right, but not the obligation, to buy a specified quantity of an underlying asset (such as a stock or commodity) at a predetermined price (strike price) within a specified period. Investors purchase call options when they anticipate that the price of the underlying asset will rise, allowing them to buy the asset at a lower price and potentially sell it at a higher market price for a profit.
5. **Put Option-** A put option is a financial contract that gives the holder the right, but not the obligation, to sell a specified quantity of an underlying asset (such as a stock or commodity) at a predetermined price (strike price) within a specified period. Investors purchase put options when they anticipate that the price of the underlying asset will decline, allowing them to sell the asset at a higher price than the market value, potentially earning a profit from the price difference.
6. **Government Securities-** Securities created and issued by the Central Government and/or a State Government (including Treasury Bills) or Government Securities as defined in the Government Securities Act, 2006, as amended or re-enacted from time to time.
7. **Repos & Reverse Repos-** Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price. The transaction results in collateralized borrowing or lending of funds.
8. **TREPS-** TREPs is a money market instrument that enables entities to borrow and lend against sovereign collateral security. The maturity ranges from 1 day to 90 days and can also be made available upto 1 year. Central Government securities including T-bills are eligible securities that can be used as collateral for borrowing through TREPs.
9. **Treasury Bills-** Treasury bills (T-bills) are short-term government securities issued at a discount to their face value and mature within one year. They do not pay periodic interest but provide returns by maturing at their full face value, with the difference between the purchase price and the maturity value representing the investor's earnings. T-bills are considered low-risk investments due to government backing.
10. **Short Term Deposits-** Pending deployment of funds as per the investment objective of the Scheme, the Funds may be parked in short term deposits of the Scheduled Commercial Banks, subject to guidelines and limits specified by SEBI.

Applicable guidelines/other details where the scheme will invest:

Securities Lending:

Subject to SEBI (MF) Regulations and the applicable guidelines issued by SEBI, the Mutual Fund may engage in stock lending. The AMC shall comply with all reporting requirements and the Trustee shall carry out periodic review as required by SEBI guidelines. Stock lending means the lending of stock to another person or entity for a fixed period of time, at a negotiated compensation. The securities lent will be returned by the borrower on expiry of the stipulated period.

The Investment Manager will apply the following limits, should it desire to engage in Stock Lending:

1. Not more than 20% of the net assets of a Scheme can generally be deployed in Stock Lending.
2. Not more than 5% of the net assets of a Scheme can generally be deployed in Stock Lending to any single intermediary.

Short Term Deposits:

The scheme may invest the funds of the scheme in short term deposits of scheduled commercial banks as permitted under extant regulations.

Pending deployment of funds of the Scheme, the AMC may invest funds of the Scheme in short-term deposits of scheduled commercial banks, subject to the following conditions issued by SEBI vide clause 12.16 of SEBI Master Circular "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.

- i. Such short-term deposits shall be held in the name of the Scheme.
- ii. The Scheme shall not park more than 15% of their net assets in the short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with the prior approval of the Trustee. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- iii. The Scheme shall not park more than 10% of their net assets in short term deposit(s) with any one scheduled commercial bank including its subsidiaries.
- iv. The Trustee shall ensure that the funds of the Scheme are not parked in the short term deposits of a bank which has invested in the Scheme.
- v. The Trustee shall also ensure that the bank in which a scheme has short term deposits do not invest in the scheme until the scheme has short term deposits with such bank.
- vi. AMC will not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

The above provisions do not apply to term deposits placed as margins for trading in cash and derivative market.

Further, due to corporate action in companies comprising of the index, the scheme may be allocated/allotted securities which are not part of the index. For example, the Fund may invest in stocks not included in the relevant underlying index in order to reflect various corporate actions (such as mergers) and other changes in the relevant underlying index (such as reconstitutions, additions, deletions and these holdings will be in anticipation and in the direction of impending changes in the underlying index)

Investments in Derivative Instruments

As part of the Fund Management process, the Scheme may use Derivative instruments such as index futures and options, stock futures and options contracts, warrants, convertible Securities, swap agreements or any other Derivative instruments that are permissible or may be permissible in future under applicable regulations and such investments shall be in accordance with the investment objectives of the Scheme for a short period of time and the portfolio shall be rebalanced within 7 days.

Index futures/options are meant to be an efficient way of buying/selling an index compared to buying/selling a portfolio of physical shares representing an index for ease of execution and settlement. Index futures/options can be an efficient way of achieving the Scheme's investment objective. Notwithstanding the pricing, they can help in reducing the Tracking Error in the Scheme. Index futures/options may avoid the need for trading in individual components of the index, which may not be possible at times, keeping in mind the circuit filter system and the liquidity in some of the individual stocks. Index futures/options can also be helpful in reducing the transaction costs and the processing costs on account of ease of execution of one trade compared to several trades of shares comprising the underlying index and will be easy to settle compared to physical portfolio of shares representing the underlying index.

In case of investments in index futures/options, the risk/reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future/option. The Scheme will not maintain any leveraged or trading positions.

Purpose of investment in Derivatives

- a) The Scheme shall fully cover its positions in the Derivatives market by holding underlying Securities/cash or cash equivalents/option and/or obligation for acquiring underlying assets to honour the obligations contracted in the Derivatives market.
- b) The Securities held would be marked to market by the AMC to ensure full coverage of investments made in Derivative products at all times.

Trading in Derivatives

The Mutual Fund may use various derivatives only for the purpose of Portfolio Rebalancing of the Scheme. Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument, commodity or index. The Scheme while investing in equities shall transact in exchange traded equity derivatives only and these instruments may take the form of Index

Futures, Index Options, Futures and Options on individual equities/securities and such other derivative instruments as may be appropriate and permitted under the SEBI Regulations and guidelines from time to time.

Key features of Trading in Derivatives

The use of derivatives provides flexibility to the Schemes only for the purpose of Portfolio Rebalancing. The following section describes some of the more common derivatives transactions with illustrations.

Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument, commodity or index, such as interest rates, exchange rates, commodities and equities.

Exposure Limits:

With respect to investments made in derivative instruments, the Scheme shall comply with the following exposure limits in line with clause 12.24 and 12.25 of SEBI Master Circular:

1. The cumulative gross exposure through equity, debt, derivative positions other permitted securities/assets and such other securities/assets as may be permitted by SEBI from time to time should not exceed 100% of the net assets of the scheme. However, the following shall not be considered while calculating the gross exposure:
 - a. Security-wise hedged position and
 - b. Exposure in cash or cash equivalents with residual maturity of less than 91 days
2. The total exposure related to option premium must not exceed 20% of the net assets of the Scheme.
3. The Mutual Fund shall not write options or purchase instruments with embedded written options.

4. Definition of Exposure in case of Derivative Positions:

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option Bought	Option Premium Paid * Lot Size * Number of Contracts

For information on 'numerical example of risk involved' refer SID.

XXI. Investment Restrictions

As per the Trust Deed read with the SEBI (MF) Regulations, the following investment restrictions apply in respect of the Scheme at the time of making investments. However, all investments by the Scheme will be made in accordance with the investment objective, asset allocation and where will the Scheme invest, as described, as well as the SEBI (MF) Regulations, including Schedule VII thereof, as amended from time to time.

1. The Mutual Fund shall get the securities purchased/transferred in the name of the Mutual Fund on account of the Scheme, wherever the instruments are intended to be of a long term nature.
2. No Scheme shall make any investment in:
 - i. any unlisted security of any associate or group company of the Sponsors; or
 - ii. any security issued by way of private placement by an associate or group company of the Sponsors; or
 - iii. the listed securities of group companies of the Sponsors, which is in excess of 25% of the net assets except for investments by equity oriented exchange traded funds and index funds and subject to such conditions as may be specified by the SEBI.
3. All investments by a mutual fund scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.
4. No term loans for any purpose may be advanced by the Mutual Fund and the Mutual Fund shall not borrow except to meet temporary liquidity needs of the Scheme for the purpose of repurchase, redemption of Units or payment of interest or IDCWs to Unit Holders, provided that the Mutual Fund shall not borrow more than 20% of the net assets of each of the Scheme and the duration of such borrowing shall not exceed a period of six months.
5. If any company invests more than 5 percent of the NAV of any of the Scheme, investment made by that or any other Scheme of the Mutual Fund in that company or its subsidiaries will be disclosed in accordance with the SEBI (MF) Regulations.
6. The underlying index shall comply with the below restrictions in line with clause 3.4 of SEBI Master circular:
 - a) The index shall have a minimum of 10 stocks as its constituents.
 - b) For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
 - c) The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
 - d) The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.
7. The Scheme shall not engage in inter scheme transactions.
8. The Scheme will comply with restrictions as specified under Asset Allocation section and any other Regulations applicable to the investment of mutual funds from time to time.

These investment limitations/parameters as expressed (linked to the Net Asset/Net Asset Value/capital) shall, in the ordinary course, apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciation or depreciation in value or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Mutual Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, the AMC shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unit Holders.

Apart from the Investment Restrictions prescribed under the SEBI (MF) Regulations, internal risk parameters for limiting exposure to a particular Scheme may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.

The Trustee /AMC may alter the above stated limitations from time to time, and also to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make their investments in the full spectrum of permitted investments in order to achieve their investment objective.

All the investment restrictions shall be applicable at the time of making investments.

Scheme specific disclosures

A. Portfolio rebalancing

Rebalancing of deviation due to short term defensive consideration:

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per clause 1.14.1.2 of SEBI Master Circular; the intention being at all times to protect the interests of the Unit Holders and the Scheme shall rebalance the portfolio within 7 calendar days from the date of deviation.

It may be noted that no prior intimation/indication will be given to investors when the composition/asset allocation pattern under the Scheme undergoes changes within the permitted band as indicated above.

Portfolio rebalancing in case of passive breach:

In line with clause 3.6.7.1 of SEBI Master Circular, in case of change in constituents of the index due to periodic review, the portfolio of Scheme shall be rebalanced within 7 calendar days.

Further, any transactions undertaken in the portfolio of Schemes in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

In the event of involuntary corporate action, the scheme shall dispose the security not forming part of the underlying index within 7 days from the date of allotment/listing.

For detailed disclosure refer SAI.

⁵“equity oriented fund” has been defined to mean a fund set up under a scheme of a mutual fund specified under section 10(23D) of the Act and—

- In a case where the fund invests in the units of another fund which is traded on a recognized stock exchange- (I) a minimum of 90 per cent. of the total proceeds of such fund is invested in the units of such other fund; and (II) such other fund also invests a minimum of 90 per cent of its total proceeds in the equity shares of domestic companies listed on recognized stock exchange; and
- in any other case, a minimum of 65 per cent of the total proceeds of such fund is invested in the equity shares of domestic companies listed on recognized stock exchange.

Additional Notes:

1. Income of Mutual Fund is exempt from tax as per section 10(23D) of the Act.
2. Based on the investment objectives of the scheme as defined in this document, the scheme will potentially be classified as "Equity oriented Fund" for the purpose of taxation. Accordingly, the rates covered above are as applicable to Equity Oriented Funds.
3. These rates should also be applicable to units acquired in case of consolidation of options under any scheme of a mutual fund (in the absence of any specific exemption provision in the Act)
4. Capital gains on redemption of units held for a period of more than 12 months from the date of allotment shall be treated as Gains from Long Term Capital Assets.
5. The above rates are subject to surcharge as applicable (refer table below for rates) and Health and Education cess at the rate of 4% on income tax and surcharge.

The new tax regime would be the default tax regime from FY 2023-24 onwards.

⁺⁺ In case company / co-operative society opts for new regime of taxation, then the surcharge would be applicable at the rate of 10% irrespective of the taxable income.

6. Any person entitled to receive any sum or income or amount, on which tax is deductible under Chapter XVIIIB (hereafter referred to as deductee), shall furnish his valid / operative Permanent Account Number to the person responsible for deducting such tax (hereafter referred to as deductor), failing which tax shall be deducted at the higher of the following rates, namely:
 - (i) at the rate specified in the relevant provision of this Act; or
 - (ii) at the rate or rates in force; or
 - (iii) at the rate of twenty per cent.

The aforesaid provision dealing with higher taxation in the absence of furnishing Permanent Account Number shall not apply to a non-resident with effect from 1st June, 2016 on furnishing the following details and documents by such non-resident:

- (i) name, e-mail id, contact number;
- (ii) address in the country or specified territory outside India of which the non-resident is a resident;
- (iii) a certificate of his being resident in any country or specified territory outside India from the Government of that country or specified territory if the law of that country or specified territory provides for issuance of such certificate;
- (iv) Tax Identification Number of the non-resident in the country or specified territory of his residence and in case no such number is available, then a unique number on the basis of which the non-resident is identified by the Government of that country or the specified territory of which he claims to be a resident.

7. For detailed tax implications, please refer to 'SECTION IX - TAX & LEGAL & GENERAL INFORMATION' provided in 'Statement of Additional Information ('SAI')'.

E. Associate Transactions

For detailed disclosure, kindly refer SAI

F. Listing and transfer of units

Listing of units:

The Units of the scheme shall be listed on National Stock Exchange of India Limited and BSE Ltd and/or any recognised stock exchanges as may be decided by AMC from time to time. The Units of the Scheme may be bought or sold on all trading days at prevailing listed price on such Stock Exchange(s). The AMC will appoint Market Makers to provide liquidity in secondary market on an ongoing basis. The Market Maker(s) would offer daily two-way quote (buy and sell quotes) in the market.

Transfer of units:

In accordance with clause 14.4.4 of SEBI Master circular, units of the ETF which are held in demat form, will be transferable and will be subject to the transmission facility in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 2018 as may be amended from time to time.

If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the transfer may be effected in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 2018, provided the transferee is otherwise eligible to hold the Units.

G. Dematerialization of units

The Units of the Scheme are available only in dematerialized (electronic) form. Investors intending to invest in Units of the ETF will be required to have a beneficiary account with a Depository Participant (DP) of the NSDL/CDSL and will be required to mention in the application form DP's Name, DP ID No. and Beneficiary Account No. with the DP at the time of purchasing Units directly from the fund in Creation Unit Size. In case the demat details are not mentioned in the application or the mentioned details are incorrect / incomplete/illegible/ambiguous, such applications will be rejected.

The Units of the Scheme will be issued, traded and settled compulsorily in dematerialized (electronic) form.

H. Minimum Target amount

(This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return.)

The Mutual Fund seeks to collect a minimum subscription amount of Rs. 5 crore in the Scheme during the NFO period. In the event this amount is not raised during the NFO period, the amount collected under the Scheme will be refunded to the applicants as mentioned in the section, 'Refund'.

I. Maximum Amount to be raised (if any)

There is no maximum subscription amount for the Scheme to be raised and therefore, subject to the applications being in accordance with the terms of this offer, full allotment will be made to the applicants.

J. Dividend Policy (IDCW)

There is no IDCW Policy as the Scheme currently does not offer any IDCW Option.

K. Allotment

Allotment will be completed after due reconciliation of receipt of funds for all valid applications within 5 Business Days from the closure of the NFO period

Clear funds should be available to the Fund One business day prior to the date of allotment in respect of all purchase applications received during the NFO period. All cases where clear funds have not been identified or received for whatsoever reasons, including technical clearing reasons, will not be considered for allotment and the amount will be refunded to the investor in due course. The AMC will not entertain any claims of allotment or compensation in such cases.

For investors who have given demat account details, the Units will be credited to the investor's demat account after due verification and confirmation from NSDL/CDSL of the demat account details.

Allotment to NRIs/FPIs will be subject to RBI approval, if required. Subject to the SEBI (MF) Regulations, the Trustee may reject any application received in case the application is found invalid/incomplete or for any other reason in the Trustee's sole discretion. As the Stock Exchange(s) do not allow trading of fractional units, Units will be allotted only in integers by rounding off the Units allotted to the lower integer and the balance amount will be refunded to the investor.

- a. The Units issued by the AMC shall be credited by the Registrar to the investors' beneficiary account with the DP as per information provided in the application form and information of allotment will be accordingly sent by the Registrar.
- b. The Mutual Fund reserves the right to recover from an investor any loss caused to the Scheme on account of dishonour of cheques issued by him/her/it for purchase of Units.

Final Allotment will be made in whole numbers. No fractional units will be allotted.

Net assets in the Scheme on the date of allotment 1/1000th of the benchmark index on the date of allotment

Cash component mentioned above would be indicative cash component to handle refunds and for meeting fund expenses.

Allotment confirmation:

Information about allotment of Units stating the number of Units allotted shall be sent within 5 Business Days from the close of the NFO Period of the Scheme.

Allotment confirmation specifying the number of Units allotted shall be sent to the Unit holders at their registered e-mail address and/or mobile number by way of email and/or SMS within 5 Business Days from the date of receipt of transaction request.

As the units of the Scheme will be issued, traded and settled compulsorily in dematerialized (electronic) form, the statement provided by the Depository Participant will be equivalent to the account statement.

Note: Allotment of units will be done after deduction of applicable stamp duty.

L. Refund

- If the Scheme fail to collect the minimum subscription amount of Rs. 5 Crore, the Mutual Fund shall be liable to refund the money to the applicants.
- Refund of subscription money to applicants whose applications are invalid for any reason whatsoever, will commence immediately after the closure of the NFO subject to receipt of funds.
- Refunds will be completed within 5 Business Days from the closure of the New Fund Offer Period. If application is rejected, refunds will be completed within 5 Business Days from the closure of NFO. If the Mutual Fund refunds the amount after 5 Business Days, interest as specified by SEBI (currently, 15% per annum) shall be paid by the AMC. Refunds will be made through electronic modes such as RTGS, NEFT, Direct Credits & Cheques as applicable.

Applicability and provisions of Foreign Account Compliance Act (FATCA)

For further details relating to FATCA, investors are requested to refer SAI which is available on the website viz. www.dspim.com

N. Who cannot invest

Non-acceptance of subscriptions from U.S. Persons and Residents of Canada in the Scheme

United States Person (U.S. Person), corporations and other entities organized under the applicable laws of the U.S. and Residents of Canada as defined under the applicable laws of Canada should not invest in units of any of the Schemes of the Fund and should note the following:

- No fresh purchases /additional purchases/switches in any Schemes of the Fund would be allowed. However, existing Unit Holder(s) will be allowed to redeem their units from the Schemes of the Fund. If an existing Unit Holder(s) subsequently becomes a U.S. Person or Resident of Canada, then such Unit Holder(s) will not be able to purchase any additional Units in any of the Scheme of the Fund.

However, subscription and switch transactions requests received from U.S. persons who are Non-resident Indians (NRIs) /Persons of Indian origin (PIO) and at the time of such investment, are present in India and submit a physical transaction request along with such documents as may be prescribed by the AMC/ Trustee Company from time to time shall be accepted.

The AMC shall accept such investments subject to the applicable laws and such other terms and conditions as may be notified by the AMC/ Trustee Company. The investor shall be responsible for complying with all the applicable laws for such investments. The AMC reserves the right to reject the transaction request or redeem with applicable exit load and TDS or reverse allotted units, as the case may be, as and when identified by the AMC, which are not in compliance with the terms and conditions notified in this regard.

- For transaction from Stock Exchange platform, while transferring units from the broker account to investor account, if the investor has U.S./Canadian address then the transactions, subject to the abovementioned conditions, may be rejected.
- In case the AMC/Fund subsequently identifies that the subscription amount is received from U.S. Person(s) or Resident(s) of Canada, in that case the AMC/Fund at its discretion shall redeem all the units held by such person from the Scheme of the Fund at applicable Net Asset Value.

O. The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.

Not Applicable

P. Restrictions, if any, on the right to freely retain or dispose of units being offered.

In the event of an order being received from any regulatory authority/body, directing attachment of the Units of any investor, redemption of Units will be restricted in due compliance of such order.

Restriction on Redemption of Units of the Scheme

Subject to the approval of the Boards of the AMC and of the Trustee and subject also to necessary communication of the same to SEBI, the redemption of / switch-out of Units of Scheme(s) of the Fund, may be temporarily suspended/ restricted. In accordance with clause 1.12 of the SEBI Master Circular and subject to prevailing regulations, restriction on/suspension of redemptions / switch-out of Units of the Scheme(s) of the

Fund, may be imposed when there are circumstances leading to systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:

- a) Liquidity issues: when market at large becomes illiquid affecting almost all securities rather than any issuer specific security;
- b) Market failures, exchange closures: when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies;
- c) Operational issues: when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out).

Restriction on / suspension of redemption of Units of the Scheme(s) may be imposed for a specified period of time not exceeding 10 working days in any 90 days period.

When restriction on / suspension of redemption of Units of the Scheme(s) is imposed, the following procedure shall be applied:

- i. No redemption / switch-out requests upto Rs. 2 lakhs shall be subject to such restriction.
- ii. Where redemption / switch-out requests are above Rs. 2 lakhs, the AMC shall redeem the first Rs. 2 lakhs without such restriction and remaining part over and above Rs. 2 lakhs shall be subject to such restriction.

Q. Cut off timing for subscriptions/ redemptions/ switches

In case of Purchase / Redemption directly with Mutual Fund:

By Market Makers and Large Investors:

The Cut-off time for receipt of valid application for Subscriptions and Redemptions is 3.00 p.m. However, as the Scheme is an Exchange Traded Fund, the Subscriptions and Redemptions of Units would be based on the Portfolio Deposit and Cash Component as defined by the Fund for that respective Working Day.

Pursuant to clause 3.6.2.3(b) of SEBI Master Circular, the requirement of “cut-off” timing for NAV applicability as prescribed by SEBI from time to time shall not be applicable for direct transaction with AMCs in ETFs by Market Makers and other eligible investors.

Settlement of Purchase/Sale of Units of the Scheme on Stock Exchange:

Buying/Selling of Units of the Scheme on Stock Exchange is just like buying/selling any other normal listed security. If an investor has bought Units, an investor has to pay the purchase amount to the broker/sub-broker such that the amount paid is realised before the funds pay-in day of the settlement cycle on the Stock Exchange(s). If an investor has sold Units, an investor has to deliver the Units to the broker/sub-broker before the securities pay-in day of the settlement cycle on the Stock Exchange(s). The Units (in the case of Units bought) and the funds (in the case of Units sold) are paid out to the broker on the pay-out day of the settlement cycle on the Stock Exchange(s). The Stock Exchange(s) regulations stipulate that the trading member should pay the money or Units to the investor within 24 hours of the pay-out.

If an investor has bought Units, he should give standing instructions for “Delivery-In” to his /her/its DP for accepting Units in his/her/its beneficiary account. An investor should give the details of his/her beneficiary account and the DP-ID of his/her/its DP to his/ her/its trading member. The trading member will transfer the Units directly to his/her/ its beneficiary account on receipt of the same from NSE's/ BSE's Clearing Corporation. An investor who has sold Units should instruct his/her/its Depository Participant (DP) to give “Delivery Out” instructions to transfer the Units from his/her/its beneficiary account to the Pool Account of his/her/its trading member through whom he/she/it have sold the Units. The details of the Pool A/C (CM-BP-ID) of his/her trading member to which the Units are to be transferred, Unit quantity etc. should be mentioned in the Delivery Out instructions given by him/her to the DP. The instructions should be given well before the prescribed securities pay-in day. SEBI has advised that the Delivery Out instructions should be given at least 24 hours prior to the cut-off time for the prescribed securities pay-in to avoid any rejection of instructions due to data entry errors, network problems, etc.

Rolling Settlement

As per the SEBI's circular dated September 7, 2021, the rolling settlement on T+1 on optional basis shall come into force with effect from January 01, 2022. The same is applicable for all trades from January 27, 2023 onwards. The Pay-in and Pay-out of funds and the Units will take place within 1 working day after the trading date.

The pay-in and pay-out days for funds and securities are prescribed as per the Settlement Cycle. A typical Settlement Cycle of Rolling Settlement is given below:

Day Activity:

T	The day on which the transaction is executed by a trading member
T+1	Confirmation of all trades including custodial trades by 7.30 a.m.
T+1	Processing and downloading of obligation files to brokers/custodians by 1.00 p.m.
T+1	Pay-in of funds and securities by 10.50 a.m. for funds and 10:30 am for Securities
T+1	Pay out of funds and securities by 3 p.m./ as and when received from Exchange

While calculating the days from the Trading day (Day T), weekend days (i.e. Saturday and Sundays) and stock exchange / bank holidays are not taken into consideration.
